ANDOVER, N. Y., JUNE 10, 1891.

~~Gen. Hill has accepted an invitation~~ to attend the celebration and deliver an address at Geneva on the 4th of July.

Again, there is talk of a genuine competitor to the Standard Oil Company. This would be better than legislation.

It is reported that Lieutenant-Governor Jones declares that he will run as independent candidate for ~~governor if he is not given the regu~~lar Democratic nomination. We do not believe he will be foolish enough to do that.

If England's sun never sets, neither does the sun of the United States. When it is 6 p. m. on Attoo Island, Alaska, it is 6:30 a. m of the next day on the eastern coast of Maine. The possibilities of such a country are shown in the fact that, while Baltimore was sweltering last Thursday, a Minnesota summer resort had a snow storm.

Ex-President Rutherford B. Hayes is suffering from loss of memory super-induced by a very severe attack of la grippe. He is not exactly insane but on the ragged edge of that worst of afflictions. He cannot converse more than a minute without forgetting what he is talking about. His friends hope he will soon recover from this affliction.

It seems that the Koch lymph has not come up to advertisements, and that it is being gradually discarded by the physicians and hospitals on account of the danger which its use involves. This indication of failure in a matter that promised so much for the relief of suffering humanity is greatly to be regretted; but it is to be remembered at the same time that Dr. Koch himself never claimed as much for his remedy as was asserted for it by others, and possibly he will yet make it effective by further study and experiment.

The Rochester *Democrat and Chronicle* is in receipt of authentic reports from forty-eight fruit growing districts of New York which give a most discouraging outlook for fruit this season. The apple crop is again for the third successive year almost a complete failure. Of 6,000 trees in Wayne county orchards only 800 blossomed. Reports from Lockport, Medina, Albion, Batavia, Attica and Mt. Morris all tell the same story of short crop. In the Tonawanda Valley frosts have destroyed the entire crop. Niagara county will not have a fifth of an average crop because of the frosts and apparent exhaustion of the trees. The crop of Bartlett pears will be insignificant. A fair yield of Duchesse D'Angouteme pears and a good crop of white cherries in some localities may be expected. The only fruit which a large yield is assured is the quince, which has blossomed fully, and late raspberries are also looking well and a full crop is certain. But altogether the prospect is bad and fruit farming in western New York seems to be a pretty profitless business.

It isn't often that people can get a good farm journal, like the *American Farmer*, free for one year. We have just made arrangements whereby we will send it to any address for one year absolutely free of charge. You only need to see a copy of this publication to realize that it is of inestimiable value to you. Call at this office and see a sample copy.

Many years practice have given C. A. Snow & Co., Solicitors of patents at Washington, D. C., unsurpassed success in obtaining patents for all classes of invention. They make a specialty of rejected cases, and have secured allowance of many patents that have previously been rejected. Their advertisement in another column will be of interest to inventors, patentees, manufacturers, and all who have to do with patents.

It is expected there will be a very large attendance of former students and friends at commencement this year.

Among the chief attractions of the literary societies for this year will be: Athenean, Inauguration of Society Colors; Orophilian, an address by P. B. McLennan, Ph. D., of Syracuse, upon "Labor and Capital;" Alfriedian, a Dramatic Allegory; Alleghanian, Reading by Prof. E. H. Lewis.

The reunion of old students in their respective session rooms, at 4 o'clock, on Wednesday, the 24th, will, no doubt, be a memorable occasion. The annual Concert has come to be a most enjoyable feature of Commencement week. The Alumni will hold its fifth annual meeting on Wednesday, the 24th. The distinguished divine, Dr. Collyer, of New York, will address the Association. Among the speakers for this year may be expected Dr. Daniel Lewis, M. D., Ph. D., of New York City; Hon. Jas. McHale, of Shakopee, Minn.; Col. E. A. Nash, of Cattaraugus, N. Y.; Hon. W. W. Brown, of Bradford, Pa.; Dr. Wm. H. Pitt, of Buffalo, N. Y.; Rev. D. R. Ford, D. D., of Elmira College, Elmira, N. Y., and others. The Alumni Banquet will as usual, be the feature of Alumni Day. The Banquet and sessions of the Alumni will be presided over by P. B. McLennan, Ph. D., of Syracuse, President of the Alumni Association.

It is expected that those who pay full railroad fare in going to Alfred will be returned at one-third rate.

In Memoriam.

Mrs. Eliza Diffin, daughter of Mr. and Mrs. Robert O'Brien, was born at Sennett, N. Y., Feb 20, 1817, and died at the home of her daughter, Mrs Benjamin Cole, June 7, 1891, in the 75th year of her age. She was married Feb. 6, 1840, to Jas. Diffin, by whom she had nine children. She lost a little laughter four years of age in 1849, her husband Feb. 5, 1880, and another laughter, Mrs. E. H. Chase, Dec. 19, 1882. She leaves one brother, Robert Diffin of Ithaca, N. Y., and seven children to cherish the kind words and devoted services of sister and mother. She has lived at Jordan, Rochester and Ithaca, N. Y., and since Oct. 1849 at Andover. She was baptised and married by Rev. Henry Davis, pastor of the Baptist church at Jordan, and her funeral took place from the Baptist church of this place on Tuesday afternoon, Rev. L. C. Davis officiating. The remains were buried in the Lever cemetery.

Mrs. Diffin had been a sufferer for twenty years, and the cause of her death was "grip in case of chronic bronchitis." She closed with christ fifty-one years ago and trusted in his sustaining power through all her trials. She has been a worthy member of the Baptist church of this place, and in her death another aged member has been gathered to her eternal reward. May those who follow after be true to the Lord, Whom she loved and served, realizing that "Eye hath not seen, nor ear heard, neither hath entered into the heart of man, the things which God hath prepared for them that love Him, but God hath revealed them unto us by his spirit." We can't write to everyone of the readers of the News asking them their needs, but we ask you to write us for anything you want. For instance, you want a pair of those 25c silk mitts. Send by mail for them, and if anyone can beat them, send them back and get your money.

Again, we send black goods samples that can't be equaled for beauty, and our black silks are not matched in the county. We brag over our hosiery business, because of the complimentary remarks from our customers. The trade is constantly increasing. Special attention paid to men's wear; full lines men's imported balbriggan underwear; probably the only line of real goods in the county.

Don't forget us on your carpets. We can't send samples, but next best, customers from out of town trading specified amounts will get return fares. Don't forget us in your calculations.

Mr. Chas. H. Hartshorn, who is drilling a well for water on his farm about fifty rods north of the new sanitarium, has struck a vein of soft rock, which seems to be strongly impregnated with oil. It would be a stroke of good fortune for this region if there should be found oil, or even gas, instead. The indications are strong at least for the latter.—*Hornellsville Times.*

The entertainment will consist of comedy sketches, interlarded with a short farce. Chaste and refined in every respect; if you see it the first night you cannot resist going the second, as the acting will cause a smile to pervade the countenance of a cast-iron man. Mr. Turner's credentials as a star in his profession are legion, and the compliments paid him by the press the whole United States over as a finished and cultured actor and manager, is a sufficient guarantee that all of those who see him on the above mentioned evenings, will be highly entertained. The Farmers' Pic-nic.

The annual pic-nic of the Allegany County Farmers' Club, held at Cuba last Wednesday, was attended by a very large number of people. The crowd was made up principally of farmers and citizens of Cuba; but the politicians and candidates for office were there in good numbers, and it is safe to say they could not have been in a better place. The people like to get acquainted with the office seekers, and the office seeker who is afraid to meet his constituents ought not to have an office.

The meeting was called to order at 1:30 p. m. in the beautiful Cuba Camp Grove. An address of welcome was delivered by D. B. Sill, which was responded to by President Litchard, who then introduced Hon. Seth Fenner of East Aurora, who had been engaged to deliver an address. Mr. Fenner said:

"I appear before you to-day under the shadow of affliction. I have just returned from assisting at the mournful ceremony of placing under the sod the last that remains of our true and warm hearted friend, Col. Curtis. In his death we sustain an irreparable loss and mourn the departure of a sincere and noble friend." He then spoke at length on subjects of interest to farmers and people in general. One of his subjects was that of State and local taxation, and he spoke strongly in favor of the Listing bill. He said the good book tells us not to put our trust in princes, to which he added, "do not put your trust in a professional politician, for they will cucher you every time. He then spoke on the value of red clover. This plant he said, will restore fertility to the soil better than anything known.

It was decided to hold the July meet- of the Farmers' Club at Alfred Centre, the first Wednesday in the month.

A grand Harvest Home pic-nic, to be held in Rushford in the fall, was spoken of, and arrangements will probably be made for holding the same.

On The Death of Col. Curtis.

At the pic-nic of the Allegany Farmers' Club, which was also the regular June meeting, the following resolutions were adopted:

Whereas, Col. Frank D. Curtis, of Charlton, N. Y., was lately taken from us by that fell destroyer, Death, while engaged in a disinterested endeavor to benefit the farmers of this vicinity; now therefore be it

Resolved, That we, the farmers of Allegany county, deploring as we do the untimely demise of one of our most honored and respected mentors and instructors, hereby extend our most heartfelt sympathy to the family of our departed brother. And be it further

Resolved, That a copy of this resolution be presented to the newspapers of our county, and also to the widow of our late brother, in token of the esteem in which he was held as a man, and the regard we had for his labors as a philanthropist and friend of the farmer.

Six Months in Jail.

The trial of Floyd Davis, who placed a broken coupling link over a rail on the Erie road between this place and Tip Top, was held last Wednesday afternoon before Justice E. Kinney. As we stated last week, the boy admitted the deed, but said he didn't think any harm would result. The obstruction was fortunately discovered before a train passed. Had it been otherwise there is no telling what injury would have been done. Justice Kinney thought six months in jail would be as effective for the boy and safer for the public than a practical demonstration that harm would result from such practices, and he accordingly gave him that sentence, under a plea of guilty to the charge of malicious trespass.

Morphine Habit Cured.

For some time past I have been addicted to the use of morphine, which was caused by illness. But now I can truthfully say that I have been permanently cured by Dr. O. P. Coats' remedy, of Kansas City, Mo., without any suffering whatever. From the first dose of this medicine I have desired no opiates; my health has steadily improved and is still improving. To those who are afflicted in the same manner I most cheerfully and earnestly recommend them to Dr. O. P. Coats of Kansas City, Mo. who makes a speciality of this cure.
