Damage By Water Sale.

That which is least expected oftime happens. It is so in this case.

On one of the very coldest days in February we were unfortunate enough in having a water pipe burst which allowed the water to stream down the side wall thereby damaging several dozen last year's Boy's and Children's Suits.

We found them damaged more or less, still quite a number among these you'd hardly believe they got a wetting. These Boy's and Children's Suits are of the "Wear-Well" Three to Six Dollar kind. We have divided them in two distinct lots, according to quality and damage noticeable:

Lot 1. Sale Price $3.37.
Lot 2. " " $1.45.

There is not one suit included in these two lots but what is worth double and the greater portion even more.

Bring your boys early for these suits will not last long.

A CHINESE CONSTANTINE?

The rumor that the Dowager Empress of China has been converted to Christianity, or at any rate to Christian Science, through the efforts of Mrs. Conger, the wife of the American minister at Pekin, is persistently circulated in this country in the ranks of the thriving and influential denomination of which Mrs. Eddy is the recognized head. The report belongs to the category of things that are highly important if true. It may have on its side these elements of probability: that the Dowager Empress is known to have become quite accessible to the ladies of the foreign ministries; that she has adopted European medical treatment and certain other occidental practices, and that the principles of Christian Science, which have a frankly Asiatic and mystical basis, might well be more attractive to this strong-headed, self-centered Manchu woman than the ordinary forms of Christian practice and dogma.

Carnegie's Niece Marries a Coachman

New York.—Informal announcement has been made by Andrew Carnegie that his niece Nancy had eloped more than a year ago with James Hever, who was riding master and coachman for her mother. The news startled society in this city and Pittsburg, where the young heiress lived with her mother, Mrs. Lucy Coleman Carnegie, widow of Thomas Carnegie, who was a brother of the ironmaster. With characteristic candor Andrew Carnegie professed much joy over the wedding, saying: "The family would much prefer to have Nancy make a real love match, as this was, with a sober, moral, good man, without wealth, than to marry a worthless duke."

Thirteen Killed in a Mine.

Dubois, Pa.—The worst mine explosion in this part of the State since the accident at the Berwind-White shaft here in 1896 occurred on Thursday night in the shaft of the J. & C. Coal and Iron Co. at Eleanora, a mining town about ten miles south of this place; 13 men were killed and one was seriously injured by the explosion. The mining officials say that it was the result of a blow-out charge, although the awful result would indicate that there was considerable gas present in the mine.

Get SCOTT'S Emulsion

When you go to a drug store and ask for Scott's Emulsion you know what you want; the man knows you ought to have it. Don't be surprised, though, if you are offered something else. Wines, cordials, extracts, etc., of cod liver oil are plentiful but don't imagine you are getting cod liver oil when you take them. Every year for thirty years we've been increasing the sales of Scott's Emulsion. Why? Because it has always been better than any substitute for it.

Wonderful Bargains in the Big Store.

Carpets and Rugs.

It has grown proverbial for the big Wooster store to do unusual things; to offer the public grander opportunities than are possible elsewhere. Right in keeping with such efforts comes the GRAND SALE of

CARPETS AND RUGS.

We were recently offered some splendid values in the floor covering line, from a large but over-stocked merchant who appreciated the magnitude of our selling capacity. We secured our pick at prices that enable us to hand these fine Carpets over to you at less cost to other dealers. A few prices:

A Velvet Carpet in 6.00c made by hand.
An Extra Velvet Carpet 92c made by hand.

And it is the exclamation of every woman that purchases one of these Hand Made Carpets, "Oh they are so smooth and the quality which gives such lasting service!" This fully accounts for the continued increase in our trade.

Let an EXPERT BUGGY MAKER Give you some INSIDE FACTS

Mr. F. L. Shaw, manager of our vehicle interests, bought two buggies from the same house the other day. One cost $18.00 more than the other. Then he took the buggies all apart to see just why one was higher priced than the other. Here is what he found out:

Both buggies had exactly the same seat and back, same size body, same wheels, shafts and everything else, except that the higher priced one had 14-oz. cloth trimmings instead of Keratol, found in the cheaper; a leather boot, instead of rubber; a better axle, and the finish on the woodwork was slightly better, but not very much.

Read the difference—and learn how easily price can be raised without changing the grade, in a buggy.

SIDE BY SIDE:

Difference in Cost $3.80. Difference in Price to You $18.00.

On their Cheap Buggy	On the Best They Make
Seat and back (see illustrations).	Same.
Body 23 inches wide, 54 inches long.	Same.
Malleable 5th wheel without anti-rattler.	Same.
Malleable head block (considered poor).	Same.
Malleable Bailey Loop (cheapest made).	Same.
Common reaches.	Same.
Steel sockets.	Same.
Hickory and elm wheels (low grade).	Long distance.
Common axle.	Same.
Wheels painted by dipping.	Same.
8-oz. head lining in top.	Same.
Shafts. (cheap grade).	14 oz. cloth.
Keratol trimming.	Leather Boot.
Rubber boot.	Same.
Leather quarter top	Slightly better.
Finish, cheap	

What do they give for the $18.00 difference in price?

The actual difference in cost, to the buggy maker, did not exceed $3.80, yet one buggy costs you $18.00 more than the other.

Now, either the factory making and selling these buggies to the house Mr. Shaw bought from, was fooling the house, or the house was fooling you. In either case, you were paying $18.00 for $3.80 worth.

We tell you these things because we believe in a square deal!

There isn't one purchaser of a buggy in a hundred—no, nor in a thousand—who can tell of his own knowledge the cause for the difference in prices between one buggy and another.

We make our own buggies.

We are the only general merchandising concern in the world that does.

The prices to you on our different buggies are based on the manufacturing costs.

We make the same small percentage of profit on a $70.00 rig that we do on a $40.00 outfit, and you get full value for every dollar you pay.

The difference in our buggies is not merely in the price. It's in the quality.

If you are a judge of buggy values we ask you to compare our vehicles with any make you know of, price for price.

If you are not an expert judge of buggy values, you are safe to order from us, for we give honest value for every dollar you spend. And we guarantee you satisfaction.

The thousands who have purchased vehicles of us write us of their perfect satisfaction and of $10.00 to $50.00 saved on each one.

WHAT OTHERS SAY

"I feel I cannot say enough for Ward buggies, but mine speaks for itself."
A. L. TAYLOR, Albion, Ill.

"The timber in your work stood our mountain roads well. Used it 4 years."
P. H. HAWKINS,
Cashier Bank Columbus, Mont.

"My $46.90 job is far ahead of the $60 to $70 buggies sold here." JNO. T. CARTER

5 Gallons Paint for $2.75

It's cheaper to buy our paint at our low price and put it on your house, barn—any building, and on the fence, than it is to let the place look like sixty and the buildings go to ruin through exposure to the weather.

We have a good paint at $2.75 for a five gallon pail—all mixed and fixed, enough to cover 1,000 square feet two coats. This paint is all right for the barn and farm buildings, and roofs and fences, but not fine enough for your house.

This is the best cheap paint we know of, and the best for the price and for the purpose we ever saw. It is 45c a gallon in barrels or half barrels. Colors, brick red, dark brown, brownish yellow, bluish slate, grey slate.

Paint your house

Inside or out—any color—with our Celebrated Tower Brand Ready Mixed Paint, and have the satisfaction of a good job economically done. Every gallon will cover 500 square feet two coats, a 50 per cent greater covering capacity than any cheap paint. You don't have to paint every year either, if you use Tower Brand, for it is extra durable, and lasts from 5 to 8 years.

You send to us now for our 1905 Paint Color Card and Samples, tell us what you intend to paint, and we will tell you the best and most economical paint to use, and how to use it, just what it will cost and all about it. 18, 3

Fix that Leaky Roof.

A few rolls of our Roofing Felt will give you the cheapest and at the same time the most durable roof—cheaper than shingles, and as lasting as the rest of the building. If put on right. You can put it on over old shingles if you want to.

Only highest grade materials used in our Ready Roofing, and anyone can put it on. One roll will cover 100 square feet as we give nine 8 inch lap, enough to allow for nails and end laps. Other dealers don't. Our price does not include roofing nails or caps, nor roofing cement, which each roll you should have. In roofing cement, 25c. lb., lb. roofing caps at 25c. per lb. two gallons cement. Generally in 1½ gallon in 25 or 50 gallon barrels, or 22c a gallon in 4 gallon cans.

Two-ply Ready Roofing Felt, in lots of 5 rolls or over, per roll 65c. Weight 45 lbs. per roll. A single roll is 65c.

Three-ply, in lots of 5 rolls or over, per roll $2. Weight 70 lbs. A single roll is 90c. We have other roofing, all kinds, at prices to suit you. Write for free samples and information.
