Mrs. Clayton Baldwin Fractures Arm

Mrs. Clayton Baldwin suffered an unfortunate accident at Keuka Lake July 3rd, when she fell while roller skating at Lakeside Park, receiving a fracture of the right arm. Dr Cole, a bone specialist of Buffalo, assisted by Dr. Stephens of Hammondsport, placed the arm in a cast at the Bath hospital.

Mrs Baldwin returned to the Bath hospital Sunday, where Dr. Cole found it necessary to operate on the arm Monday. Mrs. Baldwin will remain at the hospital this week.

When removing stains, remember that many short applications of cleaning fluid are more effective than one long one.

The Way to a Man's Heart

It has been said that the way to a man's heart is thru his stomach. This may sound a bit coarse, but yet, what man does not like good food, and what man is there that will not be made a bit happier each day if he gets good meals?

GRANGE NEWS

Edith M. Thorne, Lecturer

The first and second degrees will be conferred this Wednesday evening on a class of candidates who are graduating from Juvenile Grange. This will be followed by a short program on "We Humans vs. Safety First."

Man, by his skill and intelligence, has built wonderful highways; but where is he when traffic control, the human element, enters in? According to statistics there are more deaths on the farm and in the home than on the highway. Man builds beautiful prisons, yet crime runs rampant. He still maintains an ambulance in the valley, either refusing to build a fence around the cliff or tearing down what has been built.

When one begins to talk of "safety first" in its connection with the human element, there is no end; but a few angles will be discussed at the meeting; namely, one minute talks on:

Safety First vs. Alcohol, Mrs. Ray Church.

Safety First vs. Industry, Mrs. Lehman.

Safety First on the Highway, Earl Schoonover.

Safety First on the Farm and in the Home, Howard Green.

Safety First in Getting Sun Tan, Jane Burdick.

Safety First in Bathing and Swimming, Jean Northrup.

Safety First in Building a Moral and Spiritual Life, illustrated by a Happy Home Scene and a pantomime, "The Word of God vs. the Word of Men."

Special music and song, "In the Garden," Phyllis Burdick; (b) Piano solo, Donald Northrup.

WAFTINGS from "Wandering Willie"

ANYONE believing in signs would get over it mighty quick if they tried to decipher the one on Ed. Langworthy's corner. The sign was originally meant for Hornell but was painted over and Wellsville substituted, but the paint partly came off, making a word similar to the Chinese characters. Or maybe the Hornell was painted over Wellsville, we couldn't tell. Anyway the average motorist takes one look—and then asks which way to go.

WE ARE hearing less and less of the activities of the Andover Rod & Gun Club in the past few weeks. Let's keep the fire kindled a little more and let the rest of the villages know that we really are working in Andover. The membership is still going up according to reports, but the old street-corner conversations are lagging. And we have not heard a thing about the pond proposition for several days. Why?

"SLIM" Lehman holds the record wallop of the various teams so far this season on the softball diamond, slamming a terrific sloping fly ball over the shortstop's head recently. The "fly" made many of the more experienced players envious for the rest of the game. Let's hope to see another of these spectacular smashes in the near future, "Slim."

WHAT softball in Andover needs most at the present writing is an umpire that is all-wise, all-powerful and all right! Up to now there has been no such animal showed up. We have seen good ones, bum ones, and fair ones, but to hear the boys on the sidelines go to it there is no just ump in existence. And it's getting harder all the while to coax one out to officiate.

AND NOW to introduce our newest addition to Andover's fire department, the Auxiliary. This week they came out with their new uniforms, and altho we haven't had the pleasure of seeing the lassies in parade as yet, are hoping to see a good number of the "girls in blue" over to Bolivar this week. We think there will be a better turn-out of firemen over there than ever in the history of the department—all curious to see the ladies "strut their stuff."

The girls met on the athletic field Tuesday and Wednesday evenings and showed the firemen that they can step right out in real military style without doing too much "skipping"—(that little bit of strategy that anyone who has ever marched tries and thinks they can get away with without anyone seeing them—but don't.)

But they're an enthusiastic gang and are all set to take the Bolivar corners in high, second or low, depending on the pace the local boys can set.
