OUR NEW SCHOOL

The fact that Andover is to receive a new, better, and larger school seems hard to believe for some of us. It was not long ago that the present school was built.

Some people believe that we already have a fine school and that we need no other one. The fact that we, at present, have a good school is very true, but we students believe a new one is necessary

The ever increasing requirements of a higher and better education is constant. We do receive a good education with our present school, but if we were to be deprived of a new school, in a very few years we should find ourselves far below par in comparison with surrounding schools. The number of subjects taught would be less than our neighboring schools. The size and appearance of our present school could be far below the scores of the schools around us.

A new, attractive building will add beauty to this village. It will also provide work for man unemployed men.

We, the student, can say that we do appreciate the gift of a new school and we will make good use of the building offered free of cost to us.

Junior High Chorus Meets

The Junior High School chorus met last Friday for the first time this year. Twenty-one members were accepted after tryouts.

The following officers were elected for the club: Arthur Temple, president; Warren Dolan, secretary and Elaine Pope, pianist.

We wish this club much success in the future.

—A-H-S—

English Four Club Formed

The English IV class has formed an oral English club which is to feature oral activities. Each member of the class, in turn, will be a president or a secretary of each meeting. Meetings will be held every other Friday in regular class period. At every meeting there will be a program.

The first program will be centered around "Hobbies." The first meeting will be held Friday, Sept. 23.

Charlotte Coryell is to be president and Dolores Farwell, secretary of this meeting.

Our Homemakers

Friday afternoon a tea at the homemaking cottage attracted a group of mothers, who were guests of the eighth grade home economics class. In preparation for the tea, each girl was a member of a committee: Betty Halsey was chairman of the table committee; Elaine Pope of the invitation committee and Doris Mead of the food committee. Each committee worked together to plan the menu and make all necessary arrangements for the tea.

Guests at the tea were: Mrs. Louis Joyce, Mrs. Charles Lynch, Mrs. W. G. Pope, Mrs. Harold Hardy, Mrs. Glenn Halsey, Mrs. Stocum, Mrs. J. C. Lever, Mrs. Jack Ellis and Mrs. Orla Baker.

Montrose Greene Is Senior President

At 1:55 p. m., Tuesday, class elections were held in the various home rooms. The classes awaited the result of the elections with great anticipation. The Senior class is to be represented by the following:

Montrose Greene, president.
Charles Spicer, vice president.
Leo Nobles, secretary-treasurer.

The Juniors have placed the following in charge of their activities for the year:

Sophie Kohut, president.
Pearl Goodrich, vice president.
Harold Rice, secretary-treasurer.

The Sophomores elected the following officers:

Lyle Ordway, president.
Roland Shaff, vice president.
Irene Lynch, secretary-treasurer.

The Freshmen elected the following:

Jean Dunham, president.
John Dean, vice president.
Audrey Glover, secretary-treasurer.

Junior High Holds Election

The Junior high held an election for class officers last Tuesday at 1:05. Clyde Shellman was named president of the eighth grade; Paul Dunham, vice president; Cecelia Lynch, secretary-treasurer. This result of the seventh grade's election was: Francis Horan, president; Beneth Cook, secretary-treasurer.

Around A. H. S. With C. Coryell

Believe it or not; boys, the girls in Homemaking D are learning to make good use of hammers, saws and other familiar tools. I wonder if they will learn to make a good job in the spring?

I guess Leo Nobles and Dolores Farwell should receive first prize for long fingernails. Dolores had one that she said was an inch and a half long.

I hope it doesn't rain every gym day; we want to play some outside games before being but in the cold, cold blizzards.

There was a very important election at the school last week which will mean a lot to us students. Of course the present Juniors and Seniors will not profit very much from centralization, but the lower grade students will benefit.

All of us are glad that we have the tennis courts now. It gives us a chance to learn a new game that is loads of fun to play.

Just think, the shower rooms are going to be cleaned up, the water heated and perhaps soap provided so that we will be able to take showers after gym classes.

Past history C students, if you turn in your books to the office, you will receive at least half of the price you paid. That's not bad. The books will be placed in the library for use as reference books.

Andover students, I see that one of our town stores has purple and white caps with "Andover" written on them. They're a grand idea.

Remember, classmates, there are going to be excused lists again this year and it wouldn't do a bit of harm if some of us got on them and made them longer than those of last year.

—A-H-S—

Social Hour

The student body is looking forward with eagerness towards having Social Hour again. We hope there will be some arrangements made very soon for this, so we can have it at least once a week. A knowledge of dancing will come in handy some time so why not have Social Hour for the benefit of those who can't dance as well as for those who can?

—A-H-S—

News!

Students of Andover High, do you know what is happening in the world about you? If not watch the bulletin boards in the library.

This week illustrations and details of the Nazi-Czechoslovakian crisis are the main attractions. Also, sport fans, you can find an interesting article on the football season. Perhaps you can help by supplying more articles from the world of sports.

The English I class have artistic drawings of feudal castles.

In room A you may find detailed radio programs for the week. History students, you will find the magazine section of the New York Times on display also. You may make a discovery which will help you in either History A, B, or C.

Good Team Promised

A fairly heavy team is promised for soccer this season. The halfback positions which require fast and exceptionally long winded men will be filled by players fully capable of handling the positions.

The soccer team practiced four nights last week. Coach Holmes taught the boys the fundamentals of the game the first two nights. Short scrimmages were held Thursday and Friday nights. Mr. Holmes declared that the boys were inclined to touch the ball with their hands, which is forbidden, and also to play out of their positions. However, a week of practice, centered on overcoming these defects, will most likely have its desired result.

Coach Holmes has not yet named the team, but will probably do so either today or Friday. Following is a list of all the players:

Clyde Briggs	Gerald Wahl
Louis Fulkerson	J. Saunders
Montrose Greene	D. Oakes
Gerald Dolan	Ardean Matison
Harold Rice	William Dugan
Wilbur Lehman	Donald Lynch
Robert Hall	Kenneth Gath
George Prue	John Lynch
George Greenan	Roland Shaff
Donald Emery	Charles Gath
Homer Glover	John Howland
Paul Ryan	Miles Gorsuch

Teresa Burns President of Orchestra

The high school orchestra met Tuesday for the first time this year, 14 members being present. We are hoping to increase this to 16 or 17 before the year is over. At this meeting, explanations were made regarding cuts, absences, legal and otherwise, in order to obtain high school credit.

Election of officers was also a prominent feature. The following were selected to represent the group: Teresa Burns, president; Betty Greene, vice president; Victor Oakes secretary; Anna Hardy, librarian; Kathleen Howland and Richard Clair stage managers.

DISH FOR THIS WEEK

The perennial query, "What shall we have for dessert?" is easily answered in pear season. A delicious, easy and not-too-rich way to prepare pears is by baking them with a top of meringue.

Meringued Pears

6 large pears
6 tablespoons granulated sugar.
Grated lemon rind.
Candied ginger.
3 egg whites
¼ cup of powdered sugar.

Pare and core the pears, and place them in a baking dish. Fill the center of each with one tablespoon of granulated sugar and a little grated lemon rind or candied ginger. Add three or four tablespoons of water and bake until the pears are tender. Then cover them with a meringue made of the stiffly-beaten egg whites and the powdered sugar, and brown this quickly.

To serve with the pears for dinner, the New York State College of Home Economics suggests: Cubed steaks and mashed potatoes, diced carrots and peas, lettuce and tomato salad with French dressing, brown bread and butter, coffee for the adults, if desired and milk for the youngsters.

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rain' to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks black.

A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. See Stubbornly refuse anything else.

LITTLE BITS OF HUMOR

"My dear," said the nice old lady to her granddaughter, "I wish you would do something for me. I wish you would promise me never to use two words. One is 'swell' and the other is 'lousy'. Would you promise me that?"

"Why sure, Granny," said the girl. "What are the words."

—o—

Woman (in crowded street car): "I wish that good-looking man would give me his seat."

Five men stood up.

—o—

"Jack," said the teacher, "come to the map and point out Australia to the class." Jack did so.

"Who discovered Australia, Jim?" the teacher asked the next boy.

"Jack did," was the reply.

—o—

Butcher (to elderly lady): "What can I do for you, madam?"

Lady: "I'd like to try some of that track meat I've heard so much about this spring."

—o—

Doctor: "What was the most you ever weighed?"

Patient: "One hundred and fifty pounds."

Doctor: "And what was the least you ever weighed?"

Patient: "Eight and a half."

—o—

Mistress: "Marie, when you wait on table tonight for my guests, please don't spill anything."

Maid: "Don't you worry, ma'am; I never talk much."

—o—

Man in swimming: "Are you quite sure that there are no crocodiles about here?"

Man on shore: "Positive. The bagpipe has scared them all away."

—o—

Friend: "Ah, professor! I hear your wife has had twins. Boys or girls?"

Absent minded professor: "Well, I believe one is a boy and the other is a girl. But it was too dark to tell."

Sentinels of Health
Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an assortment of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.
When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, rising up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.
Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than a century of public approval. Are endorsed by users the country over. Insist on Doan's. Sold at all drug stores.
