THE ANDOVER NEWS.

Andover, N. Y., Aug. 6, 1890.

ENLARGED.

The News appears this week enlarged to nearly double its former size, and we believe it is correspondingly improved, and that the improvement will be appreciated by the public. The price will remain the same—one dollar a year.

CONGRESSIONAL.

The question of who shall be the next member of Congress from this district is the absorbing topic among those interested in politics. Each of the three counties comprising this district has plenty of the right kind of men for the office, and it is apparent that the convention will not be obliged to make a selection from one or two candidates.

In Chautauqua county the leading candidates are Hon. W. L. Sessions and W. B. Hooker. In Cattaraugus Hon. W. N. Allen is considered a candidate and Hon. W. G. Laidlaw has returned from Washington to look the field over. In Allegany county Hon. D. P. Richardson and ex-District Attorney O. A. Fuller are supposed to be candidates, while Hon. Hamilton Ward is considering the matter and is being urged on by many leading politicians in the county.

A correspondent of an Olean paper reports that it is said that a deal has been made between certain Chautauqua and Cattaraugus county politicians whereby the former county expects the Congressional honor to be bestowed on her this year, she giving Cattaraugus county certain honors at a future date in return. It is doubtful if this report has any foundation in fact, and even if it is true it is doubtful if it can be made to work. The strife between Chautauqua and Cattaraugus counties is so great that it will take more than an agreement between a few politicians in each county to settle the matter.

Allegany county is clearly entitled to the nomination this year and she can have it if the right course is taken. She has two candidates now in the field, and if Hon. Hamilton Ward decides to run the number will be increased to three. There is no doubt that the delegates from every town in this county can be secured by one or another of these gentlemen—that is is to say, a Cattaraugus or Chautauqua county condidate would stand a poor show of getting any votes from Allegany delegates. This is not true of either of the other counties. The right man in Cattaraugus can secure votes from Chautauqua, and *vice versa*. But if Allegany county goes into the convention with forces that are divided and are bound to stay divided so far as candidates from this county are concerned, there is very little hope of securing the nomination from Allegany. If the fight is made on the principle of Allegany first and the individual second, we will secure the prize. Every effort should be made to bring about this much-to-be desired cooperation and to do away with that kind of strife that leads one man to say, "If I can't get it I'll fight against you." Allegany will never secure a Congressman by that kind of practice.

The Cheese Market.

Utica, Aug. 4.—Transactions on the Utica board to-day are: 1,300 boxes at 7c; 6,900 boxes at 7¼c; 2,317 boxes at 7 1-16c; 2,640 boxes at 7⅜; 880 boxes at 7½c; 300 boxes at 7⅝c; 1,660 boxes on commission. Fifty packages creamery butter at 18 to 19c. The cheese market is ⅛c lower and extremely slow.

At Little Falls: 2,867 boxes at 7c; 1,530 boxes at 7 1-16c; 2,160 boxes at 7½c; 500 boxes at 7¾; 300 boxes at 8c; 130 boxes at 8¼; 884 boxes on commission; 163 boxes dairy at 7 to 8c. 34 packages creamery butter at 17c; 14 packages dairy butter at 16 to 17c.

COUNTY AND VICINITY.

R. L. Colwell of Cuba, died last Thursday, aged 80 years. Mr. Colwell was one of the oldest merchants in the county.

An electric storm of great violence occurred near Olean Sunday. Several buildings in the vicinity were struck by electric bolts and consumed.

At a meeting of the directors of the Canisteo Oil and Gas Co., held Monday evening, it was decided to shoot the Thomas well, and arrangements are now being made to do so at once.

The Postmaster General has decided that postmasters who fail to notify the publishers when the subscribers move away or fail to take papers from the postoffice, shall be responsible for their subscription.

The Vacuum Oil Company of Rochester, has purchased a $100,000 plant at Olean, and will eventually do all its refining there. Cheaper fuel and proximity to the oil fields are the main reasons given for the change.

Wellsville is to be lighted by electricity. The village authorities have signed a contract granting to the Central Electric Construction Company the right to construct the plant, and it is expected the same will be completed in four months.

Miss Lizzie Long of Mt. Morris, the young lady who laid in a trance for 15 days, died last week. A tumor on the brain was the cause of the malady which baffled the physicians. She never opened her eyes or recognized any one after she was taken down on the 13th.

Edward Sharp of Corning, a painter by trade, was killed by the cars about 6 o'clock Sunday evening. He was getting on the bridge when he was struck by the Rochester train which follows No. 10. Death was instantaneous and he was terribly mangled, his head being cut and his legs mutilated.

The Whiteman paper mill at Dansville was burned Sunday morning at 3 o'clock. It was situated in the southern outskirts of the village beyond the limits of the water works, so that all efforts to extinguish the flames were futile. The mill employed 60 hands night and day. Loss $150,000, insurance $100,000.

Last week Wednesday just before train 13 was due at the Erie depot, operator Hallack noticed that the right hand switch at the west end of the yard was thrown in such a manner that west bound trains would be thrown from the main track down a steep embankment. A man was sent out to flag 13, and the pusher went down to investigate. It was discovered that the switch lock had been broken and the switch turned. Things were righted, 13 proceeded safely on her way and a railroad official sent for to make an investigation of the matter. In company with police officer Marsh, he began work, suspicion pointing to one Frank Wilcox of this place, a lad about thirteen years of age. After being closely questioned, Wilcox owned to having turned the switch, but denied having broken the lock. He was taken before Justice Bliss, who sent him to Angelica jail to await the action of the grand jury. Though closely questioned, he gave no motive for his act, and unless there is someone back of him, the only conclusion to be reached is that he did it out of pure deviltry.—*Cuba Patriot.*

Belmont's New Hotel.

At a meeting of the stockholders of the Belmont hotel company held last week, a proposition was submitted by Isaac Willets, that he would pay all the claims against the property and the debts to come due amounting in all to nearly $30,000, and complete the hotel and set it running. All the original stockholders are to retain their interests, they to give him a mortgage upon the property for the amount so advanced by him.

A completion of this arrangement will prove a happy adjustment of existing difficulties and will result in making the new hotel a splendid benefit to the town instead of proving an uncomfortable elephant on the hands of all. It is probable that Mr. Willets' proposition will be accepted at once.

EPUEPSY.

This is what you ought to have, in fact, you must have it to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you Good Digestion and oust the demon Dyspepsia, and install instead Eupepsy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c. and $1.00 per bottle, by

wastes or gives away during the year more or less kitchen grease, each pound of which can in a few minutes be converted into two pounds of the PUREST SOAP, far better than can be found on sale. The only expense for making ten pounds of this soap, with five and one-half pounds of grease or oil, is the trifling cost of one can of BANNER LYE, to be found at nearly every grocery store.

Dissolve the contents of one can of Banner Lye in three and one-half pints of cold water, and pour slowly into five and one-half pounds of lukewarm grease, stirring from the start, until it thickens into a mushy condition; then pour into any kind of mould to harden—a child can make it, and full directions are to be found back of each label.

A can of Banner Lye will do the work of twenty-one pounds of washing soda, and besides its value for scrubbing purposes, the cleansing and disinfecting of Sinks, Closets and Waste Pipes, destroying the Filth and Disease arising therefrom, makes its systematic use one of the greatest boons the housekeeper has fallen heir to.

Last Sunday evening last, either the Presbyterian church or between church and D. B. Spaulding's drug store, a large Oxford bible with index. The finder will confer a great favor and receive a suitable reward by leaving the bible at D. B. Spaulding's drug store.

Last Friday afternoon, while assisting his father to move a hay fork, Willie Clark was struck on the head with one of the poles, which terribly lacerated the scalp and injured the brain. He remained unconscious until Sunday morning. Dr. Comstock pronounces the case as critical, but has hopes of his recovery.

Parties in Andover bought an article (that was once an Original Package of whiskey) to use for a pickle keg, looking out one end she found two plugs of tobacco in the bottom of the keg that had been put there to season it. The story is given as a fact by one of the prominent men of that town.

Prof. Stephen Pollard of Wellsville, was in town one day last week. Prof. Pollard is one of the numerous candidates for School Commissioner in this district, and seems determined to let the people know it. He is "hustling," so to speak. There is no doubt that Mr. Pollard would make an acceptible officer if he should be so fortunate as to be nominated and elected.

An Andover citizen hired a horse of C. B. Lever last Saturday, to drive to Wellsville, and was to return Sunday. Sunday came but the man did not, neither did the horse, and up to the present time nothing has been seen of either. Much anxiety is felt by the friends of the man (and also by the owner of the horse) and many are the surmises as to the cause of delay. The generally accepted reason is that he is looking for the man who dodged the subpoena. If he will bring back the horse and pay for this notice no questions will be asked.

School Meeting.

The annual school meeting of district No. 1, held last evening was largely attended, many ladies being present and taking part in the proceedings. John Prest was elected chairman and M. A. Woodbury secretary. The financial statement showed transactions during the past year amounting to $2,700, including a balance on hand of $320. The estimated expense for the coming year is $2,270, which it was voted to raise, less the amount of public money received. The tuition paid by non-resident scholars amounted to $200.50 the past year.

The balloting for trustees resulted in the election of James Owen and Marsh Bundy, in the places of G. M. Barney and P. Cannon. Mr. Cannon has been a member of the board for twelve years, and a vote of thanks was extended to him for the very efficient service he has rendered. A vote of thanks was also extended to G. M. Barney.

Drowned at Angelica.

Arthur, the 17-year-old son of E. O. Osgood, of Angelica, was drowned in the creek at that place Saturday evening. Arthur went to the creek to bathe in company with another boy younger than himself. The younger lad left the water and was absent a few moments, when he returned Arthur was nowhere to be seen. The alarm was given to some men close by, and in a few moments the lifeless body was taken from the water. The young man had been a sufferer from heart disease and it is thought this difficulty was partly the cause of death.

Arthur was a most estimable young man and the news of his sudden death created great excitement in Angelica, where he was well known and greatly respected.

Fatal Dynamite Accident.

Del. Estes, Morris Clare and a man named Rice were engaged in shooting fish, in the eddys along the Oswayo creek, near Ceres, with cartridges made of some preparation of dynamite. It is said that all of the parties had been indulging in hop soda quite freely and were approaching a condition in which dynamite or any thing else had little terror for them. Estes picked up one of the cartridges which had failed to explode and was holding it in his hand looking at it, when it exploded with terrific force. The hand in which he held the cartridge was entirely blown off at the wrist, the other hand frightfully mangled, and the sight of one eye destroyed and his whole body made one mass of bruised, burned, and bleeding flesh. How he escaped with his life will always be a mystery. He was blown several feet into the air and rendered unconscious for some time. He was taken to Oswayo and a surgeon sent for from Coudersport. As several hours elapsed between the time of the accident and the arrival of medical aid the sufferings of the injured man were terrible in the extreme. Evidences of internal injuries were given and it is thought he will die. Clare and Rice were uninjured but will probably have occasion to remember this fishing excursion while they live.

PRONOUNCED HOPELESS, YET SAVED.

From a letter written by Mrs. Ada E. Hurd of Groton S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough setin and finally terminated in consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles; it has cured me and thank God I am now a well and hearty woman. Trial bottles free at Dr. N. P. Brainard's drug store. Regular size, 50c and $1.
