THE ANDOVER NEWS.

HAMILTON C. NORRIS, - EDITOR

ANDOVER, N. Y., FEB. 18, 1891.

Assemblyman Thompson has introduced a bill to repeal the Session Law Printing Act so far as this county is concerned; also an enabling act so that the Court of Claims may hear the claim of Carter H. Morgan for damages in the construction of a channel from Oil Creek reservoir in the town of Cuba to the Genesee Valley canal.

THE "BULLDOG" UNMUZZLED.

It is understood that Senator Van Gorder of Wyoming county, will oppose the bill to abolish the Angelica jury district when it reaches the Senate. Mr. VanGorder nor his constituents, of course, have no interest or pay any taxes in Allegany county, but Mr. VanGorder is a brother-in-law of Dr. Wm. M. Smith, Health Officer of the port of New York.—*Cuba Patriot.*

NO OPPOSITION TO GEORGE A. GREEN.

The Cuba *Patriot* says there is going to be more genuine fun during the coming campaign in this county than Allegany ever furnished before, and her past campaign circuses have not been slow affairs either. At the present outlook there will not be less than five or six candidates for each office before the Republican convention, excepting the office of county clerk.

TWO YEAR TERMS FOR SUPERVISORS.

A bill has been introduced in the Legislature authorizing Boards of Supervisors to "determine by a resolution duly adopted by a majority vote of the Supervisors elected to each respective Board, the number of years not to exceed two, which shall hereafter constitute the term of office of supervisor in any county." The proposition is far more interesting than important. A supervisor who is worth a fig as a supervisor is generally reelected. There is no law against it, there ought to be none. A poor supervisor is a poor stick at best and one year is enough. Better let well enough alone.

RELIEF FOR DRAFTED MEN.

One of the questions to be submitted to the voters at the coming town election will be that as to whether or not the Board of Supervisors shall be authorized to raise by tax, in whole or annual installments, not exceeding five years, in the same manner other taxes are authorized by law to be assessed, levied and collected by them, a sum sufficient to pay $300 to each man drafted in one of the several drafts under the conscription act of '63, or his heir sat law, who having been drafted, furnished a substitute who was accepted, a sum equal to the amount paid for such substitute, not exceeding $300, or pay to each man or his heirs at law, who having been drafted, paid the commutation of $300 for the procuration of a substitute the sum of $300, or such sum as the town has received on account of such drafted men, with interest at the rate of 6 per cent. per annum for six years.

Chapter 525 of the laws of 1887 makes it obligatory to vote on this question at the coming election.

The Maple Sugar Bounty.

The following communication from the internal revenue department at Washington will be of interest to those who have been contemplating making maple sugar extensively this spring:

TREASURY DEPARTMENT,
OFFICE OF INTERNAL REVENUE,
Washington, D. C., Jan. 20, '91.

C. E. Fitch, Collector, Twenty-Eighth Dist., Buffalo, N. Y.

SIR: Numerous inquiries have been made to this office by persons intending to engage in the business of sugar making the coming season, whether they would be entitled to the bounty on sugar produced between April 1st and July 1st, 1891, under the provisions of the Act of Oct. 1, 1890.

The question was referred to the honorable attorney-general, and he has rendered an opinion that no bounty is payable on maple sugar produced prior to July 1, 1891, and that this ruling will be governed accordingly. Please give public notice of this decision, in order that maple sugar manufacturers in your district may understand the situation.

The expression as to the provision of the act taking effect April 1st is understood to mean that the law begins to operate on that date, that before that date there is no authority to issue licenses, but that at that time the machinery begins to move and applications may then be made and bonds filed and licenses issued for the next ensuing year commencing July 1, 1891.

Maple sugar producers therefore who intend to make sugar in the spring of 1892 under the bounty provisions of said act must file their notices and execute the bonds between April 1st and July 1st, 1891.

The blank forms of notice and application for licenses for sugar producers, and of the bond required to be given are being prepared, and will be printed and ready for distribution probably by the first of April when the law goes into effect.

Regulations and instructions will be issued upon the subject as soon as practicable. These regulations and the proper blanks will be furnished to collectors of internal revenue, and persons intending to manufacture sugar and apply for the bounty will be able to obtain the same upon application to these officers. Resp'y yours,

G. W. WILSON,
Acting Commissioner.

Mrs. John Rogers and family wish to extend their heartfelt thanks to all the friends and neighbors who so kindly assisted at the time of sickness and death of their husband and father, and also to the singers and all whose sympathy helped to comfort them.

Mrs. P. T. Barnum's First Attempt.

One finds it hard to believe that Mrs. P. T. Barnum's article, "Moths of Modern Marriages," in the *Ladies' Home Journal* for March, is really the first she has published. Her keen comment touches the very heart of existing difficulties, and transforms an old subject into one of fresh and genuine interest. The timely suggestiveness of the article is attracting wide attention.

The Buffalo *Express* says that in one of the rural districts, where the town election was held under the new law, the ballot boxes were not large enough to hold all the big blanket ballots, and four barrels were used instead. Mrs. Dorr Brokaw of Richburg, died Saturday, Feb. 14, 1891, aged about 33 years. The deceased was a cousin to J. W. Richardson of this place. Mr. and Mrs. Richardson attended the funeral, which was held at Richburg on Monday. Mrs. Brokaw leaves a husband and three children, one of whom is a babe only two weeks old.

The rains of the past few days have caused much trouble from high water in many parts of the country. Hornellsville has suffered, and at Canisteo many families were obliged to leave their homes. At Johnstown and Pittsburg, Pa., many thousand families were obliged to seek refuge from the flood. The situation was considered serious yesterday, but the change in temperature to-day will probably remedy the difficulty to a great extent.

Last Saturday evening the Ladies' Aid Society of the Baptist church held a social at the residence of T. N. Boyd. The sleighing was fine and there were plenty of teams to convey those who attended, of whom there was a large number. Music, games, and other amusements helped those present to pass a very pleasant evening. Those present voted the affair a success in every way, and the residence of Andover's next Supervisor a good place at which to be entertained.

Democratic Caucus.

The Democratic electors of the town of Andover will meet in caucus at Prest's opera house on Saturday evening, Feb. 21, 1891, for the purpose of nominating candidates for town offices to be filled at the coming town meeting, and for the transaction of such other business as may come before the meeting. Sudden Death at Alfred.

Mrs. Wm. R. Burdick, of Alfred, died very suddenly at her home in Alfred last week Tuesday. Her husband left home in the morning and was absent a couple of hours. On returning he found his wife on the floor dead. She was troubled with heart disease, and it is supposed had been suddenly attacked and had fallen from the chair. Her face had been badly bruised from contact with the floor, and the chair in which she had been sitting lay across her body. The funeral services were held on Thursday afternoon.

Jennie Carpenter in Sunbeam.

At the opera house last night "Sunbeam" was produced before a large and delighted audience. As a soubrette Miss Carpenter proved herself worthy of the title. The singing was good, and the dancing was grand. Should they return they will be greeted with a packed house.—*Homer Republican.*

Jennie Carpenter and her company will appear at Prest's opera house in Andover on Friday evening, Feb. 20. Don't fail to see this charming actress and the specialists who accompany the troup.

Score One for Edward Durand.

The Buffalo Daily *Times* of Feb. 13 contained the following, which will be read with pleasure by the many friends in this vicinity of Attorney Durand, whose home was formerly at Andover:

"Attorney Edward T. Durand has excellent reason to feel triumphant over a case that he recently won for his client in the Superior Court. It was another blow at the grade crossings monster, and Mr. Durand is to be congratulated on his success in gaining the suit. Last July Patrick O Hara, a milk man, while attempting to cross the New York Central track at Louisiana street was struck by an engine and severely injured. His left arm was broken and his body was badly crushed.

The evidence showed that as he approached the crossing the flagman signaled him to go ahead and that when he reached the middle of the track the gate was lowered in front of his house which backed up bringing him directly in front of an approaching engine. The case was well presented for the plaintiff, who received a verdict of $8,500."

The Memorial Day Services.

It has become generally understood that Memorial Day shall be properly observed in Andover and has the support and best wishes of the community in general.

It is but just that one day should be set apart in each year to perpetuate the memory of our dead heroes, and there are but few among us but had some relative or friend who once wore the blue uniform and battled for our country in its time of greatest need. Andover made a good record during the great rebellion and now more than sixty of her sons, who fought beneath our country's flag are silent in the grave, some of them sleeping none know where.

Shall we not keep green their memory by proper observance of Memorial services?

At the last session of the Legislature an act was passed and received the sanction of our Governor, giving each town the authority to raise a sum, not to exceed $100, to be used for proper Memorial Service.

At a recent meeting of Seaman Post it was unanimously agreed to ask the electors of the town of Andover for the sum of $50, to be used for that purpose.

The burden would be but a very light one, only 9 cents per $1,000 valuation, and but very few would have to pay more than 25 cents toward honoring our loyal dead. Having the fullest confidence in the loyalty of our community and trusting to their public spirit to give this aid for a worthy object, we leave the decision in the hands of our electors. CITIZEN.

Station Agent Richardson Promoted.

It has been rumored for some time that C. H. Richardson, the Erie station agent at this place, was to be removed to some other point. It now transpires that agent Mather of Wellsville is to resign, and Mr. Richardson is to be promoted to the vacancy. Of course the people of this place will be both glad and sorry—glad that Mr. Richardson is so fortunate as to secure the agency at Wellsville, but extremely sorry that he is to leave Andover. He has been stationed here for more than ten years, and during all that time the public have found him courteous and obliging, and the company has sufficient evidence of his capability to warrant them in giving him one of the best positions on the western divison.

"Charlie" Richardson has 1,706 friends in Andover, and as many more as the population has increased since the last census was taken, and it must be a source of gratification to him to know that he goes from here with the best wishes of all.

We understand the prospect is that his son, G. B. Richardson, will receive the appointment as agent at this place. That he is competent to fill the position no one doubts, and if a change is to be made here the public could not be better suited than under this arrangement.

It is expected the change will be made the first of March.

Executor's Sale.

The subscriber will sell at public auction, at the residence of the late Welcome Burdick, 4 miles north of Andover, 4 miles south of Baker's Bridge, on the East Valley road, on Tuesday, Feb. 24, 1891, at 1 o'clock p. m. sharp, the following named property:

Sixteen high grade Ayrshire cows, 4 native cows, all supposed to come in this spring, 1 pair dickies, nearly new, 3 milk cans, 2 dozen milk pans, 1 400-lb. bar balance, and other articles too numerous to mention. The above named cows have been selected with great care, and are excellent milkers.

Terms: All sums of $5 and under, cash; on sums over $5, one years time will be given on good endorsed notes with interest.

Perfection Makes Them Laugh.

Housekeepers laugh right out when the groceryman shows them some unknown brand of soap, and tells them that it is the best, the cheapest and finer than ever soap was before. They laugh because well they know perfection cannot be improved upon, and as they know Tulip soap is perfection, both in its cleansing and lasting qualities, they will have no other.
