CANISTEO NEWS.

Many Dancing Parties to Be Held This Winter

IN NEW PUBLIC HALL

Holmes Orchestra Is Making Arrangements for Successful Social Season

CANISTEO, Nov. 14.—Peter Zeliff sustained another stroke of paralysis a day or two since and his death was reported tonight as occurring about 7 o'clock at his home on Maple street, but upon a personal inquiry this was found to be untrue. Mr. Zeliff has been a life-time resident of this village and is a member of Abram Allen Post, G. A. R. His condition is now somewhat improved and his many friends are hoping that he may ultimately recover.

CANISTEO, Nov. 12.—Now that our village is to have a fine public hall for the holding of dancing parties and entertainments, the members of the Holmes orchestra are making arrangements to give a series of dancing parties this winter. Canisteo has a large number of young people and the success of these parties is assured.

The Clubs—The Senior Shakespearian club will hold their meeting with Mrs. A. B. Laine, East Main street.

The Junior Shakespearian club meets with Mrs. Benjamin S. Stephens, Greenwood street this evening.

The History club will meet this afternoon at the home of Mrs. E. L. Gray, Greenwood street.

The Monday Literary club will meet this afternoon with Mrs. Alice Stephens, East Main street.

The Wimodaughsians hold their meeting this evening at the home of Mrs. June, Academy street.

Machines Removed—A number of gum machines were placed about town on telephone poles and elsewhere last week, without the consent or approval of the village authorities. Mr. Hefner of Hornellsville, their owner, was requested by the village trustees to remove the slot machines which he accordingly did today.

Concert December 8.—Nightly band practice is being held, preparatory to their concert to be given at the Canisteo High school hall on the evening of December 8, 1905. The band members are putting forth every effort to make the concert a success, and every one should patronize them. Our citizens promptly responded in contributing to the expense of getting the band instruments and with the support of all to these benefits given by the members of the band from time to time, Canisteo can boast of as good a band as is in this section.

Mrs. Fred Burrell and Mrs. Allice Stephens spent Sunday at Chi Hendell.

Mr. H. F. Hufstetd, traveling coal sales agent for the Shawmut Coal and Coke company of Hornellsville, was a business caller at the New York and Pennsylvania general office Saturday.

Miss Grace Carroll of Hornellsville was the guest of Miss Isabelle Seeley Saturday and Sunday. She will leave for Bath today; from there she goes to Harrisburg, Pa., her future home.

Mr. and Mrs. Edward Hunter spent Sunday at Jasper with their people.

Mr. William Taylor, Jr. came home from an eastern trip Friday ill, being threatened with typhoid fever. He is, however, better at this writing and it is believed the fever has been broken.

Claud Totten of West Main street, is slowly recovering from typhoid fever.

Miss Edna Burnham, left Saturday for Elmira, where she will spend the winter with her brother, William Burnham and family.

Miss Bertha Kellogg of Greenwood spent Saturday with friends here.

Miss Kinry, Miss Welles and Miss Bates spent Saturday in Hornellsville.

Mr. and Mrs. James Cole of Shingle House are visiting Mr. and Mrs. G. M. Reasor, Russell street.

Miss Florence Burnett who has been visiting relatives and friends here returned to her home at Erie, Pa., Saturday.

Mrs. Horace Potter and son Allen of St. Marys, Pa., are visiting her people here.

Mr. and Mrs. Harry Bowles of Hornellsville spent Sunday with relatives here.

The National Protective Legion on Friday evening last added eight new members.

Order Eastern Star—All members of Canisteo chapter, No. 210, O. E. S., are requested to be present at a stated meeting of the chapter Wednesday evening, Nov. 15, at which time Morning Star lodge will be guests. A fine program has been arranged and light refreshments will be served. A special assessment of 15 cents a member has been called. Come prepared. Elizabeth Bennett, W. M., Carrie B. Preston, secretary.

Harry Baker and William Brown are spending the week with Corning relatives.

Regular band practice was held last evening at their rooms, There is much interest taken by all the members in their coming concert.

B. L. Simmons of Hickox, Pa., was a visitor here today.

Charles Richardson of Whitesville visited friends in town today.

Mrs. A. W. Burrell of Greenwood street left yesterday for Buffalo, where she is a delegate to the Girls' Friendly convention now being held in that city.

The Presbyterian Sorosis society gave a sale of fancy and useful articles in December.

Mrs. Jennie Young and daughter Hazel are visiting at the home of Mrs. J. L. Seeley, sr.

CANISTEO, Nov. 13.—J. C. Rammacher, who has been the proprietor of the Central House for several years has purchased the wine store of James Dunleavy on Broad street, Hornellsville, possession being given on December 1st. Mr. Rammacher has been in business here for a number of years, and under his management the Central House was one of the best conducted hotels in the county. Undoubtedly the Central House would have been re-opened by him as proprietor had the license question at the late election been decided affirmatively. The cafe he has purchased in Hornellsville is located in one of the best business portions of the city and will doubtless be well patronized.

The ladies of the Maccabees gave a tea last evening at the home of Mrs. Albert Sumner in honor of Mrs. Benson, who will soon leave to spend the winter in Amsterdam and Poughkeepsie.

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took every medicine I could hear of and through gratitude for relief I will say that I was hopeless. My ankles and limbs had swollen to one third larger than normal size, and water had collected above my heart. For at least 6 months I had to sit propped up in a chair. I heard from Miles' Heart Cure, and by the time I had taken three bottles of Dr. Miles' Heart Cure, and by the time I had taken three all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

L. T. CLELL, Wilmore, Ky.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

OLD TIME PRINTER.

Ten Eyck Sawyer Swart, aged seventy-one, an old time printer, whose principal rendezvous for the past half century has been Bath, but who has 'stuck type" in this city at various times since Texas was annexed to the Union, passed through this section the first of the week, on his way to the happy hunting grounds of Potter county, Pa.

In the old days when "small pica" ruled by hand was the vogue on country weeklies, Swart was an efficient man behind the stick, when he felt like it. During the great "personal pronoun famine" that took place while President Andrew Johnson was "swinging 'round the circle," making speeches that literally bristled with capital "I's," our friend Swart rose to the emergency. When other compositors were compelled to use figure "1's" or to invert lower case "I's," having exhausted their "I's," his "takes" went up with every "I" in place.

Swart's pockets bulged with "Cap. I's," in those exciting days, and lucky was the office that commanded his invaluable services while the Johnson eruption continued. That unfortunate president's speeches were "hot stuff," and had to be "set" "I's," or no "I's,"—Elmira Star.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand two or four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

A Court House at Hornellsville.

The ball has been set in motion for a new court house in Hornellsville and there is no doubt that the movement will result in the erection of this much needed edifice.

Hornellsville is the chief town of Steuben and is easily reached from the towns in this part of the county. It is not only a matter of convenience but one of economy as well. Keep the ball rolling and give us the County House.

"I Thank the Lord!"

Richard Pulver of Avoca Committed to County Jail—Miss Cooley's Engagement Announced

BATH, Nov. 12.—It is currently reported that another newspaper may be the outcome of the dissatisfaction of a political faction in this town, brought out by the recent campaign. George W. Peck, a Bath business man, was the democratic candidate for supervisor, and Hon. W. H. Nichols his Republican opponent. The campaign was the warmest one witnessed in the town in years. The license situation increased the interest, and both candidates for supervisor were more or less complicated by their canvass in the license fight, although every effort was made to discriminate between party and license lines. The temperance element, however, had members who placed the license matter paramount to party interests and bolted their ticket in the support of candidates whom they believed favored no license.

Mr. Nichols was re-elected, whereupon Mr. Peck published in the Friday issue of the Steuben Courier, a Republican paper, a letter in which he thanked the citizens of Bath for the support given him in the election and he embraced the opportunity to express in his letter the belief that his defeat followed as the result of remissness on the part of the press of his own political affiliations to afford him the support his canvass demanded. He also tossed a few sarcastic bouquets at others of his party for failing to properly support him. The temperance people, too, are "sore" because their canvass was in vain, the town voting in favor of every license proposition, so all around there is trouble brewing. It is claimed that an effort will be made to establish another newspaper in the village which will champion the cause and interests of the new faction in politics.

Mr. Kearney's Funeral—Patrick Kearney's funeral was held Saturday morning from St. Mary's church, of which for many years he had been a devout member. Mr. Kearney's death followed as the result of a complication of diseases, at the age of eighty years. He was a native of Ireland but came to this country when a young man and settled in this village. He was well known as an upright, industrious citizen. He was twice married, first to Miss Mary Fagin and to Miss Mary Tunney, who survives. He also leaves the following children: Mrs. Frank Klecker, Miss Bessie Kearney and Frank of this village; John, of Iowa; William, of Kanona, and Daniel and James of Cortland.

The Jolly Fifteen Minstrels will give a performance at the Casino opera house Thanksgiving night. Rehearsals for the production are now in progress and the entertainment, it is expected, will be very meritorious. The Soldiers Home' orchestra will assist in the production.

Engagement Announced—Mr. and Mrs. James B. Cooley of this village have announced the engagement of their eldest daughter, Miss Bertha, and Frank Sanford, also of this village. The marriage will be solemnized the week before Christmas. Miss Cooley is a native of Rimini, removing from that city to this village two years ago, when Mr. Cooley became local manager of the Western Union Telegraph company.

Funeral of Mrs. Parker—Mrs. Floyd Parker died Saturday, after a long illness, of consumption, at the home of her parents, Mr. and Mrs. Avery Carregin. Mrs. Parker was born in this village about thirty years ago. She was married about seven years ago, when she removed to Rochester. Besides her parents she is survived by a sister, Mrs. Ferguson, of Painted Post, and two brothers, Ira and John Carregin, of this village. The funeral was held this afternoon, Rev. Charles Noble Frost, pastor of the First Presbyterian church, officiating.

Committed to Jail—Richard Pulver of Avoca has been committed to the county jail here to await the charge of abduction in eloping with and marrying Addie, the fourteen year old daughter of Charles Mattle, of Prattsburg. Pulver lived in Mattie family and worked as a farm laborer and some time ago, it is alleged, eloped with an older sister of this present wife, but did not marry her, and a short time later she left him and returned home. He then began a clandestine correspondence with his present wife, it is alleged, resulting in her leaving home, meeting him, and together they went to Kanona, where they were married the 20th ult., by the Rev. Alex Lowry. Pulver's home is in Corning. He is held in jail for his examination, which will be held within a few days at Prattsburgh.

Court Opens Today — Supreme Court, Justice Dunwell presiding, will convene at Corning Monday. There are seventy-one cases on the civil calendar. There is but little business for consideration by the grand jury, only seven cases being confined in jail awaiting disposition of charges against them.

NEW SILK MILL PLANT

Interesting Facts Concerning Factory Just Starting Operations

Here are some interesting items regarding the new silk mill plant which is just starting operations. The Canisteo plant is for the manufacturing of silk thread for gloves and veiling. The machinery was imported from Valence, France, at a cost of $30,000. Two expert French machinists, Antonio Cross and Henry Allager, came here to set up the machines and before their return to France the machinery was thoroughly tested and found to work perfectly. The two French experts had taken Charles H. Granger and Frank Atkins of this village under their instruction and made them thoroughly proficient in the working and management of the intricate machines. Mr. Granger, therefore, is appointed the superintendent of the machinery while Mr. Atkins will be his assistant, both positions requiring skill and a ready knowledge of the intricate parts. It shows the confidence the management has in these capable young men that they should be given the responsible positions. These machines are not only complicated but are the only ones of their kind in this country. On the first floor there are twenty double-deck twisters, or the same as forty separate machines on which there are 9,600 spindles or 9,600 threads twisted at one time, each spindle running 1,500 revolutions per minute. Up stairs there are twelve winders which take the silk from the skein and wind it on bobbins, to be taken to the doublers and thence down stairs to be twisted, after which the silk is in readiness to be shipped to the Hornellsville mills. The machinery is run by a 150-horsepower Nordberg-Corliss engine from Milwaukee and the steam is generated in a 180-horsepower boiler, built by McEwen Brothers of Wellsville. The factory is lighted by four hundred electric lights supplied by a dynamo also run by the big engine.

ENTERTAINED NEWSPAPER MEN

Visitors Are Shown Through Outing Printing Plant.

Friday afternoon after the dedication of the Erie monument, when the special trains returned to the station here, the newspaper men from New York, Buffalo, Binghamton, Hornellsville and other points, as well as other visitors found carriages awaiting them and were taken to the works of the Outing Printing Company of Deposit and there entertained and shown about the different departments of the works by Mr. C. P. Knapp, the president of the Outing corporation. The First Regiment Band of Binghamton furnished music and refreshments were served all who were on hand. Every visitor was presented with a copy of the current issue of the Outing Magazine as a souvenir of the occasion. All the visitors were unanimous in their expressions of surprise at the excellence and large size of the Outing plant.—Deposit Courier.

SOME ERIE CHANGES

J. C. Stuart Continues to Rise in Railroad Circles

J. C. Stuart, general manager of the Erie, has had his jurisdiction extended over the Cincinnati & Louisville. Robert Bowron, general superintendent of the Cincinnati, Hamilton & Dayton, has formally taken the office of general superintendent of the Erie, as George Van Keuren retires this month.

It is believed there will be no change in the Pere Marquette. Many railroad men believe the Erie will preserve the present management there intact and let the road that finally gets the property make the changes. In the event, General Manager Cotter and General Superintendent Trumpler are safe for a year longer, anyway.

The work of consolidation of the agencies of the Erie and Cincinnati, Hamilton & Dayton will start as soon as the plan is fully worked out. The Pere Marquette will not enter into the consolidation of offices, it is now said.

FIRE IN WOODHULL.

A fire in Woodhull nearly destroyed the store of Brown & Co. The damages to building and stock was over $1,000 partly covered by insurance.

Lower Yard Presents Lively Industrial Scene

MORE MEN NEEDED

Highest Wages Paid for All Classes of Labor, Whether Skilled or Unskilled

Have you been down to the Erie shops lately? If not take a walk down there some work day, or take the street car line to East avenue terminus, then walk across the ball grounds to the river bridge and just after you cross the bridge you will see one of the liveliest industrial scenes you have gazed upon in some time. They are building the Erie power house at this point and you will see an example of well handled men. As Mr. Taggart, who has charge of the work for Westinghouse, Church, Kerr & Company, said to a Times reporter, "There is no factor that makes for good and rapid work as much as a proper esprit de corps." A lot of men once started in good action in close proximity will carry the drones with them by a very force of the spirit created. There is no visiting, no lighting of pipes with slow puffs. No stopping to scratch the head over the next move, but a strict attention to business

"I never had such a time to get labor of all kinds," said Mr. Taggart. We are hiring every man and boy that comes along and paying the highest prices for labor, both skilled and unskilled, over paid in this part of New York state, and yet we cannot get the help needed. A big job like this that is going to last so long ought to draw men from all over the country. We are paying five dollars a day to men that know so little about their work that we have to keep inspectors to show them how to do it."

The men are receiving the best of care. Those working at concrete mixing or where there is water are provided by the company with rubber boots. A kitchen car has been fitted with a stove and an attendant to keep the dinner pails warm. Another car is to be put on next week for the same purpose.

Mr. Taggert prefers young men from the farms and surrounding villages, and he evidently has drawn from that source, for these are as fine a looking lot of men now on the power house job as ever assembled on any piece of work in this city. The work was started with many foreign workers. There are many yet but a home grown product of the West type is rapidly increasing.

The Times reporter remarked concerning the speed with which the work is progressing. "Speed?" said the foreman. "Possibly, when you cite the difficulty of hiring men, but what is that force compared with the number of men we ought to have on a job such as this?" His look and exp
