Home Fires

Very romantic when voiced in poetry and song—but there is another sort not so glamorous. We had one in town recently.

Home fires are easy to start and hard to stop. If you use electric current be careful, it leaks easily and is hot stuff.

Look at all flexible cord attachments, they short sometimes when your back is turned. Cords are so cheap it's almost wasted effort to repair them and quite senseless to take chances.

Six-foot asbestos insulated utility Cords with all attachments, tested and ready to use—25c up.

Daily Household Helps

1.—To remove rust from metal, dip the article in pure cider vinegar and let dry for a few days. Then rub with kerosene oil and emery cloth.

2.—If you will glue a narrow strip of velvet on the part of the rocker touching the floor, it will prevent them from making marks on the hardwood floor and also prevent the chair from traveling while rocking.

Cel-O-Glass

Now sold under a five year guarantee, gives your poultry the benefits of ultra-violet rays, which ordinary glass, soiled curains and so-called glass cloth bar out.

This new improved Cel-O-Glass has a tougher, heavier coating, it will not break like glass or tear like cloth—use it also for cold frames and for hotbeds; saves labor, is more economical and will produce earlier and stronger plants.

Now is the correct time to get your pens and brooder houses ready for spring shipment of young chickens.

You will find our prices on Cel-O-Glass as low as may be obtained from any source of supply. We buy to obtain lowest wholesale prices and pass this saving on to our customers. You will save on this item when you buy from us.

Recipe for the Week

CINNAMON STARS

1 cup and 3 tbsp. powdered sugar
1 tsp. lemon juice
1 tsp. grated lemon rind
1 egg white
¾ cup ground blanched almonds
⅛ tsp. cinnamon.

Fold the sugar, lemon juice and lemon rind into the egg white, stiffly beaten. Add the almonds and the cinnamon. Roll three-eighths inch thick on a board sprinkled with powdered sugar and cut into star shapes. Place on a greased baking sheet and bake in a moderate oven of 350 degrees for 8 to 10 minutes.

This recipe makes 24 cookies. Any pattern of cutters may be used for the cookies.

Plugged Drain Pipes

Trapene is a surprisingly different trap and drain pipe opener. It consumes the clogging obstruction and itself, leaving no hard substance to partially close the pipes.

No fumes or choking sensation, but the job is done quickly and completely.

Recently reduced from 25 to 20c. Keep a can handy and use a little every few days and keep those drain pipes from starting to clog.

"And I'm sorry for people,
Whoever they are,
Who live in a house where
There's no cookie jar."
