We call the attention of our readers to the new time table of the Erie Railroad, published in our columns.

Geo. Green has just received a large stock of Cloths, and a general assortment of Gents' Furnishing Goods.

Big.—There is a dog in this town, owned by J. J. Harman, whose weight is 155 lbs. Who has got a dog that can beat that?

If you want Glassware, cheap and good, call at Walker's.

A County Lodge, I. O. G. T., has been organized in Chatauqua county.

J. C. Dyer is receiving daily new goods, consisting of Dry Goods, Dress Goods and Millinery, of the latest style. Call on them before going elsewhere.

Notice.—All advertisements for this paper should be handed in before 10 a. m. on Wednesday, to appear in the same week's paper, as this is the latest hour to which they can be delayed.

Gussa Burrows has just returned from his western trip, and is looking finely.

Shaut & Porter will pay the highest market price for wool in *cash money*. Give them a call.

Rev. J. W. Sloor, says the Allegany *Democrat*, who has preached in the Baptist Church since Rev. E. F. Cran retired, has accepted a call from this church, and will preach regularly hereafter.

Olean, Cattaraugus county, is to have a Fourth of July celebration, on Monday the 5th. Andover celebrates the Fourth on Sunday. Church services as usual. For reference, Church directory, on this page.

The new fence, which is being built in front of the Union School House and Baptist Church, is an ornament to the place. It is neat and tasty, and we hope to see more of them in the village this summer.—*Allegany Democrat.*

New Office.—A. W. Ferrin, of the Cattaraugus *Republican*, has just finished and moved into his new office. We are glad to notice all such improvements. The *Republican* is the best local paper published in Cattaraugus county. Let success crown its efforts.

The Scientific American, with last week's number, closed its twentieth year, and, with it, has fulfilled all its promises to its many thousand readers. As a journal of art and science it has no equal, and should be in the hands of every man.

New Houses.—Mr. Lester Morris is laying the foundation for his new house on Elm street.

Mr. White has his foundation complete on Second street.

Call at Walker's and see the Poplins at 27 cents per yard.

Good.—We this week received the second number of the "Mirror of Typography," with a beautiful engraving of "Summer Fruits," in colors. This picture alone is worth the price of subscription.

Going to Move.—We shall move The Advertiser office this week to the rooms over Russell & Wolcott's Auction Rooms, where we shall be better accommodated so far as the amount of room is concerned.

Don't forget to read the advertisement of E. Everett, Millinery and Ladies' Furnishing store. They have a large assortment of all kinds of goods in this line. Give them a call, and see the latest styles of Millinery goods

You can find good Teas, for a low price, at Walker's.

Our readers will find it to their advantage to peruse the advertisement of Messrs. Stillman & Very, in another column.

We are really sorry for Charley Rumpff. His mustache is reported to be a failure. The *Free Press* reports 13 of 'em in sight, but we fear it only does so to encourage the boy.—*Democrat.*

Charley is doing well. We have a compositor in our office who has been five weeks trying to raise a mustache, and, as yet, there are only five hairs visible.

Big Bargains.—Mr. J. J. Harman has purchased all the cloths of the Andover Woolen Mills at a low figure, and now offer them at the same rate for cash, or in exchange for wool. Yes, then there is that Coie, Harman's cutter, who is just the "feller" to cut and fit your clothing for you. Give them a call.

We would call the attention of our readers to the advertisement of Mr. Elwell's Furnitüre rooms, in another column. We would speak in particular of his assortment of looking-glasses and mouldings for picture frames, which for style and beauty cannot be surpassed in any place in this county. He is himself obliging and gentlemanly to all his customers, and we warrant that all who may favor him with a call will go away perfectly satisfied in every respect.

Excitement.—On Saturday last our friend Halleck, of the American Hotel, a little gritty over no license, fastened up his pump to keep certain persons from getting water there. Of course there was considerable talk, with some angry words, all claiming that they had given more or less towards the pump. All is quiet now, the animal is loose again.

Mr. Benton's dog, while endeavoring the other evening to outrun the express going east, was struck by the engine on the right thigh, and quite a large gash cut. The dog was brought home, and Del McClary, M. D., called to attend to the wound. He administered chloroform, and then dressed the wound. The dog is doing well.

Olean, Cattaraugus county, is to have a Fourth of July celebration, on Monday the 5th. Andover celebrates the Fourth on Sunday. Church services as usual. For reference, Church directory, on this page.

Warning.—Some of our merchants are in the habit of throwing the salt from the fish barrels, etc., into the street, and cattle passing stop to eat it, which has in one case proved almost fatal. It should not be done. Whether cattle can get at it or not, it looks bad, and is rather a mark of slothfulness on the part of the man who does it.

Silver Wedding. — The Silver Wedding of Dr. & Mrs. J. J. Harman was celebrated at the residence of Dr. Del McClary, on Tuesday of this week. It was within the family only. Presents were liberally bestowed on the parents by their children and nearer relations, and a general family greeting was held.

Mrs. Del McClary will please accept the thanks of the office for a large variety of the wedding cake.

Our old and esteemed friend and fellow citizen, Dr. J. W. French, has just returned from a trip through several of the Western States. He says the prospect for an abundant crop of fruit, grass, oats and wheat was never better. Corn is somewhat backward in consequence of too much rain and cool weather, but may yet be a good crop. We regret that the Doctor is going to leave us again. We understand he talks of emigrating to Steuben county, Indiana. He has our best wishes, wheresver he may go.

We take the following notice of J. & W. Hunt's patent plow, from the Chatauqua *Farmer*:

"A patent plow, shown by J. & Wm. Hunt, of Andover, Allegany Co., was one of the most sensible patents we have seen for some time. It is constructed with a revolving Mouldboard just after the share. The inventor claims that it lightens the draught, and turns a better furrow than the old-fashion plow, and the weight of it is about twenty-five pounds less than the average weight of plows. We hope that some of our enterprising men will obtain the right for this county, and go to manufacturing them in Dunkirk."

The following questions were asked and answered in one of our Sabbath Schools last Sunday:

Sup. Who is your lesson about?
Ans. Paul.
Sup. Who was Paul?
Ans. An Apostle and Christian.
Sup. What was done with Paul for being a Christian?
Ans. Imprisoned and killed.
Sup. Who killed Paul?
Ans. Nero.
Sup. Who was Nero?
A small boy in "A" class quickly answered, "A dog."

Our Graded School.— Andover has many things to be proud of—the industry, enterprise and sobriety of citizens; good churches, well attended, with all the accompanying evidences of, solid growth and progress; but, among all these there is nothing that we have more reason to be devoutly thankful for than our Graded School. This is under the supervision of Mr. W. B. Wright, of Scio, who has the school in an excellent state of discipline, without the aid of brute force.

The pupils give unmistakable evidence that they are making solid advancement, and appreciate the high privileges afforded them. The Board of Education have spared no pains in furnishing the building and grounds with all the conveniences and comforts usually found in our first class city schools. So says our friend Renwick, of Belmont.

The Albion. — We have received this week a copy of "The Albion," a large 16 page journal, published at New York. It is edited with ability, and for foreign and general news, is the best journal published in the city. Subscription, with any one of the *Albion* engravings, sent free by post, $5 per annum, strictly in advance. Subscription for six months $2 50, and for three months, $1 25. Half-yearly and quarterly subscribers will receive a copy of the Prince of Wales' Portrait, or any one of the four last mentioned engravings in the following list, free by post, these being smaller than the others. Clergymen and Teachers, $4 per annum, without engravings. Subscription for one year, with any two of the large-sized Albion steel engravings, in addition to a small one of the Prince of Wales, free by mail, six dollars, in advance. Subscribers will be supplied with extra engravings, at $2 each, post-paid, but the price to non-subscribers will be $3. For two copies, $9 in advance; for five copies, $20 in advance; for ten copies, $35 in advance, with an extra copy to gotter-up for fifteen copies, $48 in advance, with an extra copy; for twenty copies, $60 in advance, with two extra copies.

Alfred Items.—The "croquet mania" no longer rages here. It supplanted base-ball more than a year ago; and now the last relic of croquet is about to be consigned to its resting-place beside its more *manly* victim. "Peace to its ashes," and "may the morn of its resurrection never dawn."

The work still continues on the "Institution grounds." The bluff west of the "Brick" has been graded in such a manner as to add much to the beauty of the grounds. A new walk is to lead from the "Brick" to the Park.

The usual hurry of street cleaning, &c., has commenced. This, always, is a forerunner of Anniversary. And such preparations are being made throughout town as to leave no reasonable doubts of their ability to supply all demands made on them next week in the amplest manner.

The Alfredian Lyceum (ladies) will occupy their new room this week. They are to hold a dedicatory session next Saturday evening. The room is in the west wing of "Brick Hall," and, although on the fourth floor, is a good one. The society has at great expense fitted it up for a session room, and it is now second to none in town.

Pennsylvania Items.—Sharon, Pa., objects to having her dogs poisoned, and offer $800 reward for the arrest of persons engaged in the work.

The Venango County Democratic Convention favors the nomination of Col. Jas. K. Kerr for Governor. So says the *Argus.*

There are reports of the probable resumption of work in the Anthracite Coal Mining Districts.

The Titusville *Herald* announces that a new forty barrel well was struck on the Lyle farm, near the National wells, a day or two ago.

We take the following from the Greenville *Argus*:

"A few days ago a new well was struck on the Patterson farm, Bull run. The product is now reported at thirty-six barrels a day. The working interest is owned by Messrs. Shidmore, Campbell and others.

About ten days ago a new well was struck on the Niagara Oil Company's tract, Cherrytree run. It has been pumped steadily since, and is now yielding thirty-five barrels per day.

The well owned by the Bonnelhoff Company, on the Herbert tract, Pleasantville, which was struck a few days ago, is now yielding about 25 barrels per day.

A new well was struck on Wednesday on the Baney farm, Cherrytree run. The land and working interest is owned by Baum Bros. The well has not been pumped a sufficient length of time to determine what it will produce, but it will undoubtedly be a paying institution.

The production of West Virginia has been decreasing on account of several wells failing. The well at Volcano, or White Oak, which was drilled to a depth of eight hundred feet in April last, and which flowed one hundred barrels of light oil for a time, is now yielding only twenty-five barrels a day.
