Dennis Dunn was a visitor in our city Thursday.

Joshua Slayter who was recently injured by a gasoline engine in West Union, was in Greenwood Tuesday.

The political bosses are fighting hard to defeat the direct nomination legislation proposed by Governor Hughes. Tyrants are never inclined to surrender power willingly.

The Coroner's Jury in the case of George W. Cross, killed by accidentally discharging a rifle wire at Bath, rendered a verdict exonerating the Electric Light Company from negligence in the matter. This, however, is not decisive, as an action for $20,000.00. damages has been brought against the company on account of Mr. Cross' death.

The fire-bug who set the grand stand and several other places ablaze in Hornell has been located and is now in Bath jail awaiting the action of the grand jury.

The Corning Leader of Feb. 4th, contains an account of the marriage in that city on Feb. 2nd, of Miss Calla Van Vleet to Herbert D. Benedict. The bride formerly lived in Greenwood and is the daughter of Mr. and Mrs. John Van Vleet and granddaughter of Mr. and Mrs. L. D. Ersley of this place.

A committee from the Wellsville Board of Education have after an investigation of the subject, reported that High School Fraternites are not desirable. It seems to us that that would depend a good deal upon the way they are conducted.

W. H. Brown, a South Canisteo poultryman, by painting his poultry house a light green has induced his hens to lay three eggs per day more than when housed in the plain unpainted structure. There is no telling how many eggs he would have received if he had painted it a dark green with trimmings.

JOHN S. HARTRUM

John S. Hartrum who has been an invalid for over three years, died Thursday morning, February 4th, 1909, at the home of his daughter, Mrs. George Mulligan. Mr. Hartrum was born at Elizabethtown N. J. nearly 86 years ago. Shortly after his parents moved to the Lake country near Trumansburg N. Y. and at 9 years of age he moved with his parents to Greenwood N. Y. in which town he has lived ever since, living for over seventy years on the same farm.

In his earlier life he taught school for a number of years being Town superintendent of schools for one year. He was a man who had many friends and was highly respected by all who knew him.

He served his town as Supervisor also as Assessor and collector.

In 1872 he married Miss Malinda Orcutt of Savona N. Y., who survives him together with two daughters Mrs. Lewis Osmin of West Union N. Y., and Mrs. Geo. Milligan of Greenwood N. Y.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system Its a godsend to weak, sick debilitat. blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c. at

Flower Beds For Sidewalk Spaces.

As spring will soon be here, the following plan of a Cleveland man to beautify streets is of timely interest:

Secretary Moore of the park department believes that residence streets with lawns between the sidewalk and curb might be beautified by flower beds and that if the city of Cleveland would add the plants to Superintendent Graham's annual list of bedding out plants at no cost to the property owners, the cost systematic flower planting scheme could be carried out on the residence streets of the city. Park Engineer Strickland declares that he would not favor the use of flowers in place of the ordinary grass plots unless a systematic and uniform plan of planting is adopted on each street. He suggests that a street with a solid hedge of four o'clocks or a similar plant would make a very good appearance.

Town and Country Betterment Club.

Oak Grove, Mo., with a population of about 1,000, has a commercial club which pledges itself to work for the betterment of the town and surrounding country. The club, which was recently organized, has a membership of seventy-one. Among the members are several farmers.

Great Overcoat Sale

We've got too many Overcoats and we don't believe you have enough. We want to sell ours and here is the way we feel about it. We would rather sacrifice our profit and part of the cost than carry the coats over to another season. There's nothing wrong about our proposition--it's good business for us to do so. The Coats are of this season's make-- the best we've had. They're right in cut, fabric and tailoring, and they are the product of the Be st Makers. Buy your Next Winter's Overcoat now It will pay you to do so.

Great Trouser Sale

Every winter we have a Tronser Sale Trousers accumulate in every Clothing Stock, and we prefer to sell them rather than carry them to another season. Most every Man has room in his wardrobe for a pair or two of extra Trousers. Perhaps a pair of these would bridge over the gap that lies between now and Spring Suit time. Choice patterns---correctly cut and tailored by a Splended Trouser Maker. Not a few odds and ends but a large splendid variety. You'll not get Trousers at these prices again--at least, not soon Call in and see what a cut we have made in the prices.

Enlarging Your Business

If you are in business and you want to make more money you will read every word we have to say. Are you spending your money for advertising in haphazard fashion as if intended for charity, or do you advertise for direct results?

Did you ever stop to think how your advertising can be made a source of profit to you, and how its value can be measured in dollars and cents. If you have not, you are throwing money away.

Advertising is a modern business necessity, but must be conducted on business principles. If you are not satisfied with your advertising you should set aside a certain amount of money to be spent annually, and then carefully note the effect it has in increasing your volume of business; whether a 10, 20 or 30 per cent increase. If you watch this gain from year to you will become intensely interested in your advertising, and how you can make it enlarge your business.

If you try this method we believe you will not want to let a single issue of this paper go to press without something from your store.

We will be pleased to have you call on us, and we will take pleasure in explaining our annual contract for so many inches, and how it can be used in whatever amount that seems necessary to you.

If you can sell goods over the counter we can also show you why this paper will best serve your interests when you want to reach the people of this community.

Why It's Worth While

You want the best FURNITURE you can get for the least money, don't you? Then let us show ours. We are just out of the high rent district, expenses are low and we buy in big quantities. For that reason prices are 10 to 20 per cent. lower than other stores. Is that worth saving? Come here and let us satisfy your Furniture needs. If it is Furniture, we've got it.

Mayor Gaynor [illegible] Sidewalk Contest.

[illegible] Antonio, Texas, [illegible] the sidewalks in front of their respective properties. [illegible] be induced to persuade their [illegible] neighbors to improve the family homestead with a brand new cement sidewalk.

As a means of bringing about this aforementioned rivalry the mayor proposes to create a sidewalk building honor roll and not only have the names of the progressive ones made a matter of record each month, but to have the list published, so that all may single out the city's world compellors from their less enterprising neighbors. He believes that this method of bringing conditions to the attention of the housewives of the city will cause them to become interested and that through their efforts a material stimulus will be given the movement.

For instance, the mayor holds that when Mrs. Think whose husband has been negligent to his civic duty in this respect notes in the daily paper that the Blankers just around the corner have improved their residence with a fine new sidewalk she will take that afforesaid negligent husband to task and that the upshot of the interview will be the addition of progressive Mr. Blank's name to the next months honor roll.

The proposed roll will, besides give the name of the latest sidewalk builders, show the number of lineal feet they have put down.

A Lesson From Canada.

The Grand Trunk Pacific is a new transcontinental road now making rapid progress across Canada. Built according to the most recent ideas of railroad construction, it is said that in establishing towns along the line the road has adopted the plan of so laying out the streets and restricting the building in proximity to the station that the towns shall not present a their railroad entrance that disordered, mushroom and shabby aspect which small communities do so commonly present there. The primary motives of the directors are neither altruistic nor aesthetic. They argue that a pretty station placed in attractive grounds and with a pleasant town setting will do more to build up the towns (and therefore the railroad) by inviting passengers to visit and invest in them than would a vast amount of advertising. The argument is one that ought to be laid to heart by small communities everywhere.
