...of the Prison Do... ...den Dunaton of the ..., and Dr. Carlos Mc... ...the commission that re... ...favor of the substitution of ...for the rope for the in... ...of the death penalty, met in ...a few days ago to perfect ar... ...ments for the execution of the ... against Kemmler. The ...of the law forbidding the ...of anything but the mere ...that the sentence was car... ...was discussed. It was de... ...that a representative of the As... ...Press and one of the United ...Press, properly certified to as not con... ...nected with or interested in any elec... ...trical company, shall have places on ...the jury which the law authorizes to ...be present. No authority to make ...the details of the execution public is ...to be granted to them; but if, in view ...of the great public interest that at... ...tends to the execution, they should ...be tempted to write up the event, ...they are to do it at their own risk ...and on their own responsibility. ...Should they be proceeded against ...from any quarter for a violation of ...the law, either with a view to their ...punishment or for the purpose of ...testing the constitutionality of the ...act in question against publicity, they or ...their employers must attend to their ...defense, and not involve the Prison ...Department or prison authorities in ...the responsibility. Commodore El... ...bridge Gerry of New York, Dr. ...Lewis of Buffalo, and other mem... ...bers of the commission that selected ...the mode of execution, are to be pres... ...ent with Harold P. Brown, the com... ...mission's expert and five assistants.

JURY DUTY.

The following long list of persons is exempted from jury-duty in this ...state: State officials, members of the Legislature, judges, sheriffs, clerks ...of the courts of record, clergymen, ...physicians, surgeons, lawyers, persons ...employed in glass, cotton, linen, or ...iron manufacture, company superin... ...tendents, engineers, and collectors ...on canals, masters, engineers, and ...firemen on steam vessels, superinten... ...dents, conductors, and engineers of ...steam railroads, telegraph operators, ...members of the National Guard, ...members of fire companies, licenced ...engineers of steam boilers, professors ...and teachers in colleges, academies ...or schools.

The Buffalo Express makes the re... ...mark that there seems to be nobody ...left but newspaper-men and dam... ...phools.

There is a movement on foot now ...to exempt newspaper men, and if the ...list should be extended to include ...merchants and farmers the comment ...of the Express might be in part true. ...And perhaps it is on account of these ...exemptions that the jury system has ...fallen into such disrepute.

BALLOT REFORM.

Immediately after Governor Hill's veto of the Saxton ballot reform bill, assemblyman Acker of Steuben introduced a new bill of the same nature in the Assembly.

In speaking to a newspaper man of his ballot reform bill, Assemblyman Acker said he was not prepared to ...say that it was superior in every ...way to the Saxton bill, but he did ...think, however, that it would meet ...with more regular parties than the ...latter bill, if only because its pro... ...visions are not so radical. Whether ...he is personally disposed toward ...the Saxton bill he does not know, ...but says he does not ...think the governor for his ...part would allow that the ...bill pass in substi... ...tution for the original, ...but he knows about as ...much about the relation on ...

succeed in putting through a bill ...which will actually reform the present ballot system, and which Governor Hill will sign, he will have accom... ...plished as much good as all other legislation this winter has done. But the query is, can this accomplish... ...ed in its entirety?

COUNTY AND VICINITY.

The Buffalo Press Club's treasurer has gone, so has nearly $1,200 of its funds.

Rev. J. B. Countryman of Cuba has issued a pamphlet entitled "Dancing; a Popular Form of Amusement Viewed from a Christian Standpoint."

J. M. Finch, general land agent of the Erie Company, has resigned his position and Frank E. Finch has received the appointment. The offices will be removed from Hornellsville to New York.

There is a serious split in the Congregational church in Lockport over the question of playing cards, theatre going and dancing. Fifty or sixty members have withdrawn and will build a new church.

The Erie has issued a handsome book on Chautauqua Lake, which was compiled under the direction of Mr. Rinearson, assistant general passenger agent. The public will be able to secure copies shortly.

The residences of Wm. Duke and Joseph Doty, of Wellsville, were entered by burglars during Sunday night. At Mr. Duke's they secured two gold watches and chains and $30 in money, and at Mr. Doty's a gold watch.

Charles Taylor of Wellsville, attempted suicide Friday evening while suffering from temporary insanity. Dr. Gish, who has treated Taylor for some weeks past, states that in his opinion the insanity was caused by cigarette smoking.

It is said that there are over 12,000 deeds and mortgages in the Allegany County Clerk's office covering a period as far back as 1878, that are not certified to as required by law. Ex-County Clerk Smith has for the past week been engaged in certifying to those recorded during his term.

Harvey Kelley, (colored) of Cuba, has been granted a patent on a device for digging ditches. He has received an offer by a manufacturing firm in Atlanta, of $20,000 for the patent. The offer consists of $2,000 in cash and $15,000 in shares in the manufacturing enterprise.

On Wednesday evening last the Grand Army Post of Angelica presented flags to the public schools of that place. Maj. D. P. Richardson made the presentation speech in behalf of the veterans, Frank S. Smith spoke in responsive acceptance for the academy, and Mr. Dixon closed in behalf of the district school.

The citizens of Belvidere are seriously considering the project of forming a new town out of parts of Amity, Belfast, Friendship and Angelica. It is certain that many people in Belfast and Angelica would be accomodated much better if their town business could be transacted at Belvidere; and their project will undoubtedly meet with favor.

The following is the amount of school money apportioned to the several towns in the second commissioner's district of this county: Alma, $1,203.95; Alfred, $1,070,99; Andover, $1,522.74; Amity, $1,500.94; Bolivar, $1,792,52; Clarksville, $751.28; Cuba, $1,727.62, Friendship, $1,735.62; Genesee, $736.67; Independence, $1,122.40; Scio, $955.06; Ward, $747.51; Wellsville, $3,087.73; Willing, $827.08; Wirt, $1,469.43.

Wm. Bruce of Wellsville, with children Willie and Mary left on train 12 Thursday for New York. Mr. Bruce expects to remain in the old country about four months. He recently secured letters patent in several countries of Europe, on an invention in which he is interested and will visit England, Ireland, Scotland, France, Germany and Switzerland are he returns, combining pleasure with business.

The will of the late Hon. Anson Congdon of Clarksville, is to be contested by one of his sons, Wm. O. Congdon, who is a resident of Buffalo. As the estate is large Margus Congdon, the temporary administrator, giving a bond for $40,000—the legal contest pending will enlist some able lawyers for and against the will. Hon. H. Ward and Mr. Peck of the firm of Peck & Hatch, of Buffalo, will probably be pitted against each other.

A term of Supreme Court began at Corning Monday morning, Judge Rumsey presiding. The Addison murder case will probably be tried at this term. The story of the case is about as follows: Mr. Sedam, an old man and a stranger, was found dead on the railroad track near Addison. He was known to have had money with him the night he was killed. At first it was supposed that he had been struck by the cars, but later developments pointed to foul play. No money was found on his body. William Brady of Addison, and George Lippe of Binghamton, who were seen with Sedam late that night near where his body was found, were arrested and will be tried on suspicion of murdering him.

Morgan Horses,

Attention is called to the advertisement in this issue of Sherman Morgan, Jr. This horse is owned by F. N. Whitcomb, Belmont, N. Y. The following from the American Cultivator in regard to Morgan horses may be of interest to our readers at this time:

It is plain to every breeder who has carefully studied the records and closely watched the current of public opinion, that the Morgan cross is rapidly increasing in popularity. The Morgan strain has always been regarded by those thoroughly acquainted with the characteristics of the family the best in the world for producing spirited, stylish, docile gentlemen's roadsters, but it was urged strongly by those interested in other kinds of stock that their showy action and short stride made it impossible for them to attain a high rate of speed, and made it an objectional cross for animals intended for turf purposes.

Occasionally, however, a mare of Morgan decent was mated with a good Hambletonian or Clay Stallion, and the results were such trotters as Gloster, 2:17, a horse that could show more speed when living than any other son of Volunteer and Von Arnim, 2:19 1-2, the fastest trotter got by Sentinel, 2:29 3-4. About the time that Gloster was upon the turf, Comee, 2:19 1-2, by Daniel Lambert, Lady Maud, 2:18 1-4 and Camors, 2:19 1-2, by Gen. Knox, Honest Harry, 2:22 1-2, by Winthrop Morrill, and Lucille Golddust, 2:16 1-4 by Dorsey's Golddust, were proving to the public that the Morgan strain had been underated. Long before that, however, George Wilkes, the greatest entire son of Rysdyk's Hambletonian, had demonstrated that a dash of Morgan did not prevent a horse from trotting fast and standing up under severe campaigning as well as the best. It was not generally comprehended, however, that this maternal grand dam was a direct decendant of Sherman Morgan until several years after his turf victories had been heralded to the world.

IS CONSUMPTION INCURABLE?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with abscess of lungs, and friends and physicians pronounced me incurable consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung troubles. I was given up by doctors. Am now in best of health." Try it. Sample bottles free at Brainard's drugstore.

Marriage of Miss Susie Crandall.

We take the following from Monday's Wellsville Reporter:

At 4 o'clock this afternoon, Mr. Stetson A. Sherman and Miss Susie M. Crandall were united in the holy bonds of matrimony at the pleasant home of the bride's parents. The ceremony was performed by the Rev. Joshua Clark, of Alfred Centre, in the presence of a large gathering of relatives and friends.

The bride is the accomplished daughter of our well-known townspeople, Dr. and Mrs. W. W. Crandall, a graduate of Alfred University and a charming young lady withal. She was attired in a beautiful costume of white silk and brocade. Mr. Sherman, the lucky man in the case, is the son of Mr. A. M. Sherman, a wealthy lumber merchant of Eau Claire, Wis., also an old Alfred student and who has hosts of friends in this section who will be happy to tender hearty congratulations.

The floral decorations were both artistic and beautiful and were the work of our city florist, Mrs. E. C. Palmer. Potted plants, and rare flowers and huge boquets were all about in rich profusion, loading the air with rich perfume.

Immediately after the ceremony the guests sat down to a sumptuous wedding dinner, served under the supervision of Mrs. J. B. Goodliff and a pleasant hour was passed in the discussion of the good things.

The happy couple will leave this evening on train 14 for Hornellsville, thence to Buffalo, Niagara Falls, Chicago and so to Eau Claire where they will make their future home.

Among the out-of-town guests present were Mr. and Mrs. Rogers Crandall, Mrs. Prindle, Miss Ida Coons, Little Genesee; Dr. and Mrs. Cutler, Bolivar; Mrs. A. B. Cottrell, Richburg; Mrs. Ensworth, Cuba; Mr and Mrs. Geo. W. Fries, Mrs. Deming, Friendship; Miss Effie Maude Crandall, Alfred Centre; Mr. and Mrs. H. P. Benton, Mrs. Everett, Mrs. Helen Clark, Miss Spaulding, Miss Maggie Leonard, Miss Ada Stillman, Dr. C. W. O'Donnell, W. B. Bundy, "Gus" Richardson, John Cannon, Andover.

Sunday School Convention.

The Sunday School Convention held at Friendship Thursday was remarkably well attended considering the poor condition of the roads. The convention was called to order by President Sill at 11 o'clock. Aside from business transacted at the morning session the Rev. E. L. Scott of Cuba, delivered an earnest and thoughtful address entitled, "What we work for."

The reports from schools showed greatly increased attendance and results, while the county Sunday school missionaries' report showing several thousand children in the county not yet in Sunday schools was an incentive to active work in that direction.

Mr. C. H. Woodworth, of Buffalo, a member of the State Executive committee was present and pleaded for funds to carry on the missionary work right here in our own county.

Papers read by W. H. Norton of Scio, and Mrs. A. H. Lewis of Friendship, and the blackboard talk by Mrs. L. H. Kenyon of Nile, were of great practical value to the convention.

The officers for the coming year are: Rev. W. R. Baldwin, Friendship, President; Rev. D. U. Gwyan, Belmont, Vice President; A. W. Litchard, Rushford, Secretary; T. F. Fisher, Wellsville, Treasurer; Mrs. M. C. Dean, Angelica, W. M. A. Secretary.

The convention closed with an able address by the Rev. E. M. Deems, of Hornellsville.

E. E. Swain of this place has purchased the Slater Creek cheese factory at Canaseraga, and will operate the same in the future. He left yesterday to assume charge of the factory.

Cheaper Meals but Equally Good.

The Erie's Vestibule Chicago Limited trains between New York and Chicago, are supplied with all the most modern improvements, and passengers are carried through without change of any class of cars. Breakfast and lunch are served at 75 cents each. This is one of the special features of the Erie Limited. The charge has hitherto been $1 per meal, but while the rate for breakfast and lunch has been reduced, the standard of excellence will still be maintained. These trains are fast becoming the most popular between the east and west.

The oratorio of Esther, the Beautiful Queen, will be presented at Harman's hall to-night and to-morrow night under the direction of Prof. E. O. Butterfield. No one who can attend should fail to do so. The cantata is one of the most pleasing that has ever been produced, and is to be presented here in full dress uniform, with stage and scenery arranged expressly for the occasion. The admission has been fixed at 20 cents, with reserved seats at 30 cents, children under 12 years 15 cents.

Hornellsville & Rochester.

A new and direct line between Rochester and Hornellsville has been established by making a close and sure connection at Silver Springs between the Erie and Buffalo, Rochester & Pittsburg Railway. Erie trams 3 and 29 leaving Hornellsville at 8:05 a. m. and and 3:15 p. m. are thus made practically through Rochester trains, except Sunday. Returning, passengers may leave Rochester at 7:30 a. m. and 3:50 p. m. and reach Hornellsville and intermediate stations on Erie Trains 6 and 20, which arrive at Hornellsville at 11:05 a. m. and 7:25 p. m. The lowest rates are in effect by this line.

Alfred Pensions.

Mr. Editor: Some of the "Boys in Blue" think that if the Service Pension bill becomes a law, the $8 per month will be added to the disability pensions they are now receiving. To illustrate: If A is now drawing $8 per month for a disability contracted in the service they think he will under the new law, draw $16 per month. I do not think that is the meaning of the bill, but may be I am mistaken. Will the editor of the NEWS please explain?

HARD TACK.

Independence, N. Y., April 13, 1890.

Two bills were prepared by the G. A. R. National Pension Committee and introduced in Congress at this session. One of these was called the "Per Diem Service Bill," and provided for a pension to every person that had been in the service 90 days or more. It gave such persons a monthly pension of one cent for each days service, no person, however to receive less than $8 per month. This was to be in addition to any pension for disability. The bill was referred to the proper committee and we believe that was the end of it.

The other bill is called the "Disability Bill," and provides for a pension of $12 per month to every veteran who is incapacitated from the performance of labor in such a degree as to render him unable to earn a support, and who is dependent upon his daily labor for support. This bill provides that a person may receive this pension in addition to any other pension for disability contracted in the service, with the additional proviso that he shall not receive more than one pension for the same period. This bill passed the Senate on Monday, March 31, and on April 8 the House refused to suspend rules and consider it. On this day another service pension bill was introduced, but we are not aware what its provisions are.

Found Dead in Bed.

The following account of the death of Grant Smith, son of B. C. Smith of Fostoria, Ohio, is taken from the Fostoria Democrat of April 5. B. C. Smith is a brother of H. D. and H. S. Smith of this place.

"At noon to-day, Mrs. B. C. Smith, who had been been at Toledo with some of her children to visit her husband, a bridge builder employed there, returned to this city and repaired to her home on North Main St., where she expected to be met by her son, Grant Smith, aged 24 years. The front door was found unbolted and she entered. On repairing to another room she discovered Grant lying cross-ways on the bed face down. On speaking to him and receiving no answer she lifted him up and discovered to her horror that he was dead. His shirt front and the bed were clotted with blood. At present the cause of his death is a mystery, although the deceased had of late been afflicted with la grippe and sciatic rheumatism. On entering, Mrs. Smith found the house filled with dense fumes of burned gas and the fire burning fiercely. When found the body indicated an advanced state of decomposition. He was last seen on Tuesday sitting by the window with his coat off. A letter which he had finished writing was found in the room but nothing to indicate the cause of his death other than mentioned. Deceased was a young man well thought of and until recently has been in the employ of the T. & O. C. railroad.

LATER.—Drs. Henry and Williams and Justice Chas. Hughes as acting Coroner made an examination into the cause of young Smith's death at 2:30 this afternoon, but were unable to decide because of the advanced state of decomposition in which the body of the deceased was found. It is therefore not known whether he came to his death by reason of burned gas or from apoplexy or heart disease."

Hold a bottle of Kemp's Balsam to the light and look through it; notice the bright, clear look; test it, compare with paper, remedies. Price 50c and $1.

INDEPENDENCE NEWS.

The mud is rapidly drying up and the buds on fruit trees are swelling.

Sunday was a busy day for doors and windows were opened to admit the cool breeze.

Mr. Thomas Bassett, of Alfred Centre, was in town last Saturday.

Miss Mary Clark, a student of Alfred University, came home Friday and remained until Sunday afternoon.

Last Friday E. D. Potter gathered the sap in his sugar orchard after a o'clock p. m., and the next day about noon some of the buckets were overflowing with sap.

Mr. Len Fortner is building a blacksmith shop opposite B. S. Bassett & Co's hardware store, south side of Main street.

As far as I can learn, the prospect for a railroad through our neighboring village of Whitesville looks rather dubious, notwithstanding the numerous and powerful arguments used to convince unbelievers that "it's so if it ain't so."

Mr. Carleton Rice offers his new residence, situated near the graded school house, Whitesville, for sale. Mr. Rice is weary of the moulding business and wishes to engage in some more congenial employment.

Mr. Charles A. Coon, two sisters and a gentleman friend drove over from Alfred Centre Sunday afternoon. Mr. Coon will commence the spring term of school Monday, April 14. This term will complete one year of continuous teaching in this district.
