LONDON, June 7.—Letters from  
Paris state that a "strong pressure"  
is to be brought to bear in the un-  
derstanded election of the Opposition  
candidates. The contest between  
MM. Thiers and Steux, and between  
MM. Favre and Henri Rochfort, are  
regarded with much interest. The  
former, it is asserted, views the prob-  
able election of M. Rochfort as a  
personal if not a deadly insult. The  
ultimate result of the elections and the  
effect on the Government, are rightly  
watched with curiosity. The Government  
is fully alive to the heaviest of the  
difficulties it will have to meet  
in the future. Its friends tender ad-  
vice; but the only concession possible  
is a Parliamentary Government, which  
the Emperor regards with particular  
aversion. The Government is inclined  
to do something as soon as possible,  
and with this in view, it is believed  
that the voting results in favor of Roch-  
fort the step will be taken immediately.
