A CAUTIOUS ANSWER. — There once lived in a village not more than three hundred miles west of New York a certain tradesman who had a large family, and little "treasures" were continually being added to his board. One day one of his little boys happened to be in at the store, and was thus interrogated by a young man present:

"John, how many brothers and sisters have you got?"

"I don't know," answered the boy, "I haven't been home since morning."

The citizens of Hornellsville feel a little edge ways toward Gov Hoffman, on account of his veto of the bill allowing them to bond the town for $30,000 in order to get the Machine Shop of the Erie Road located there. Who will blame them.

NEW HOUSE.—Jackson Hunt is building a house on Dyke street which he intends to rent when complete.—This is something very much needed just now, and if there were several more in town that would go and do likewise, they would find a ready market for them.

NEW PAPER.—We have receive the initial number of the Belmont News, edited by our friend Rufus Scott, of Belmont, and published by James H. Fish of the Wellsville Free Press. It is a good looking sheet, and we bespeak for it under the skillfull eye of "Ruf," a perfect success. This, we believe is the fifth or sixth attempt to publish a journal there, and all of them have failed for the want of patronage from the business men of that place and now if they will give it their support as they should do, they can and will live and prosper. At all events we wish it success.

Everett's Photograph Gallery is again in full blast. Call and examine specimens.

A JAIL DELIVERY FRUSTRATED,—On Sunday morning last Sheriff Cooper and Deputy Aldrich accidentally discovered that a conspiracy had been formed among the prisoners in the jail to effect an escape. The jail was searched and a couple of knives and a rude leaden key found inside. These were removed and other steps taken to prevent the carrying out of the plans which had been devised.

Doc. Crandall—clever man—made us a present the other day, of a serio-comic, patent-medicine song book.—When we become strong enough to stretch those 'suspenders' that interfered with his singing, awhile ago, we shall hold a Serio-Comico-Medical Concert, on which occasion the Doc. will perform the comico-medical parts on his new patent Comico Medical Fuzzyguzzy. An extraordinary entertainment may be expected.

Woodhull & Claflin's Weekly is a new 16 page weekly, edited and published by Victoria C. Woodhull & Tennie C Claflin, who have acquired some celebrity as Brokers, in New York City.—The initial number shows a good deal of ability in its editorials. Our lady readers will be pleased or displeased,—just as they please,—to know that it advocates women's suffrage. Terms, $4 per year.

The following items from the Jamestown *Journal*: On Friday of last week a cow belonging to E. Catlin, of Sugar Grove was struck by lightning and made an eligible subject for the sausage Machine ——On the same day George Thomas, of Busti, had the same fantastic trick from high heaven played on a bovine domestic of his, and she also passed in her chips. She isn't worth much any more, as a cow —— Mr. Curtis, of the same celebrated town, on the same unlucky Friday had his barn broken into by a thunderbolt, and considerably demoralized. Luckily, it did not burn.

Fresh assortment of little children's parasols at Van Sickle & Barrows.

THE LAWYERS SOLD.—The Erie *Dispatch* recently published an item stating that a young lady was in prison there who had not been regularly committed by any court, and for whose detention there existed not a shadow of legal authority. The people became excited, and several young lawyers heroically went thither, anxious to offer their services for the release of the young lady imprisoned there without warrant. One of the County Commissioners then went to inquire into the matter, but after an explanation retired on the double quick. At last accounts the mother and child were doing well.

Harman has as large a stock of Ladies Dress Goods to select from as you will find in the county, and just as cheap and a little more so.

We are indebted to Hon. Alfred Lockhart, of this village, for a basket of Northern Spy apples, of delicious flavor. Mr. Lockhart believes he has discovered a new plan for preserving apples, which, we opine, will prove of incalculable value to farmers and others. It is as follows: The apples were gathered in barrels, securely packed, and placed in his carriage barn until cold weather came on, when they were covered with saw dust. In this condition they were allowed to remain until last week, when the barrels were opened, and the apples found as fresh and free from rot as when first gathered from the trees. Hay would probably answer the purpose of saw dust, and we hope our farmers will give the experiment a trial next fall.—*Angelica Reporter.*

EXCURSION TICKETS TO SAN FRANCISCO, We learn that the Erie Railway Company has completed arrangements for Excursions by rail to the Pacific Coast, enabling those who contemplate a trip to San Francisco, to effect a great saving in the expense of the journey, by organizing themselves in parties of twenty or more, as the following table will show:

From Genesee to San Francisco and return.

20 to 24 persons,	$220.00	per ticket.
25 to 29 "	222.40	"
30 to 34 "	217.60	"
35 to 39 "	211.60	"
40 to 45 "	205.60	"
45 to 49 "	192.60	"
50 persons and over,	180.60	"

These tickets are valid for passage for sixty days, thus affording those who desire to do so, an opportunity to visit all the principal places of interest on the route

With a little effort, we think that a company might be organized from this section, who will take the initiative in the matter? The books of enrollment are now open at the Depot Ticket Office.

Clothes almost given away at the Postoffice.

BURGLARS ABOUT.—After a long respite, the burglars have again visited Dunkirk. On Saturday night last they entered the stores of Cary & Whittlesey and Colman & Saunder on Front street, and Seeley's Gunshop on Second street. At Cary & Whittlesey's they gained admittance by prying open a window on the east side of the building. They removed the safe from the office into the larger room adjoining and then filled the lock with powder, exploded it and succeeded in blowing the safe open. They secured some twenty dollars mostly in scrip for their pains. They did no further damage. At Colman & Saunders entrance place, a knife was also left behind which is identified as belonging to a man that formerly worked for Mr. Scott.

At Mr. Seeley's the rascal or rascals also entered by a window. They took eight revolvers from the show case valued in the aggregate to nearly one hundred dollars. There is some hope that the burglars are not unknown and may yet be arrested and receive proper punishment.—*Dunkirk Journal.*

Bargains on Teas and Sugars at Vansickle and Burrows.

MAN KILLED ON THE RAILROAD.—At 9 o'clock last Saturday night a young man by the name of John Malcahy, nineteen years of age, was discovered lying on the track near the switch, about one-fourth of a mile north of Warsaw depot, by the engineer of a freight train. He was lying on his face just outside the rail with one leg completely severed near the knee and lying between the rails; the other leg was nearly off at the knee attached to the stump only by shreds of skin. His left arm was broken in several places to the shoulder.—Two freight trains a short time previously had passed, and either one or both had run over the unfortunate young man. He was taken to the depot, and was recognized by some of the employees, his parents, who live at Hinsdale, Allegany County, were telegraphed, and Dr. Baker, of this village, called. The doctor had little or no hope of saving his life, yet proceeded to amputate the mangled limbs and take up the arteries, hoping thereby to prolong it as long as possible. The patient was in a stupor and said but little, and that incoherently. It is said however, that he asked several times to see his parents, but they did not arrive in time to see him alive, as he died about one o'clock on Sunday morning. It is understood there no blame whatever attaches to the railroad employees, in the unfortunate affair.—*Warsaw Democrat.*

ANOTHER ARMY.—Mr. J. P. Dye showed us the other day a American copy of a work entitled "The Soldiers Story," by Gouge Coutrain in his own nine incidents of life in Andersonville, Belle Isle and other rebel Prisons, together with an appendix containing the names of the Union Soldiers who died at Andersonville, with a number of their graves, their rank, the company and regiment to which they belonged, and the officers with whom they died.

We give below an extract from the *Nation*, a journal that ranks among the first in the country. The *Nation* says: "We have here the first book written by one who was an eye-witness of and a sufferer and sharer in the horrors of Andersonville, or the rather, the record of a Union soldier who was first taken prisoner at the battle of Savage Station, and, after suffering all the horrors of Belle Isle, was exchanged only to once again under the old fate. At the entrance of Plymouth he was again captured, and confined in that Golgotha of horrors, at Andersonville, under the charge of the fiend Wirz. Sergeant Coutrain tell it in story in a plain, straightforward way. There is no seeking for effect; there is no need of it."

The work is to be sold only by subscription, and we feel sure it will meet for this county. It is a work that every family wants, and none should be without it. It contains about 500 pages, well illustrated and for cash cents in the neighborhood can be sure instances be delivered in this county.
