Wonderful Bargains in the Big Store.

Carpets and Rugs.

It has grown proverbial for the big Wooster store to do unusual things; to offer the public grander opportunities than are possible elsewhere. Right in keeping with such efforts comes the GRAND SALE of

CARPETS AND RUGS.

* We were recently offered some splendid values in the floor covering line, from a large but over-stocked merchant who appreciated the magnitude of our selling capacity. We secured our pick at prices that enable us to hand these fine Carpets over to you at less cost to other dealers. A few prices:

A Velvet Carpet at 60c made by hand.

An Extra Velvet Carpet 10c made by hand. And it is the exclamation of every woman that purchases one of these Hand Made Carpets, "Oh they are so smooth and the quality which gives such lasting service!" This fully accounts for the continued increase in our trade.

THE BEST CHRISTMAS GIFTS.

(Too late for last week.)

At the home of Mr. and Mrs. Milo Tucker in Almond March 22, 1905, occurred the marriage of their daughter, Elizabeth Mabel to Edward Virgil Green of Alfred. The home was prettily decorated with evergreens and carnations. The bride and groom were attended by Mr. and Mrs. Albert Wilcox of Hornellsville, Mrs. Wilcox being a sister of the bride. The groom in black and the bride in soft white gown, standing beneath a canopy of evergreens, made a pretty picture. The ceremony was performed by the Rev. Allen of the M. E. church of Almond and was witnessed by many relatives and friends from near and far. After the usual congratulations maple and dainty refreshments were served to all. The gifts to bride and groom were numerous and consisted of house furnishings of nearly every description both useful and ornamental. After an hour or two of merriment, the newly wedded pair drove away in the midst of a terrific shower of rice, the shrill whistle of the engineer near by announcing their departure. The guests wishing the young couple a life of usefulness as well as happiness had host and hostess good by and returned to their homes well pleased with the events of the afternoon.

MONTGOMERY WARD & CO. VEHICLE FACTORY AT CHICAGO HEIGHTS ILL. 42 MILES OUT OF CHICAGO

making high grade work. That is our class. I attend personally to the buying of materials: am thoroughly conversant with every kind, size, the weight, grade, strength, finish, price and general construction of every piece of woodwork, hardware, steel, leather, cloth, paint and varnish that goes into our work; have visited and examined the material, and have torn apart the finished work of six or eight of the largest factories; want to say that **I am confident we are building a better buggy than these factories ship to the dealer at one-third more than the price we ask you.** A fact. Think it over.

Our pay roll, when compared with that of other factories, shows that we are pay-

I know of factories who build practically but one buggy, but have possibly twenty different prices. To explain: Here is their $35.00 buggy; their $40.00 buggy has the same wheels, body, axles, gear, shafts, top, etc., as their $35.00 job, with possibly 20 cents more in little immaterial things; and so forth all the way along the line. We grade our work. We make the same small percentage of profit on a $50.00 job that we do on a $35.00. On high-priced work we are not only getting better quality of material and better finish, but more improvements and little equipments which you do not find on the cheaper rig.

Recently a certain manufacturing concern which builds work for a catalogue house, ordered through agents for purchase one of our low priced buggies and had it shipped to their factory for examination. They wanted to know why people were buying Ward's when their own agents at this place had so many features that their factory could not duplicate, and at the same time do as good a job. They found that we make a much better job and sell them for a lower price than they can make theirs.
