THE ANDOVER ADVERTISER.

Local Intelligence.

Repair your side walks.

AQUINNICK—your correspondence will receive due attention next week.

Those two wheeled nuisances are out upon our streets again this season

A new and splendid stock of Spring goods will be opened at Van Sickle & Burrows neat week.

Our graded school opened on Monday last, with about 150 scholars, an increase over the spring term of last year.

The Nunda Charter election resulted in the election of the ticket nominated by the Temperance Party by four majority.

The whole village joins us in saying --Thank you, Gentlemen bell ringers, you are improving rapidly,--doing much better—very well indeed.

We would call the attention of our "*City Father*" to the cross walk in front of the American Hotel. It needs repairing forthwith.

The Rushford Cheese Factory has made the first sale of cheese this season, on Thursday last, for which they received 23 cents per pound.

Mr. A. S. Hughes will please accept our thanks for complimentary tickets to the Dramatic Exhibition given by the Friendship Lodge of I. O. of G. T.

The proudest triumph in a man's life is when he makes a friend of an enemy. The joy is then akin to what angels feel as they rejoice over a sinner that repenteth.

Three droves, numbering 140 cows, have been sold at Clymer, Chatauqua county, during the last few days, both at auction and private sale, at from $50 to $75 per head.

On Tuesday night some "Scapegoat" broke out a light of glass in the hardware store of Porter & Barney, and took out a double barrelled shot gun worth $20. No clue as yet to who the thief was.

The E. R. R. Company are running out their lands about the Depot. It rather hurts some, owning property about the Station. Several buildings have been found to be standing from one to ten feet on their land.

All the latest styles of Spring Cassimeros and Clothing at C. H. Simmons', Wellsville, N. Y.

Oats, Oats, read the advertisement headed 'Surprise Oats.' It is admitted by those who know, that the surprises are by far the most profitable to raise either to sell or feed of any that has been grown in this country.

Goandexaminethenewstoko fSpingoodsatJ.J.Harmans.Benjaleletedthem andsofurth-rrecommendationsarene cessary.Theywrsboughtattheverylo wcattigurs,andwillbesoldasche ja s t h e cas nequalityofgoodscanbebought in w e s t e r n New York

The Little Valley Republican comes to us printed on a power press, and with a new head Ferris is an enterprising fellow. He gets up one of the best local papers published in western New York, and long may it wave.

We would call the attention of our readers to the card of Crane & Manderville, Insurance agents, Hornellsville. We cheerfully recommend them as men worthy your patronage, and you certainly can do no better, if you wish to insure your property, than to insure with them.

NEW STORE.—Porter & Barney are putting up a new store adjoining the old Post Office building. This will give them two good stores which they will use for Hardware. They will be ready by the middle of May. We are glad to notice the prosperity of their establishment. They are worthy of the liberal patronage they receive.

J. J. Harman is opening a large stock of new goods, of the latest styles and at the lowest prices. Look out for his new "Ad" next week—meanwhile step in and look at his goods, and satisfy yourself that there is nothing to gain by going to any other place than Andover to find what you want, at low prices.

Our Postmaster administers severe but just rebuke to a certain class of persons, as will be seen elsewhere in our paper. We join with all who respect decency, in heartily thanking Mr. Green for his plain, pointed words. A regular "loafer" is an unmitigated nuisance; and doubly so in a place where respectable and refined people have daily occasion to go—and it is the duty of a Postmaster to see that his Office is not suffered to become a lounging place for the foul-mouthed and vulgar tribe whose indecent talk proves them unfit for the society of the respectable.

When in Wellsville at any time it will amply repay one for his time to step into C. H. Simmons' new and elegant Dry goods store, just one door west of the old place. He has now one of the finest and best selected stocks ever displayed in that town. His goods are all bought from first hands,

Remember the Caucus on Saturday night. Let there be a good turnout.

Petersons' Magazine for May is upon our table, and as usual, is full of good things. For family reading no better magazine is published. Its stories are good, and its miscellaneous is well adapted to both old and young.

The colored people of Elmira are to formally celebrate the adoption of the Fifteenth Amendment on the 24th of May, when it is expected that Senator Revels will be present and address them.

SHIFTED LOCATION.—Our much esteemed townsman, Mr. Chas. Preston has permantly located himself as a fashionable barber in the building recently used by Amos Preston as a horse barn. Chas may be found at his place of business at all hours where he will give a clean shave, clip the hair or clean a "hoss."

N. B. Don't forget the location No. 1, brown building.

LEGAL WEIGHTS.—The following table gives the legal weight of the different articles specified, in this State:

Barley	weigis	per bushel	48lbs
Beans	"	"	62lbs
Buckwheat	"	"	48lbs
Clover Seed	"	"	60 lbs
Corn	"	"	58lbs
Flax Seed	"	"	55lbs
Oats	"	"	32 lbs
Peas	"	"	60lbs
Potatoes	"	"	60lbs
Rye	"	"	56lbs
Timothy	"	"	44lbs
Wheat	"	"	60lbs
Flour	"	per bbl	196lbs
Beef, Pork and Fish		per bbl	200lbs

LOSS BY FIRE.—One of the mills and machine shop, a large portion of last year's make of lumber, belonging to the Sr. Maurice Manufacturing Company, at Three Rivers, in Canada burned lately. There was a loss of $140,000. Insurance to the amount of $70,000. E. J. Farnum, Esq., of this village, is a loser by this fire. Last winter a mill on the Houseye, belonging to Mr. Farnum, was burned by some incendiary. All in all he has been singularly unfortunate in this direction within the past three years. *Free Press.*

We would call the attention of our readers to the advertisement of the "Harison Potato," in another column. The potato we have fully tested, and can recommend them as superior to any other potato we have used this Spring, they are dry and mealy.—It is enormously productive, yielding as well as the parent Casco, and exceeds all others; its form is good, its table quality excellent.

From Orange Judd & Co., Agricultural Booksellers and Publishers, 245 Broadway N. Y., we have received a copy of the $100 Prize Essay on the Cultivation of the Potato This pamphlet, the price of which is only 25cts., is well worthy the study of every farmer and housewife in the country.—It treats of the best varieties of the potato and their culture, of injurious insects and diseases, with an appendix on "How to cook the potato," by Prof. Blot. It is a valuable work.

HORRIBLE AND FATAL ACCIDENT.—T. B. Darling, a farmer residing about two miles west of Mecklenburgh, met with a serious and fatal accident on Thursday last, 7th inst. He and his son Albert, a boy about fourteen years old, were in the sugar bush at work when they discovered a racoon in a tree, which they cut down, when the coon was attacked by their dog.—Fearing that the dog might get worsted Mr. Darling called out to his son, who was standing on the opposite side of the fallen tree, to hand him the gun.—The boy, in his haste to get over the tree, gun in hand, probably brought the hammer in contact with something which fired it off, the bullet entering the right breast of Mr. Darling, about half way between the nipple and collar bone. He fell instantly exclaiming "Oh, All-ert!" The boy ran to the house for help, and returning found his father dead, lying as he had fallen Death had come without a struggle—*Watkins Express.*

The debate between Miss Anthony and Hon. Horace Bemis has been postponed, at the request of Miss Anthony, to some day in May. The people have become thoroughly interested in this proposed discussion. No even of a like character has ever aroused half the excitement. It is natural.—The subject is a live one. It is to day practically before the American people for settlement.

Miss Anthony is the life-long advocate of "woman rights" and female suffrage. She is a woman of acknowledged ability. She is thoroughly respected for the sincerity of her opinions, and the purity of her motives.—No man or woman in this country, or any other, can present the affirmative of the woman question with greater force than she. She is the acknowledged champion of female suffrage.

Mr. Bemis will not be taken by surprise by any phase of the subject which can be presented, he is thoroughly posted on the historic teaching of the question. He is familiar with the line of arguments by which the demand for an extension of the suffrage is sustained. He will come to the discussion with the best prepared argument of any lady, however refined or delicate, need not hesitate to visit it at any or all times, and this determination will be strictly adhered to.

This hint is intended to apply especially to each and every loafer, who feels himself aggrieved by it, or to use an old phrase, "whom the coat fits, let him put it on." Furthermore, it this proves ineffectual, names will be called, and a personal invitation given to those concerned to move their headquarters to some more fitting locality.

GEO. A. GREEN, P. M.

SUICIDES.—A Mrs. Hendrik, a widow lady living in the town of Bolivar, committed suicide by hanging on Saturday last. It seems that for several days previous, Mrs. Hendrik had been appearing very low in spirits and on the day which she committed the deed, she sent her children off to visit a friend, kissing them, and bidding them good bye. The children being small, thought nothing of it until she was found dead.

We are also informed that a man by the name of Keller, living at Hinsdale, Cattaraugus Co., committed suicide on Monday last, by hanging.—There was a note found in his pocket stating that he killed himself because of ill health.

FIRE.—We learn as we go to press, that a store belonging to Dr. Harlshorn of Alfred Center, was totally destroyed by fire last night. We have been unable to gather any further particulars.

The Cuba *True Patriot* says: "the Clerk of the Corporation is soon to serve notices on all those whose side walks need repairing, and if they are not repaired within thirty days thereafter the Trustees will take the matter in hand." It would add much to the comfort, convenience and pleasure of 'walkists,' and to the appearance of our village, if we had a Clerk of the Corporation' to serve similar notices in Andover As the Clerk is *non est, ge Advertiser's* Clerk serveth t is notice, gratis. We suggest that whosoever 'of his own free will and accord' buildeth a sidewalk make it so wide that the 'walkist' shall not need to practise walking on a 'tight rope' or a 'slack wire' before he (or she) essays to follow the sidewalk. Let the walks be at least so wide that when 'he' goes home with 'her' he can walk by her side without walking in the mud, and without danger of crowding her off the sidewalk. Walking in the "straight and narrow way" is all right and very commendable, but the way need not be so narrow that travelers must needs walk in 'Indian file.'—Moreover, does not the Scripture say: "How can two walk together except etc.,"?

HIGH WATER.—On Sunday Morning it commenced to rain, and kept it up most all day. During the night it rained quite hard, and on Monday morning the water commenced raising in our creeks. Still it rained. At noon the streams commenced to overflow the embankments, and at 3 o'clock the streets here and about here were all under water. At six o'clock the water was breaking its way through lots and meadows at a terrible rate.—The Erie Railroad Company lost a considerable amount of fence, that being about the only damage done them in this vicinity.

Dr. T. Baker lost considerable by having his land cut up to what amount we are unable to say On the South side of the village, Frank Lee's Blacksmith shop was so undermined that the corner dropped down three or four feet. His damage is layed at from $150 to $200.

S. Robinson loses a little by the creek tearing and washing away some of his land. We believe that this is about all the damage there was done. No flood wood of any amount came down the stream. The water broke over the embankment at the narrow about noon and consequently Greenwood St. was entirely under water, but no particular damage done.

MUSICAL ASSOCIATION.—We publish in another column the report of the organization on Saturday evening last, of a musical association. We do not know of any organization that would have our approval more than that of a Musical Association if put to a proper use, that of training up our young people to make good singers as well as to assist in keeping up our choirs in our churches. Already we have good church music, but there is yet a chance for improvement. Now is the time to make this improvement. We are in hopes that all lovers of good singing will take an interest in this organization, whether they are singers or not, your presence will encourage others who can sing; and as this is gotten up regardless of any particular sect or denomination, all can work with a will alike.

It's next meeting is called at the M. E. Church on Saturday evening next. Perhaps it would be well to say right here that the President of the Association (Dr. W. W. Crandall) has given away those suspenders, and therfore will not be troubled in that direction any more.

Clover and Timothy seed at Van Sickle & Burrows.

Good white A coffee sugar at Simmons', Wellsville, for 12 1 2 cents per pound.

CORRESPONDENCE.

There seems to be either a desire or determination among certain young men and boys in this village who are old enough to know better, to make the P. O. their headquarters for loafing, brawling, swearing, etc., and notice is

Belmont, April 21, '70.

EDS. ADVERTISER:—Since my last, nothing very noteworthy has occurred, except a railroad meeting at the Court House, which passed off very quietly, no one being present. The late severe storm caused the river to overflow, and its impetuous waters have materially damaged some village lots. The Plumb Bottom creek has broken the walk on Greenwich street badly.

Ex-School Commissioner W. D. Renwick is to succeed the Rev. J. S. Bingham as Principal in the Belmont Graded School. We trust that our educational friends will see to it that Principal Renwick has a full quota of students.

We are glad to notice that some of our enterprising citizens are planting ornamental shade trees; our friend 'G' is one of the number. Did it ever occur to you, my dear Editors, what would become of friend 'G' if that borrowed umbrella he rants about should collapse? He would go off (with) the handle of course. He gives me credit for doing some blowing. Surely 'G' has taken up the blow and fanned it into a gale. I hope when he gets through that he will have ground enough left for an onion patch. Ex-T.

C. H. Simmons of the famed Regulator at Wellsville has lately returned from New York, with the finest general assortment of Dry goods, Notions, Groceries, &c., ever displayed in that town, consisting of all the latest styles of delaines, dress goods, Irish poplins, etc. He makes a specialty in all colors, plain or striped. Fine alpacas, worth 50 cts, for 35 cts., good delaines from 15 to 18 cts.

Go to Simmons' at Wellsville for your Crockery and Glass-ware. He has lately opened a new stock of *al* imported ware.

ELECTION NOTICE.

SHERIFF'S OFFICE.
COUNTY OF ALLEGANY, } ss.

Notice is hereby given, pursuant to the Statutes of this State, and the annexed notice of the Secretary of State, that a Special Election will be held in this county the 17th day of May, 1870, at which time the officers named in the annexed notice will be elected.—Angelica April 18, 1870

U. L. DAVIS, Sheriff.

STATE OF NEW YORK.
OFFICE OF THE SECRETARY OF STATE,
ALBANY, APRIL 14, 1870.

To the Sheriff of the County of Allegany.

SIR—Notice is hereby given, that at an Election to be held in this State on the third Tuesday of May next, (May 17th) pursuant to the provisions of chapter 86, laws of eighteen hundred and seventy, passed March twenty second, eighteen hundred and seventy eighth "An act to provide for an election of Chief Judge and Associate Judges of the Court of Appeals, and judges of the Court of Appeals, and Judge of the Court of Common Pleas of the City and County of New York," the following officers are to be elected, to wit; A Chief Judge of the Court of Appeals, and six Associate Judges of the Court of Appeals, whose terms of office, as provided in said act, and in the sixth article of the Constitution of the State of New York, will commence on the first Monday of July 1870 and terminate as provided in the said Constitution and in the eighth section of said act.

The attention of Town and City Electing Boards, Inspectors of Election and county Canvassers, is respectfully directed to sections one, four and five of chapter 86, laws of 1870, herewith printed, as to their duties under said act:

"Section 1. A Chief Judge and six Associate Judges of the Court of Appeals shall be chosen by the electors of the State on the third Tuesday of May next, pursuant to the judiciary or sixth article of the Constitution. The names of all persons voted for at such election by any elector shall be upon one ballot, which shall designate the person voted for as chief Judge, and the persons voted for as Associate Judges, and no elector shall vote for more than the Chief Judge and four of the Associate Judges. Such ballots shall be endorsed "Judiciary" and the inspectors of election shall provide a box labeled "Judiciary," in which the ballots shall be deposited. The person receiving the highest number of votes as Chief Judge and the six persons receiving the highest number of votes for Associate Judges shall be deemed chosenat such election.

* * * * * *

Section 4. At such election the registry of votes, if any such registry of votes be required by the then existing law prepared and used at the last preceding general or charter election, as the case may be, shall be used but the inspectors of election shall meet in their several election districts, on the Friday and Saturday preceding the election, to revise, correct and complete, and shall revise, correct and complete the said registry, in the manner now required by law in reference to general and charter elections, if such registry shall then be required by law.

Section 5. The Board of State Canvassers shall meet on the second Tuesday of June next to canvass the votes for Chief Judge and Associate Judges of the Court of Appeals, and shall thereupon proceed according to existing laws; and except as in this act otherwise provided all laws in force at the time in respect to the holding of elections, the qualifications of voters, the punishment for illegal voting, the canvassing and returning of the votes, and all laws prescribing the duties of inspectors, officers and boards in reference to elections, shall apply to the election

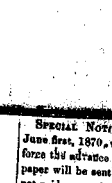
Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.



The reputation this extraordinary medicine enjoys, is derived from its cures, many of which are truly marvellous. Intractable cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contagion until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or sale.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows itself in eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA*: *St. Anthony's Fire, Tetter or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Salivation, Neuralgia*, and the various *Diseases* and *Affections* of the *Liver* and nervous systems.

Syphilis or Venereal and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by other medicines. But long continued use of this medicine will cure the complaint. *Leucorrhœa or Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our *Almanac*, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matter in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion or Inflammation of the Liver*, and *Jaundice*, which arise as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless*, troubled with *dizziness, Sleepless*, and troubled with *Nervous Apprehensions or Fears*, or any of the *Symptoms* or *Consequences of Nervous Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.

—O-K—

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Consumption, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has been higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most efficacious remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a protection against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Mercury, Zinc, nor any other mineral or poisonous substance whatever, it is serious in harm any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our guide is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines failed.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

We have a large stock of Stoves and Coal Stoves, just brought into this place, and further, we will not be undersold by any establishment in western New York.

—K-N-D—

Blacksmith's.

We would also call the attention of Blacksmith's to our large stock of Horse shoes, and Horse shoe Nails, Nail Rods, and in fact, anything that they may want.

FORTER & BARNEY.

Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty ointment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
