We publish in another column an appeal from the Committee of the Soldiers' Aid Society to Comrades of the G. A. R., and other citizens, in behalf of the disabled soldiers of the late war, and the orphans of those who fell. Every citizen owes a debt of gratitude to the brave defenders of our country, who were disabled while doing their duty as soldiers. The appeal will, we trust, meet with a generous and substantial response. Let the soldiers be remembered, not grudgingly, but with open handed liberality, for such is their due.
