YOU may be as particular about your clothes as you like; about style about the cut and model, about fit, about quality; you may even think you can't get what's good enough ready-made.

All right; that means you haven't seen our new suits from

Hart, Schaffner & Marx

and that means, if you're sensible as we think you are that you're going to see them before you spend any more clothes money.

We tell you this: For style, for tailoring, for models, for all-wool, honest quality of fabrics, no tailor or clothier can match them; and we know it. It's money in your pocket to let us prove it: and you'll get better clothes than usual.

Weston, Ocean-to-Ocean Walker

Said recently: "When you feel down and out, feel there is no use living, just take your bad thoughts with you and walk them off. Before you have walked a mile things will look rosier. Just try it." Have you noticed the increase in walking of late in every community? Many attribute it to the comfort which Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes, gives to the millions now using it. As Weston has said, "It has real merit."

People Tell Each Other About Good Things.

Fourteen years ago few people in the world knew of such a preparation as a powder for the feet. To-day after the genuine merit of Allen's Foot-Ease has been told year after year by one gratified person to another, there are millions who would as soon go without a dentifrice as without Allen's Foot-Ease. It is a cleanly, wholesome, healing, antiseptic powder to be shaken into the shoes which has given rest and comfort to tired and aching feet in all parts of the world. It cures while you walk. Over 30,000 testimonials of cures of smarting, swollen, perspiring feet. It prevents friction and wear of the stockings and will save in your stocking bill ten times its cost each year. Imitations pay the dealer a larger profit, otherwise you would never be offered a substitute when you ask for Allen's Foot-Ease, the original powder for the feet. Imitations are not advertised because they are not permanent. For every genuine article there are many imitations. The imitator has no reputation to sustain—the advertiser has. It stands to reason that the advertised article is the best, otherwise the public would not buy it and the advertising could not be continued. When you ask for an article advertised in this paper see that you get it. Refuse imitations.

Fire Destroys Big Barn

Fire Friday morning destroyed the barn of Frank Hoyt, on the Hoyt farm, Canacadea Creek, near Alfred Station, with its contents of 40 tons of hay, 40 tons of straw, farming implements, a buggy and harness, a Jersey bull, 3 horses, 2 colts and 2 cows. The loss is about $2,000, with no insurance. The barn was a large one, 40 by 80 feet, and was the pride of the place. It was the last of the old time barns with a cupola on the top. The fire is supposed to have been caused by a spark from a passing locomotive.

Organization of Library Boards

A meeting of the organization of Library boards in Steuben county was held in Bath last week. Reports from all the different departments were encouraging. Mrs. Frank H. Bliss of Buffalo, reported for the industrial training department which was organized last year at the Belmont convention. Serving public interest in the New York State Trades School for Girls at Syracuse has been an important part of the department work.

Mrs. A. A. Gillette, of Cuba, acting president of the Allegany County Federation, told of the work of that organization in establishing libraries in the fifteen towns. There were many new suggestions offered for the future of the federation.—Reporter.
