Ayer's Cathartic Pills,

[illegible] Ayer's Pills are [illegible] universally recommended by everybody as a purgative pill, and perhaps every one knows it universally admitted to be the best cathartic pill that is made. The obvious reason is, that it is more reliable and far more efficacious than any other. These pills have [illegible] cures to prove that they are the most reliable medicine we can produce. We have proofs of these cures in almost every town in the United States and Canada. We do not publish them, but we have them. We cannot publish them all, for they would fill many volumes. We can only say to the sick and suffering, that these pills are the best cathartic we know of, and that they are sure to do good to those who need a cathartic. Their sugar coating preserves them from any injury from any climate, and they are pleasant to take, while being purely vegetable they are free from any injurious quality.

They operate by their powerful influence on the digestive system to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these pills rapidly cure:—

For Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaints and its various symptoms, Bilious Headache, Sick Headache, Vertigo or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the disordered action or remove the obstructions which cause it.

For Dysentery or Diarrhœa, only a mild cathartic is generally required.

For Rheumatism, Gout, Gravel, Pain in the Loins and Kidneys, they should be used in large doses, as required, to change the disease action of the system. With such change these complaints disappear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

As a Dinner Pill, they are agreeable and the best stimulant and regulator of the digestive apparatus.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite and invigorates the system. Hence it is advantageous where a person is in good health to take a dose from time to time to keep the bowels in healthy action, removing the obstructions which, if allowed to accumulate, produce serious difficulties, and for this purpose the mild yet sure cathartic pills are the best.

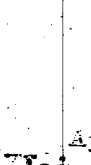
LOWELL, MASS., U. S. A.

Ayer's Sarsaparilla,

[illegible] PURIFYING THE BLOOD.

[illegible] Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.



A [illegible] is at once [illegible] healthy, and [illegible] for preserving the hair. *Fading or gray hair is soon restored to its original color with the glossy and freshness of youth.* This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of feeling this hair with a pasty sediment, it will keep it clean and vigorous. Occasional use will prevent the hair from growing gray or falling off, and consequently prevent baldness. Free from those deleterious substances which render some preparations dangerous and injurious to the hair, the Vigor can do only good but not harm it. If wanted merely for a

HAIR DRESSING,

it can be found so desirable. It is neither oil nor dye, it does not stain, and yet [illegible] is a rich glossy [illegible] and a powerful perfume.
