HOW THEY DO IT.—In Williamsport one Saturday evening recently, a lady who lives near a church in the city, was sitting by the window listening to the crickets, which were loudly chirping, the music from the choir rehearsal being faintly audible, when a gentleman dropped in familiarly who had just passed the church and had the music full in his mind. "What a noise they are making to night?" said he. "Yes" replied the lady, "and it is said they do it with their hind legs!"

KILLED.—On Saturday night last, as Mr. John Perry and son and another man were coming from Wellsville, in a buggy, (and all three pretty full) when about three miles this side of Wellsville, Mr. Perry kicked the dash board loose and it hit the horse, which made a sudden lunge, throwing the three out of the buggy. Mr Perry struck on his head, breaking his neck, the others escaped with slight injury. Mr. Perry and son lived near William Miller's, at Elm Valley, in the town of Wellsville. His wife is crazy and they have not lived together for some time, him and his son keeping bachelor hall. This is another warning to those who are in the habit of their little sprees now and then.

There was much opposition to the French cable, and yet but for it we would now, at the most critical moment in the affairs of France and of Europe, be without advices from the Old World.
