MR. J. HARVEY BACKUS

With the passing of J. Harvey Backus, the Andover High School loses one of its best friends. From the first Mr. Backus has been not only co-operative in every way possible in the publishing of the Hi Herald, but he has been a genuine friend, criticizing, offering helpful suggestions, always ready to lend his aid and support whenever needed, but never interfering unless his advice and counsel were sought.

The Hi Herald staff wishes at this time to extend its sympathy to his family in their bereavement and to offer in this column a fine tribute to the man who did so much for the Hi Herald possible

CO-OPERATION

We could get a great deal done by co-operation in this school if we set about it. When some few pupils are willing to help do some thing the rest usually say "oh well, they are willing, let them do it." That is not the right way to get things done well.

Then again, after someone else has done all the work, the ones who didn't help criticize what has been done. This attitude is not only child ish, but is judical to the proper school spirit.

If the student had co-operated just a little more with the basket ball team, and the team with Coach Metlay, we would have an altogether different championship team. The team was capable enough.

As there are only a few more days left before Regents, co-operation by both teachers and students is needed. The teachers are always willing to put forth their best efforts in behalf of the students, so it is up to us to co-operate with them in order to get the most out of them from every class.

Think it over!

Seventy-two Couples Attend Senior Ball

Approximately 72 couples attended the Senior ball Friday evening, June 3rd in the high school gymnasium.

The gym was appropriately decorated with the Senior class colors, crimson and white. A canopy of red net held balloons which cascaded down upon the dancers toward the close of the evening. Confetti and serpentine, showering the seniors and their guests, fluttered from the balcony. Johnny Fitzgerald and his orchestra were, as usual, very satisfying and helped decidedly to make the evening the success it was.

Mr. and Mrs. Raymond Snyder and Mr. and Mrs. William Alderson chaperoned.

The following teachers attended the Senior ball:

Misses Lillian Butler, Beatrice Dickinson, Rita Elliott, Catherine Killigrew, Evelyn Lloyd, Josephine Cappuccill, Prin. and Mrs. Glenn E. Bretsch, Mr. and Mrs. Louis Joyce, Mr. and Mrs. Delbert VanOxx, Mr. and Mrs. Wm. S. McGee and Laurence Host.

Andover Loses to Belmont In Final Game

A weak batting high school team went down to a 7 to 1 defeat at the hands of a Belmont team. Andover's five errors accounted for many of Belmont's runs.

Antan started on the mound for Andover, allowing two hits in three innings. Burgett substituted for Antan in the fourth and allowed three more in the remainder of the game. Dugan and Perry made Andover's only hits. This game closed the baseball season for this year.

Hi Herald Officers Nominated

At the regular meeting of the Hi Herald staff last Thursday, June 2nd, nominations for editor in chief and business manager for the 1938-39 semesters were held open by secret ballot.

The highest nominations were for Donald Oakes as editor and Mary Teresa Burns as business manager. Second highest were for Charlotte Coryell as editor and Del[illegible] Fu[illegible] as business manager.

Each group will publish one of the remaining issues of the Hi Herald before final votes are cast.

How many times has a Headache ruined your day's work—spoiled your evening's pleasure?

Users of Alka-Seltzer say that Alka-Seltzer gives unusually prompt and effective relief from Headache. Try Alka-Seltzer for Acid Indigestion, Muscular, and Sciatic pains.

Alka-Seltzer contains an analgesic (acetyl-salicylate) for pain relief. Its vegetable and mineral alkalizers tend to correct the cause when due to hyperacidity of the stomach.

Mileage Hints

By J. F. Winchester
Supervisor of Motor Vehicle Equipment, Colonial Beco Marketing

The motorist who enjoys and demands rapid acceleration and high speed should not expect to get the same mileage from his motor fuel as the motorist who does not seek rapid acceleration and who travels at a reasonable speed. Just how great is the difference in gasoline consumption between the two types of drivers is probably little appreciated by the average motorist.

A recent study revealed that in a quarter-mile test a car obtained 6.2 miles per gallon when it was driven in first speed to 25 miles per hour, in second to 40 miles an hour and in high to 62 miles per hour. This same car, however, got 13 miles per gallon, or virtually double the mileage, when it was run in first speed to 15 miles per hour, in second to 27 miles per hour and in high to 43 miles per hour. The rapid acceleration cost additional gasoline consumption.

A similar test revealed how speed causes additional gasoline consumption. A car traveled 121 miles on 10 gallons of gasoline when driven at a speed of 76 miles per hour. When the speed was reduced to 50 miles per hour the distance traveled jumped to 176 miles and at 25 miles an hour the distance was further increased to 211 miles.

Obviously, if you demand speed and rapid acceleration you must pay for it. If you seek gasoline economy you must first know the motor characteristics of the particular model you are operating. Learn this from your instruction book, car dealer or service man, then operate the car properly. The motorist who accelerates slowly and drives at a fair average economical speed not only is, in general, a safer driver but also a more economical operator than the driver who continually pushes his car in a reckless manner or at high speeds.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Raring to Go

The liver should pour out the two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food does not digest. It just decays in the bowels. Gas blocks up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks dark.

A more bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Insist! Stubbornly refuse anything else.

of Helpful Household Hints and Recipes

When pressing a pair of trousers, try putting a little raw starch in the water used for dampening the pressing cloth. You, as well as the man-of-the-family, will be delighted to see how much longer the trousers stay pressed when this is done.

• • •

If you've ever been bothered with the wandering crumb problem when grating or grinding bread, simply grate—or grind—the bread inside a large paper bag. This not only solves the problem but leaves the crumbs in the paper bag, ready for storing, as well.

• • •

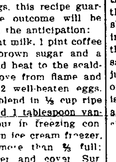
If the name BANANA BUTTERSCOTCH ICE CREAM sets up little appetite longings, this recipe guarantees that the outcome will be even nicer than the anticipation:

Combine 1 pint milk, 1 pint coffee cream, 1 cup brown sugar and a dash of salt, and heat to the scalding point. Remove from flame and slowly stir in 2 well-beaten eggs. Cool and then blend in ½ cup ripe banana pulp and 1 tablespoon vanilla extract. Pour in freezing container of modern ice cream freezer, filling it not more than ⅔ full; assemble freezer and cover. Surround with a mixture of 3 parts crushed ice and 1 part rock salt.

Turn crank slowly but steadily for 5 to 10 minutes, or until turning becomes difficult. Then carefully remove cover, lift out dasher, and pack down ice cream with a spoon. Replace cover and draw off water. Replenish ice and salt mixture, cover, and allow to stand at least 1 hour before serving. Serves 6 to 8.

• • •

If you want to save a lot of time and bother when you are measuring a hem for a dress, just fasten your yard stick into a monkey wrench. This will keep the stick or ruler upright without being held, and the wrench is weighty enough to "stay put." Then all you have to do is to put the pins in place while the person being fitted turns slowly around.



• • •

Keeping pantry and cupboard shelves clean is indeed a task, even when they are covered with oilcloth. You will find, however, that the oilcloth will stay clean much longer if you apply a thin coat of floor wax, rubbing it in well. The wax coating also prolongs the life of the oilcloth as cans and jars will not stick to the surface. Rewax about once a year.

• • •

The lenten season welcomes a temper-saving suggestion such as this for all home-makers who have been bothered with having fish stick to the pan. First, heat the frying pan. Then, shake a little salt into it (the amount that would ordinarily be used to salt the fish) and let it brown and jump about before adding the lard or other cooking fat. When the fat is hot, add the fish, dipped in egg and flour or cornmeal, and fry slowly. The fish will not stick at all.

Here is a most unusual and delectable sandwich spread that can be made up and stored in the refrigerator for "snack time" occasions:

Place 2 teaspoons dry mustard, ¼ cup sugar, ¾ teaspoon salt and ¼ cup milk in top of double boiler. Blend in 2 slightly-beaten eggs and ¼ cup mild vinegar and cook, stirring constantly, until thickened. Remove from flame and add 2 teaspoons lemon juice, 6 tablespoons soft butter, and one 3-oz. package cream cheese. Stir until blended, and then add ¼ cup pimiento (chopped), ¼ cup olives (chopped), 2 tablespoons pickle (chopped) and 1 tablespoon green pepper (chopped). If stored in the modern air-conditioned ice refrigerator, this filling need not be kept in a covered dish. In the clean, washed, vitalized air it will retain its smooth consistency and natural piquant flavor for a week or so. Makes 1½ cups of sandwich filling.

June 7.—Election of officers was held after Sunday school, with C. B. Ellis in charge. Those elected for the coming year were: Mrs. John Mullen, superintendent; Mrs. Chas. Bassett, asst. supt.; Mrs. Roy Spencer, secretary; Earl Spencer, treas.; Mrs. Raymond Stewart, Sunday School commissioner; Vera Bassett, cor. secretary. Teachers for the coming year are: Mrs. Charles Bassett, adult class; Harold Church, young people; Virginia Mullen, junior class; Ruth Spencer, primary class. Daily vacation Bible school opens June 27 and continues for two weeks.

While Jagner and Cameron are hearing of Bruin's visits, we also can boast a visit from Bruin. Friday evening about dusk the Caward family and Bessie and Gerald Stephens saw a big black bear come out of the woods near their buildings, crossing a field in a northerly direction. Others report of wierd screches in the woods and a family near Tuttle Creek report seeing a strange animal cross the road near their buildings.

Miss Caward of Seattle, Wash., sister of John Caward, arrived yesterday for a four months' visit with relatives in this neighborhood.

While Billy Stewart was observing his fourth birthday Sunday, Mrs. Phoebe Galushia of Purdy Creek was observing her 84th. Mrs. Wm. Caples also claimed a birthday Sunday.

Mrs. Wm. Mullen, Mr. and Mrs. Raymond Stewart and children Charlotte and Billy, called at the home of Mrs. Stewart's uncle, Mr. and Mrs. Dan Mullen and family of Greenwood Hill Sunday evening.

Mrs. Shirley Evans and infant son were removed from Bethesda hospital to the home of her parents, Mr. and Mrs. Dan Mullen of Greenwood Hill, Sunday.

Mr. and Mrs. Earl Hale visited her sister, Mr. and Mrs. Herbert Sherman of Wellsville, Sunday.

Mrs. Frank Keough is ill at her home with a severe cold. Others in the community complain of colds.

Mr. and Mrs. Thomas Mullen and little Tommy of Call Hill were guests of Mr. and Mrs. Arthur Stewart, Sunday.

Mr. and Mrs. Mattie Baker of Hornell were guests of Mrs. Newell Stephens, Sunday.

The farmers are busy with potato planting—In spite of low prices, some of them won't give up the good old crop. Corn and oats are up and some of the farmers have already cultivated their corn. Hay looks excellent in the valley and we see some of the farmers on Bennetts Creek have cut their alfalfa.

Hartsville Grange has changed their meetings from Saturday to Friday nights. The next meeting will be held June 10th.

We never know what to expect of the weather. Three hail storms visited our little valley Sunday p. m. The hail stones were of enormous size, leaving the ground white. Besides breaking the flowers from perennials no other damage was done.

Supt. Raymond Stewart and his men arrived on this road with their road machinery Monday.

Mr. and Mrs. Otto Freeland and son Clifton visited her parents, Mr. and Mrs. Charles Terrybury, Sunday.

Mr. and Mrs. Dan Mullen and family visited her parents, Mr. and Mrs. J. M. Caward of Call Hill, Sunday.

Mr. and Mrs. Burrell Stewart and little daughter, Wanda of Cameron Mills, called on his cousin, Mr. and Mrs. Raymond Stewart and family, Monday evening.

Mr. and Mrs. John Croyle and daughter and Mrs. James Burbank were visitors of Mr. and Mrs. John Croyle, Sr., of Olean, Sunday.

Mr. and Mrs. Victor Hoagland and family visited her brother, Walter Ladlee and family at Bradford, Pa., and her father, William Ladlee and brother Roland and family at Smethport, Pa., over the week-end.

Whitesville

(Mrs. Ella Millsaugh, Reporter)

June 7.—It is with sadness and sympathy for the bereaved that we learn of the passing of J. Harvey Backus, for many years the editor of the Andover News. Another bright, intellectual personality has finished his labors here to shine in a larger sphere. Peace to his ashes.

Two thunder showers visited this place Sunday, the last one accompanied by a brisk hail storm late in the afternoon.

Arthur Robbins has been ill the past week but is improving.

A vacation Bible school will begin in the Methodist church here July 11th.

The Methodist Ladies' Aid will meet with Mrs. Nora Stephenson next Thursday.

Mrs. Edna French visited friends in Ulysses, Pa., last Friday.

Mrs. Eva Anthony came last Friday from Kansas City, Mo., to spend some time with her daughter and family, Mr. and Mrs. Wayne Slack.

Mrs. Laura McHattin, who has been spending several weeks with Mrs. C. L. Travis, returned to her home in Rexville, Sunday.

Mrs. Ruth Harkenrider of Hornell spent the week-end with her aunt and family, Mr. and Mrs. Floyd Hurlbert.

The Whitesville Ladies' Aid Society sponsored a 12 o'clock luncheon for the Hornell group of the Hornell District Ladies Aid, Wednesday, June 1st. About 50 were present. A program followed the luncheon.

The W. F. M. Society will meet with Mrs. C. L. Travis Friday afternoon, June 17th.

Sunday, June 12th, will be celebrated as Children's Day in the Methodist church.

Mrs. May Probasco was in Utica, N. Y., last week, attending a Woman's Democratic Convention. Mrs. George Probasco was also a member of the party.

Archibald D. Jones, attorney and counselor at law, of Lansing, Mich., another Whitesville boy who has made good, has been the guest of his sister and family, Mr. and Mrs. Frank Colver since Sunday. Arch, as he is remembered by his many friends, graduated from Whitesville high school in 1896 and after four years in Alfred University, where he was a classmate of the present president of the university, J. Nelson Norwood, he entered the law school at Ann Arbor, Mich. After admittance to the bar he located in Lansing where he has resided for 30 years. His friends of former years are very glad to welcome him home on his infrequent visits.

1 small onion
Parsley.

Wash, pare and dice the carrots. Mix them with the other ingredients and pour into a baking dish; cover the dish and bake in a slow oven for about 40 minutes.

For a simple dinner the college suggests:

Baked potatoes and tomatoes, broiled liver and bacon, green string beans, carrot and raisin salad, bread and butter, chocolate pudding, milk at least for the youngsters, and coffee for the adults, if desired.

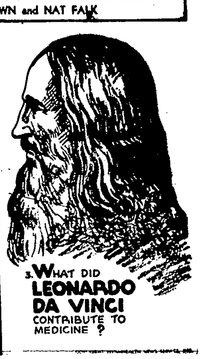
What Do You Know About Health?

By FISHER BROWN and NAT FALK



Answers: 1. The Romans followed the strange custom of driving nails into cottage walls because they considered the procedure a sure antidote against plagues.

2. That heaping tablespoons of sulphur and molasses will cure Spring Fever. They won't. Anyone who has a let-down feeling these Spring days needs such commonsense measures as plenty of outdoor exercise, plenty of milk, fruits and vegetables, at least eight hours sleep every night and that periodic visit to the doctor.

3. Da Vinci, one of the great artists and scientists of the Italian Renaissance, was the founder of physiologic anatomy. His impromptu sketches—over 750 of them—made beside the dissected subject, are startlingly modern in their accuracy and display of physiologic knowledge. He was the originator of cross-sectional anatomy.
