Incorporation. We would call the attention of our citizens to the necessity of going forward with the survey of this village, and as once getting it incorporated. We have got to have a head in some shape, and this is the only way to accomplish any thing, and be able to stand on an equal footing with our sister towns.

We are fully aware that there will be some opposition; but the only arguments that an opposition can use on the issue is this: "My taxes, my sidewalk to build; and we are as well off now as though we were incorporated." One word with them. As to taxes, you will never know the difference. As to the sidewalk, if a man has not pride within himself to build the necessary sidewalk around his lot, he should be compelled to do so.

The second trial of Dan. Nobles for the robbery of the Royal Insurance Company, commenced at Elmira on Thursday of this week. The case is exciting great interest, as the jury failed to agree on the former trial.

An attempt to improve the divorce laws of Indiana, in the last Legislature, failed. The looseness of the law is the subject of much regret with all moral people.

Secretary Boutwell has reduced the number of clerks in the Treasury Department and its Bureau to the number allowed by law.

Railroad Consolidation.

Articles of agreement have been filed at Columbus, Ohio, entered into between the Lake Shore Railway Company, of the first part, and the Michigan Southern & Northern Indiana Railway Company of the second part.

The Massachusetts Senate has defeated the woman's suffrage bill by a vote of 22 to 19. All honor to the brave men of that Senate.

Robbery.

Treasurer Spinner received a dispatch from Santa Fe, New Mexico, on Thursday last, announcing that J. L. Collins, the Receiver of public moneys in that city, had been shot dead in his office, on Saturday night of last week, and the depository robbed of its contents.

The Republicans of Allegheny and Elk Counties instruct their delegates to the Pennsylvania State Convention to vote for the re-nomination of Gov. John W. Geary, as has been the case in many other Counties of the State.

Gen. Rosecrans, the American Minister, denies the statement, recently published in the New York papers, that he had asked permission to remain at Mexico until the perfection of his policy. Minister Lerdo de Tejada had published a communication explaining the policy of the Government in 1863 and 1864, without explaining, however, or even touching upon its present policy.

The extensive shops of the Erie Railway, located at Oswego, for the construction of bridges, were burned on Sunday night last.

ANGELICA.

ANGELICA, N. Y., May 31, 1869.

DEAR ED--Sunday, the 30th ult., was observed in our quiet village in strewing flowers upon and otherwise decorating the graves of the brave men whose lives remain rest in our cemetery.

The whole was a very solemn and impressive scene, and reflects much praise upon those who participated, and shame upon those few who in their chase after self-aggrandizement, have forgotten the many sacrifices which our noble soldiers endured, that our nationality might be perpetuated.

Since the adjournment of Congress, says the Elmira Advertiser, the President has been importuned time and again by citizens of Georgia, representing all political parties therein, to take some action which would definitely settle the status of the State.
