HURRAH FOR US!

It's all over. All over but a few excuses and parting shots of praise. After the students have extended pats on the back to the team, it is due time that the cheerleaders got their praise. Definitely the best dressed bunch, our cheerleaders far outclassed any of the opposing teams. Not only did their varied assortment of cheers place them in their position, but also their active, energetic motions.

So here's to a group of girls who cheered a still great team on.

ALMA MATER A JEST?

For most people their "Alma Mater" is an expression of both the sentiments they feel toward their school and the good sportsmanship that should be a part of every American pupil's make up, but that is not always the case.

March 4 we heard the most distorted form of humor we have ever witnessed. A group of students were so mistaken in their beliefs as to take their school song whose true meaning should spell loyalty, fidelity, devotion, homage, allegiance, enthusiasm, and faith and turn it into a questionable parody.

Have you gained nothing from your years at school? Do they mean nothing to you? Have you worked for four years, or three, two, one, only to see what you have worked for torn from its pedestal? Can you see the ideals which are of necessity a part of your "Alma Mater" besmirched? Will you allow your school to be laughed at, mocked, cast to the base depth dug for it by the traitors to scholastic ideals—to your ideals?

Interest Shown In Ping-Pong Tournament

The large demand for ping-pong as a recreation in Andover Central School resulted in a tournament.

The tournament is open to any one who desires to enter. Those who enter must play three games with each opponent. The results to date are as follows:

Boys' Tournament

Winner	Loser	Score
J. Lynch	A. Temple	21-8, 14-0
G. Greenan	V. Oakes	21-15, 21-14
P. Dunham	W. Dolan	21-20, 21-12

Girls' Tournament

B. Ludden	C. Handley	21-19, 19-21 21-17
M. Baker	B. Temple	21-11, 21-7

Mr. Holmes has expressed his desire to have more contestants to play their opponents instead of practicing so much. —L.O.

Fight 'Em! Fight Em!

With the game for the championship of Class C League in Allegany county in view Monday evening, the students gathered in the gym Monday afternoon for a pep meeting. It was a real pep meeting with loads of pep and plenty of noise.

Mr. Holmes and Mr. McGee gave short talks about cheering and the game.

The cheerleaders gave different cheers with lots of noise for response. They sang "Fight 'Em—Andover—Fight 'Em" for the first time in such a meeting. —K.H.

Seniors Order Rings

The Seniors ordered their class rings this week. The ring is 10K solid gold with a crest bearing the letter "A" and below it Andover H. S., which comes in three sizes, minature, medium and large. The prices are: minature, $7.50; medium $8.50 and large $9.75. The class is paying $5 for each ring and each Senior pays the difference. M.C.L.

Senior Play Makes Progress

The play to be presented by the Senior class this spring is now making rapid progress and will be ready to be presented on April 9th. Work on the second act has started. Most of the cast have learned their lines and the rest are learning theirs as soon as possible. Already there is rivalry as to who will be the "hit" of the play.

Play rehearsals are being held almost every night from now until Easter, so that it will be ready to be presented soon after school convenes after Easter vacation. —V.O.

Large Crowd Attends Playoff Game at Cuba

Probably the largest group of students ever to follow the local high school basketball team out of town, journeyed to Cuba Monday evening where they attended the playoff game for the Class C League championship of Allegany county, between Andover and Belfast.

Three buses which held a total of 100 pupils, including the players, transported the group to Cuba.

The basketball team is grateful for the support given them by the students this season and hope that this support will continue in future seasons.

The cheerleaders were a great help to this support and the team is also thankful for their throaty cheers which have often urged them to victory this year. —L.O.

MUSICAL BARS

Sorry Jane, your name was omitted last week as being a new member in the orchestra. (She plays a trombone.)

We would like to devote part of our column this week to the grade assembly held last Friday. Members of various grades presented a very interesting and talented assembly. The following are some of the highlights which were presented.

While the orchestra was leaving the Nonsense Song was sung by the group.

"Faithful Forever," Ruth Hardy.

"Flow Gently Sweet Afton," cornet solo, Dorothy Mead.

"Capitol Ship," rendered by the group accompanied by Dorothy Lincoln at the piano.

"Robin Hood," quartette: Ruth Hardy, Florence Dodge, Victor Clark and James Backus.

The high school favorate, Billy Dougherty, also sang a solo which was very nice.

Mr. Giffin should pick his talent on Bus No. 1 that went to Cuba Monday night. They had some very good harmony (especially Mr. MacKay). —D.M.-E.C.

Watch Your Step!

Last Thursday just before Social Science class began. Claude Shellman when he was jumping over a seat caught his foot in the crack between the seat and the back of the seat. He tried in vain to remove his foot and finally Miss Barrett came to help him. Her attempt also proved futile. He finally succeeded in getting his foot out after taking his shoe off and giving his foot a good squeezing.

After this he firmly resolved to watch his feet more carefully. A.T.

Junior Class to Present Clinton Buehlman

The Junior Class of Andover Central School is going to present Clinton Buehlman, radio's number one clown, in the near future.

Buehlman is heard every morning except Sunday over station WGR from 7 o'clock until 9. It is said that he is listened to by more people than any other radio comedian such as Jack Benny, Fred Allen and Joe Penner.

Many of you have heard him and will know what to expect when he appears on the stage in the Andover Central School auditorium. Those of you who have not happened to tune in on "Truly Buehly" as he calls himself, have missed some of his queer eccentricities such as chopping up the piano with an axe.—L.O.

Gettin' Around –

Confidentially, Miss Barrett should be taking subjects in science, too. She had to have a student find out whether zoology was the study of plants, animals or both.

You should have seen the various cu-u-te baby pictures of the Seniors. Such darling little——!

Dugan has publicly admitted he has a huge desire for necking, besides his other various likes. Why, Chesty!

Vince reads all the jokes he can get. Now, it has been reported he is absorbed in "The American Girl." Find anything interesting?

Seems good to see the other branch of the Lynch family back. "Real ole hoss an' buggy days," says Peg, when she hitches up old Dan.

The way some teachers hide their birthday records is a crime. Looks suspicious to me.

That groaning you heard was the Latin students at their five weeks test!

At least Belfast can't crow!

Ping-pong tables have to be reserved ahead of time now. Mr Holmes needs two more.

Newell Baker had the honor (?) Monday night of being the "girl" to ride on the big bus. B.L.

Cast Is Chosen for Operetta

Tryouts for the operetta "Jeanie" to be presented in this school in the future were held Thursday afternoon in the study hall. Each pupil tried out for every part and the judges, Miss Larkin, Principal Bretsch and Mr. Giffin voted for the one they thought had the most acting ability as well as musical talent. Following is the cast:

Jeanie Rawdon, a young Southern girl—Eleanor Northrup.

Judge Calhoun Rawdon, Jeanie's uncle—Donald Emery.

John Smith, Jeanie's sweetheart—Arthur Temple.

Rodney Crawley, the villian—Claude Shellman.

Mr. Poisson, shyster lawyer—Richard Clair.

Lily Blade, flirt—Marilyn Hardy.

Mary Blake, flirt—Anna Hardy.

Young Men, also flirts—Wendell Vars, Clyde Shellman.

Mammy Phyllis, darky woman—Jeanne Backus.

Lucifer, darky servant—Charles Gath.

Sophomores Hold Party

Last Tuesday night the Sophomores held a party in the gym following the plan of the Juniors' recent party. There was a basketball game between the boys and girls which the boys won by a landslide majority. Ping-pong, badminton and shuffleboard were enjoyed by the 20 members who attended. Refreshments were served at 8:30 of chocolate milk and cookies. It was found impossible to get any chocolate milk in Andover on such short notice so Vic Oakes and Stan Ruger were taken by Mr. Maloy to Wellsville to purchase some. —V.O.

BELFAST DOWNS PANTHERS IN THRILLING GAME

Last Monday evening Belfast High School defeated Andover for the championship of Allegany county and the right to enter the finals at Alfred by the score of 37 to 35.

The game was close thruout and neither team could get more than a three point lead during the game. Dolan and Dugan were high scorers for Andover with 16 and 12 respectively, while Franklin and Smith scored 12 each for Belfast.

Andover led at half time by the score of 15 to 14. But Belfast began to click in the fourth quarter and took the lead. In the closing minutes of the game Andover scored a basket on a fast break but it did not count because the player was out of bounds when he shot.

The summary.

DRIBBLING WITH DRISCOLL

With Monday's night loss to Belfast, Andover finished another basketball season and one of the most successful ones in recent years. The loss in this play-off game should not blind us to the fine season of eleven wins and four losses or to the eight straight league wins for Andover's first championship. We had an inexperienced team, which surprisingly developed into a pennant-winner. Winning games thru courageous second half rallies and losing others to lack of height and experience, the team still deserves a great deal of credit. Monday night, hampered by sickness of Greene and injuries to Dugan and Dean, the boys failed to display their best form, but went down fighting in a close game. Belfast has a good big team and we wish them luck thru the remainder of the season, but we are not overlooking our own team, champions of our league.

Arkport qualified to meet the Allegany winner in Steuben county by whipping a game Prattsburg team 40 to 26. This game, like our own playoff, was decided largely by the size of the winning team.

County champion in Allegany county for 1939-1940 are Bolivar in Class A; Cuba in Class B; and Belfast in Class C. Cuba won 15 straight before dropping a single point decision to Bath last Saturday night.

The interclass teams started playing this week. Here's a good chance to develop future varsity players.

We'll venture out on a limb and pick the winners of the sectional tourney in Rochester. We'll offer no guarantees with these predictions and ask you to remember that all so-called experts have a tough time picking winners. Here are our choices—North Rose in Class C; Cuba to nose out Williamson and York Central in Class B and Fairport to replace Corning's Class A champs.

I don't see how Kenny Gath was out of bounds the other night because several people saw that Ken wasn't out of bounds. If so Ken's two points should have been chalked up to tie Belfast anyway.

The Angelica coach put up a kick on one of Belfast's players had at least four fouls on him and wasn't put out of the game. I know nothing about it. If any of you want to know, you will have to ask the official.

I think Coach McGee should be congratulated on a fine coaching career in the six years he has been in Andover High.

I see the former coach of Andover, Pat Perrone, is interested in Andover's basketball team. We were very glad to hear from "Pat."

INTERCLASS BASKETBALL TEAMS START

The interclass girls' and boys' basketball teams started playing Tuesday afternoon. Each class has a boys' and girls' basketball team of its own. Those wanting to participate in these activities may do so.

These games are to be played between now and Easter vacation.

There are eleven teams and a captain for each team. The captains are:

Boys team—
Freshmen: Warren Dolan
Sophomores: John Dean.
Juniors: John Lynch.
Seniors: Billy Dugan.
Post Graduates: Leo Nobles
Faculty: Mr. McKibben

Girls' teams—
Freshmen: Mary Baker.
Sophomores: Wanda Dolan.
Juniors: Nancy Snyder.
Seniors: Kaliopy Karcanes
Faculty: Miss Barrett. F.P.

JUNIORS TO OPPOSE SOPHOMORES IN BASKETBALL SKIRMISH

The boys of the Junior class of Andover Central School will oppose the boys of the Sophomore class to settle the common argument as to which class can play better basketball. No definite date has been set for the encounter.

The Junior team will be chosen from the following: George Greenan, John Ahrens, Roland Shaff, John Lynch and Wilbur Lehman. The fact that Ken Gath and Don Lynch won't be able to play because they are members of the first ten on the varsity basketball squad may make it possible for the Sophomores to overthrow the Junior quintet.

The Sophomore basketeers will select their quintet from the following: James Driscoll, Wendall Vars, Donald Emery, John Howland, Miles Gorsuch, Paul Ryan, John Dean, Stanley Ruger.

The game promises to be a close one and will give the fans much excitement. —L.O.

Sulphur Shown In Sound Film

Last Thursday afternoon, Feb. 29 the chemistry class, during the class period, witnessed the showing of the film on "Sulphur." The instructor, Mr. Maloy, used this film to show the class the Frasch and Chamberlain processes in the production of sulphur.

The class learned many things about the production of sulphur. At the present time Texas is the chief sulphur mining state in the United States. In Texas, one will find model communities with modern equipment for those working in the sulphur fields. Huge power houses are needed to force compressed air and water at the temperature of 325 degrees F. down two of the three pipes one inside of the other, which are drilled into the ground, much as the oil workers drill for oil. The third pipe carries melted sulphur up to huge vates from the sulphur field, perhaps 1,000 feet under the level of the ground. The sulphur is al-

lowed to solidify in these vats after having had the impurities taken from it.

When sulphur is wanted the sides of the vats are removed and holes are drilled into the cake of sulphur. Dynamite is placed in these holes and allowed to explode. The sulphur, in a powder form, is then put on "gondola" cars to be carried to ships or in box cars to be taken to the interior of the United States.

Yearly there are 750,000 tons of sulphur shipped out of the United States. The United States uses about 1,500,000 tons of sulphur a year. This amount of sulphur in one piece would be larger than the Empire State building in New York City.

There are a great many uses for sulphur. It is used in the making of paper, rayon, sprays and insecticides, rubber and chemicals. Its greatest use, however, is in the making of sulphuric acid. This acid is used in fertilizers, oil refining, medicines, safety glass, dyes, soap and it has a great number of other uses. —C.M.

Progress of the New School

Last Thursday two Hi Herald reporters obtained permission to enter and examine the new school building. They found that it was progressing fine, and that in another two months it would be finished completely as far as the building is concerned.

Some of the new things such as the electric hand dryers are going to save the janitors a lot of work. In all the class rooms there are cork block floors, and the desks and seats will be movable like the sample ones now in the school library. Every room is equipped with a loud speaker, telephone, show cases, book shelves as well as the new indirect lighting. In the Agricultural and Shop room, there is an outside door thru which automobiles can be brought into the room for study. The locker rooms have six showers each. In the halls the walls are a pinkish tint, a color reported as being easiest on the eyes. When plays and other entertainments are presented, the seats will be taken out of long drawers which roll out from under the stage. The bleachers will fold into the wall which will give more room for gym classes. —A.T.

Senior Autobiography

ONLY CHILD

In the morning of Dec. 13, 1922 at my grandmother's home in Whitesville, I was born—nothing exceptional. I was named Elizabeth Anne but soon became known as Betty Anne. Contrary to the present, I wasn't very big and at the age of six months I weighed an astounding ten pounds!

Like most small children, I did just the opposite of what I was told and consequently I ate a handful of lye. This was one of the most "burning experiences" of my short life.

On March 14, 1928, my baby sister, Phyllis Marilyn was born. At her death, two months later, I again became an "only child."

My grade school days were happy ones and prior to coming to A. C. S., an always-remembered-event was my first proposal which I received while yet in the fifth grade.

In eighth grade I met my most terrifying experience, "Graduation." Nothing has ever left me less self-confident than that.

During my high school years I have always carried that "inferior feeling" and even yet I do not feel "at home" in this school.

My Junior year in high school was my favorite, due mostly to the play in which I had a part.

Altho I have enjoyed being in this school, I am looking forward to the night that will set me free to broader fields. —B. A. Greene

KNOW YOUR LAW

by
Carroll E. Mealey
Commissioner of Motor Vehicles

Below are presented some questions and answers on the subject of the Vehicle and Traffic Law and rules of the road. Readers are invited to submit questions to Information Service, Bureau of Motor Vehicles, Albany, N. Y.:

Question—What type of motor vehicle accidents must be reported to the Commissioner of Motor Vehicles?

Answer—All accidents wherein death or personal injury result.

Q.—If a full report of the accident is made to police headquarters is it still necessary to report to the Commissioner of Motor Vehicles?

A.—Yes. Failure to do so is a misdemeanor.

Q.—What accidents are investigated by the Bureau of Motor Vehicles?

A.—All accidents resulting in death or serious personal injury; accidents in which police authorities have made arrests; accidents where the operator is 65 years of age or over.

Q.—Can copies of accident reports be obtained?

A.—Yes. Certified photostatic copies of accident reports are obtainable for $1.40.

Miserable with backache?

WHEN kidneys function badly and you suffer a nagging backache, with dizziness, burning, scanty or too frequent urination and getting up at night, when you feel tired, nervous, all upset . . . use Doan's Pills.

Doan's are especially for poorly working kidneys. Millions of boxes are used every year. They are recommended the country over. Ask your neighbor
