NEWS OF CANISTEO.

Final Rehearsal Held. Personal Mention.

THE BAND CONCERT.

Largely Attended and Highly Appreciated by the Audience.

CANISTEO, Dec. 11.—The final rehearsal of the members of the band for their entertainment to be given tomorrow night was held this evening. Everyone is looking forward to something good and all are going. The entertainment commences at 8 o'clock. Admission 25 cents. Let everyone go, and help the boys and get the best entertainment for twenty-five cents ever given in our village. The boys have had a hard struggle and have won out, so go and help them.

A High Encomium—One of the best encomiums of praise for real artistic work in special lines is the following letter which is among a large number of similar ones in the possession of Edwin L. Hough. Mr. Hough has just returned to his home here for a visit. He has been on the road in his specialties for the past two years:

Beethoven Piano & Organ Co.
Mfgs. High Grade Pianos.
Paterson, N. J., Nov. 24, 1905.

Mr. Edwin L. Hough:

I never in all my life listened with such pleasure as I did tonight to your whistling and piano playing. I speak particularly of your whistling, which is beyond all question the sweetest and most effective I ever heard. It will always give me great pleasure to have you at my warerooms. With best wishes I remain.

Yours very truly,
CHARLES M. TUTTLE,
Secretary and Treasurer.

[Mr. Charles Tuttle is a brother of the late vice-President Hobart's wife.]

Junior Shakespeareans—The Junior Shakespeare club met this evening with Mrs. Dr. C. L. Preston of West Main street. One of the pleasing features of the evening was the special entertainment furnished the guests by Edwin L. Hough, Canisteo's whistling virtuoso. His rendering of the "Star of the Sea" and "The Mocking Bird" were heartily enjoyed.

Odd Fellows Prosper—Regular meeting of the Odd Fellows' lodge was held Monday evening, a large number being present. Many new members are being added and much interest is taken by all. The work upon their new lodge rooms in Riddell hall is steadily going on and when completed, will be model in every respect.

Landlord Lee Moving—Landlord F. W. Lee is moving from the Parker House into the J. C. Rammacher hotel on Depot street, and will be ready to serve the public Thursday of this week. The move Mr. Lee is making will enable him to better handle his large patronage and increase his business.

An Injured Head—Fred Hall, Erie operator is off duty on account of an injury which effects the nerves on one side of his head. M. C. DeWitt of Elmira is supplying his place for the present.

Will Open Saturday Evening—J. C. Rammacher, who moved from here to Hornellsville recently is getting settled in his new location on Broad street. He will have an opening on next Saturday evening.

Next!—After the band concert, what? Why, the play to be given next week Tuesday evening by local talent. Evening rehearsals are now going on.

Sale of Fancy Work.—The ladies of the Baptist church hold a sale of fancy work, etc., at the studio Dr. Riddell store on Greenwood street, this Tuesday afternoon and evening.

Child's Hand Badly Cut.—The little daughter of Mr. and Mrs. Charles Eason very badly cut her hand while handling a butcher knife Friday. The wound was promptly dressed and the child is doing well.

Home Talent Play—The date for the home talent play to be given by the Winodonaeans has been fixed for the eighteenth of December. Nightly practice is being held.

Secures Good Position—L. J. Hubbard has secured a position as manager of the Kolander Pharmacy at Olean. His duties begin tomorrow morning.

Mrs. Clair Howes and daughter Helen spent Sunday here, the guest of friends.

Mrs. Henry Taylor of Elmira is visiting relatives here.

L. D. Whiting, president of the First State bank is in Alfred today on business.

Fred O. Burrell of Addison spent Sunday at his home here.

Miss Rua and Miss Warring spent Saturday at Hornellsville.

The Thimble Circle held a very pleasant meeting at the home of Mrs. C. E. Smith Friday evening, she giving a dinner in their honor.

The Musical given by Mrs. Louise K. Mills Friday evening was the best ever given in our village, and was greeted by a large crowd. Mrs. Mills and those taking part are to be congratulated on the success of the entire programme.

Mr. Ingalls of the Bateman Manufacturing company of Elmira was in town on business today.

Mrs. J. Sanders of Salamanca was a guest at the Parker House over Sunday.

Mr. C. L. Thomas is in Buffalo today on business.

Mr. and Mrs. C. W. Beebe of Addison who have been visiting at the home of Mr. and Mrs. "Ned" Sheldon have returned.

Charles Mattock of Wellsville was a business caller here yesterday.

William Cobb of Spring Mills spent Monday here, leaving on train 8 for New York city on a short business trip.

Carl C. Bartlett of Whitesville was a visitor in town today.

CANISTEO, Dec. 12.—Thirty-one young men and women, members of the sophomore class from Alfred University, held a class banquet at the Canisteo House this evening, and the occasion was both profitable and enjoyable. They came down from Hornellsville by trolley and later returned in like manner, thence via the Erie railroad to their Alma Mater.

About half past eight a crowd of young men students of Alfred University arrived in town with the evident purpose of creating some college boys' mischief with the class of sophomores, who were already here holding a class banquet at the Canisteo House. These lads, it appears, put in their appearance a little too late to check the supper provided by Landlord Beagle, as the "sophs" had stolen the march on them. At any rate considerable fun was had and our streets were enlivened by the presence of the young men and their college yells.

No public entertainment has attracted more attention than the concert of the Canisteo Corporation band, which was given this evening at the Presbyterian church. Since the use of Academy hall, through unavoidable circumstances, was denied to them, the band organization was given the use of the church, and that spacious auditorium taken advantage of by the presence of hundreds of our best citizens. The varied musical program heretofore published was rendered throughout almost faultlessly, and the audience which filled the church was not only pleased but highly appreciative of the successful efforts of our home band to give the public such an excellent musical treat. Manager Holmes as well as all who took part are to be congratulated over the unbounded success of their entertainment.

A Valuable Invention—C. L. Thomas, manager of the Thomas Coil Spring works of our village was in Hornellsville Monday in the interest of his Automobile Coil Spring. Mr. Thomas informed the Times correspondent that he has received some very flattering offers for his spring. It is claimed that the coil spring which is capable of holding the weight of any automobile, that is manufactured today and can be applied without interference to any of the machinery, will revolutionize automobiling of today. Mr. Thomas expects to place the spring on the market in the near future and Canisteo can look forward to having one of the leading industries of this country today.

Successful Sale.—The sale of holiday goods by the ladies of the Baptist society was held this afternoon and evening in the Riddell store. The pretty display found a ready sale and the efforts of the ladies in this direction were well repaid. Coffee and sandwiches, ice cream and cake were served, of which people partaking from the band concert were liberal patrons.

Institute Next Week.—Teachers' Institute will be held here as customary yearly, next week, under the charge of Commissioner W. S. Hawley. It will be no doubt an unusually large gathering. The teachers' institute always enlivens things in our village and nearly everyone believes in interested therein. A program for the weeks' work is being prepared. Meantime the time for the annual holiday vacation approaches and the schools will be closed for three weeks.

Rev. L. F. Mulhollen of Knoxville was in town yesterday.

Some needed changes are being made in Riddell Hall, which was lately rented by the Odd Fellows as their new headquarters. When completed the apartments will be among the handsomest and most convenient lodge rooms in this section.

John Chase of Whitesville is spending a few days in town.

The Brady bare company will hold its annual banquet on new year's day.

Charles Crane has accepted the city of the U. S. Express company at Hornellsville as a clerk.

SOUTH CANISTEO

Turkey That Dressed 23 Pounds.—Death of Alonzo Broughton—Brings Many From Away.

SOUTH CANISTEO, Dec. 11.—John Wilson and Lavern Rice drew a couple of loads of plank from the lower Crosby farm on the river, to this place Friday. The plank will be used on the piling by the parsonage.——Collins Whitemore and Tracy Drake attended a dancing party on Travis Creek Friday evening.——Before moving to Hornellsville, about Thanksgiving time, Mr. Broderick took to the Hornellsville market, about one hundred dollars worth of meat and fowls. Among the latter was a dressed gobler that weighed 23 pounds.——Stanley Wilson and Marshall Corrin went home over Sunday from Hornellsville.——Mr. and Mrs. Robert Pie of Harrison Valley, Pa. and Mrs. Lillie Davis of Knoxville, Pa., Mr. and Mrs. Myron Page of Troupsburg, Mr. and Mrs. Samuel Lamphier, George and Stephen Woodward of Hornellsville, were called here Saturday by the funeral of Alonzo Broughton.——Mr. and Mrs. Willis Schenck, Mrs. Elizabeth Whiting and Mrs. Asher Whiting of Jasper, attended preaching services here Sunday.——Sunday was a blustery day on the hills.——Isaac Vanhouten is drawing his hay from the Swale to Canisteo.

BOARD OF REVIEW EXPELS HORSEMEN

Six Members Barred from Association, Including Two Who Entered a Ringer at Bath

NEW YORK, Dec. 5.—The board of review of the National Trotting Association in session here today expelled six members and disqualified four well known horses.

J. Carey of Bradford, Pa., was suspended for alleged "ringing" of the horse Dick Berry under the name of Surprise at a meeting of the Rimersburg, Pa., driving association.

William Moore and J. Hooker Wilson of Frederick, M. D., were expelled on complaint of G. B. Lewis of Oswego, N. Y., who alleged Moore and Wilson entered the mare Ruby Electric at Bath, N. Y., under the name of Blanche K.

J. W. Cames of Carroll, O., and S. T. Schaffer and C. W. McCrea of Lancaster, time keepers at the Fairfield County Agricultural Society meeting at Lancaster, O., were expelled on charges of misrepresenting the time made by certain horses in the 2:18 class.

The mares Baby Burns and Bessie G, gelding Brown Joe, and the stallion Clatemore were disqualified, but this may be removed by the payment of $100 in each case.

ALFRED

The sophomore class at Alfred University sprung a surprise on the freshies Tuesday afternoon, when at 4:00 three rigs drove out of Burdick's livery stable, crowded with laughing sophs. The freshies were lined waiting and the many faces of the crisp sophomores and the class yells displayed the class spirit which is characteristic of Alfred.

A small crowd of freshmen met the crowd at the train but only two of them had nerve enough to board the train. One of these, the sophomores found and put off at Almond, while the other, Fred Rogers, was handcuffed and taken on to Hornellsville.

The jolly crowd boarded a car for Canisteo which the superintendent kindly held fifteen minutes, due to the lateness of the train.

The sophomores had a fine spread at the Canisteo House, and enjoyed the occasion thoroughly. The menu was very pretty, but the words on them seemed to draw more attention than their decorations.

Following the banquet the following list of toasts was given:

Class of 1908—

Freshmen Claim Victory.

The following statement was made last night by a member of the Alfred freshmen class:

"The sophomore class held their class banquet last night at the Canisteo House, (Canisteo) but according to the 'campus rules' the freshmen have the victory.

"The rule which applies to the banquet says that the class that first gives their job after the banquet is over is victorious. A delegation of freshmen tracked the sophs to Canisteo and as they filed out of the banquet hall, they were greeted with

Ecn dica deen dica dug-a-dica dine,
Alfred! Alfred!! nineteen-nine.

which is the freshmen class yell.

"One freshman whom the sophomores had taken to insure his safety also gave the yell before they had left the hall."

HEIR TO MILLIONS.

A. O' Keefe, a prominent business man of Seneca Falls, has discovered what he believes to be its direct descent from Daniel O'Keefe, who died in Texas about thirty years ago, leaving an estate valued at $11,500,000, which is now managed by a government commission in the expectation that it will revert to the government, Mr. O'Keefe having died without leaving a will.

$5,000
Reward will be paid to any person who can find one atom of opium, chloral, morphine, cocaine, ether or chloroform in any form in any of Dr. Miles' Remedies.
This reward is offered because certain unscrupulous persons make false statements about these remedies. It is understood that this reward applies only to goods purchased in the open market, which have not been tampered with in any way.
Dr. Miles' remedies cure by their soothing, nourishing, strengthening and invigorating effects upon the nervous system, and not by paralyzing and weakening the nerves as would be the case if these drugs were used.
For this reason Dr. Miles' Anti-Pain Pills are universally considered the best pain remedy
"I have suffered for 25 years with severe pains in my head, heart and back, and have tried everything I could get and could not find any relief until I got a box of Dr. Miles' Anti-Pain Pills. I suffered as long as 12 hours at a time with such severe pains that I feared I would lose my mind. The Anti-Pain Pills gave me relief in from 10 to 20 minutes. I do not have to use Morphine any more. I wish you would publish this so that other sufferers may find relief."
J. A. WALKER, Salem, Ind.

A Prize Good Reason for the Lack of Enthusiasm Over Baseball in the Crystal City.

(Special to the Times.)

CORNING, Dec. 12.—There has been a woeful lack of interest in the subject of baseball in this city since the close of the season just past, and the reason for it has been a great mystery to the majority of the people.

It now transpires however, that the team ran $1,300 behind making expenses this year and therein may be seen an obvious reason for the backwardness of leading fans in taking up the question of playing the game next year.

It will take some hard work and some deep going down into pockets to square up old scores and it is exceedingly doubtful if sufficient capital will be found to back a league team next season.

STATE MUST PAY FREIGHT.

ALBANY, Dec. 12.—The city of Auburn today instituted claims against the state for $3,102 for a sidewalk laid by the city on State street in front of the Auburn state prison in 1901.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.
Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.
Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.
Women as well as men are made miserable with kidney and bladder trouble, and both need the same general care. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

New York's Good Roads to Be a Special Attraction.

Has the movement to which Horace Greely contributed his famous advice "Go west, young man," passed its climax, and is there already a resurgent movement of farmers back to the East?

'Tis said that the influx of farmers from the East into Iowa is at an end and that the significant decrease in population of that state during the past five years, is due to the migration of farmers from Iowa to Manitoba, and other newer and cheaper fields.

According to the American Cultivator, the cheapness of land in many parts of the East is attracting more and more attention from the enterprising Western farmer, while the Easterners are beginning to realize what an advantage they have in the ability to buy land situated near the largest markets at much lower prices the West. If grain and potatoes are to be produced at a profit on Western bottom land which costs from $100 to $200 an acre, it surely should be feasible to grow them at a profit on eastern lands quoted at half price. The Cultivator hears that a westerner, who had been traveling through the Atlantic states, writes to tell his friends in the West that now is the time to get farm lands in the East, at prices which seem to the Western farmers like "giving it away," but that the people of the East are waking up, and will not let these prices for farm lands long continue.

"The significance of this to agriculture in the East," says the Syracuse Post Standard, "is of great, and the approval of the $50,000,000 bonding amendment for road improvement by the voters of New York state will put this Commonwealth for one in a position to make the best of the eastward tendency in agriculture. Going west to grow up with the country was very popular in Greely's time. It appealed to the romantic nature of Americans, to their love of frontier and their inclination towards a new deal. But the western farmer who comes back east to take advantage of the ridiculously low prices of first class farming land in this part of the world is not experimenting. When he buys such land as the American Cultivator describes, he is betting on a sure thing."

All Run Down
THIS is a common expression we hear on every side. Unless there is some organic trouble, the condition can doubtless be remedied. Your doctor is the best adviser. Do not dose yourself with all kinds of advertised remedies—get his opinion. More than likely you need a concentrated fat food to enrich your blood and tone up the system.
Scott's Emulsion of Cod Liver Oil
is just such a food in its best form. It will build up the weakened and wasted body when all other foods fail to nourish. If you are run down or emaciated, give it a trial; it cannot hurt you. It is essentially the best possible nourishment for delicate children and pale, anaemic girls. We will send you a sample free.
Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Announcement Made That One Will Be Held in Canisteo on March 5 and 6, 1906.

A Farmers' Institute has been scheduled by the state authorities to be held in Canisteo, March 5 and 6, next. No factor in agricultural education has done more to bring about the present era of prosperity in New York state than the Farmers' Institutes which are held in the various counties of the state each winter through the instrumentality of the bureau of farmers' institutes which is a branch of the state department of agriculture and is administered by F. E. Dawley who has had direction of the work who for the past ten years.

The number of applications is increasing each season which shows the interest the people of the state are taking in this movement. Dr. F. M. Bertron is fortunate in securing a meeting to be held on March 5 and 6 in this place.

Shawmut Busy Drawing Gravel to Fill in Washout

ANGELICA, Dec. 12.—The Shawmut has been battling with a flood the past four days. This may seem false, especially in a dry time, but it is nevertheless true. When the Shawmut was constructed a few years ago it was built across a ravine on the Charles farm, two miles south of this village. The track is about ninely feet above the bed of a small stream which flows down the ravine and a twelve foot culvert was constructed to carry the water through the big fill that was made. The fill was made with soft dirt, mostly mud secured from a nearby cut.

Since the fill was made more or less trouble has been experienced at this point by the grade sliding out and leaving the track suspended in the air. Last week workmen were at work at the culvert trying to release a large quantity of water that had accumulated above the fill, caused by a small slide which had stopped the mouth of the culvert.

They released the water and no mistake, and when it went a large section of the grade, sixty feet wide and nearly to the bottom, went too. This occurred Saturday morning and since that time all passenger trains have had to transfer at that point and all freight trains have been abondoned.

Three work trains have been running day and night, drawing gravel to fill up the washout and it is estimated that it will take several hundred more carloads to make the fill the company expects to have the fill completed and trains running again over the culvert by Wednesday night.

ENFORCE ELKINS ACT

Rebates and Discriminations by Carriers Must be Stopped.

WASHINGTON, Dec. 12.—Attorney General Moody today sent a circular letter to all the United States district attorneys, eighty-five in number directing them vigilantly to enforce the provisions of the Elkins act against rebates and discriminations of all kinds by carriers. The method of proceedings suggested is by way of indictment.
