KILLED BY CARS

Lewis Baker Struck by Engine and Killed Near Almond Saturday

Lewis Baker was struck by the engine of the Allegany division freight near the station at Almond Saturday night and injured so as to cause death within a few moments.

Mr Baker had been working on the farm of Thomas Long in the town of Howard and came to Hornell in the afternoon and to Almond on train 101. No one saw the accident but it is evident that he was caught by the freight engine as it was backing down the switch. He was discovered by Wm. Dahill, a trainsman, lying on the track in a dying condition. His head was badly injured and the entire right side crushed. Medical help was hurriedly summoned from Almond but nothing could be done for the man.

The body was taken to Hornell where funeral service and burial were conducted Monday morning.

Deceased was fifty-one years of age and is survived by four children, two sons, Uriah, of Milton Junction, Wis., Morris, of Hornell, and two daughters, Mrs. John Mead, and Miss Minnie Baker, of this village.

Two women claiming to be related as mother and daughter, assuming some culture and refinement, are, according to a Warsaw paper, going about from place to place in Western New York seeking board and staying until put out for non-payment. They have just "done" the Portage hotel out of several weeks board.
