W. G. KAPLES

Death of Another of Andover's Respected Citizens.

The death of Wm. G. Kaple, at his home on Barney street last Friday, threw a pall of sorrow over Andover people. Although he had been ill with pneumonia a week, his condition was not considered serious but a few hours before his death, and many of his friends in this vicinity knew nothing of his illness until they learned of his death. Wm. G. Kaple was born in what is known as East Valley, about three miles northeast of this village, in the town of Alfred, Oct. 21, 1846. With the exception of the last eight years, which has been spent in this village, his entire life was passed in that vicinity, where he was well known and highly respected as an accomodating neighbor and progressive farmer. Oct. 24, 1879 Mr. Kaple was married to Miss Prudence Burdick, and to them was born one daughter, Mrs. Leon E. Cook. Besides his wife and daughter he leaves one brother, Eugene Kaple, and one sister, Mrs. Mary Chase, both of Andover.

Funeral services were held at the home on Barney street, Sunday afternoon, conducted by Revs. A. L. Boynton and J. W. Wright, and the Odd Fellow Fraternity.

Andover Lodge No. 786, I. O. O. F. to the number of nearly 80 members attended the services in a body showing the high esteem in which Mr. Kaple was held by his fraternal brothers. The interment was in the East Valley cemetery.

Our Reprerentatives In State Legislature

Resume of the Work at Albany by Allegany County's Representatives Senator Witter and Assemblyman Phillips. From the Reporter.

ASSEMBLYMAN JESSE S. PHILLIPS

Hon. Jesse S. Phillips of Allegany county has completed his ninth consecutive year in the Assembly, having been elected the first time in 1899.

Mr. Phillips was chairman of the Judiciary committee, second on the Commitee of Ways and Means and a member of the Rules Committee.

This year he has introduced over 80 bills; in this number are the reenacted or consolidated laws, which are all of the old Statute Laws of the State, and the laws which were in effect at the beginning of this year. Mr. Phillips was a member of the Legislative Revise Committee which had the matter of the re-enactment of these laws under consideration during last year, after the adjournment; the duties consequent to this position were laborious and required much attention.

He has also introduced many bills necessary for the conduct of the departments of the State. He also was the introducer of a bill giving the Utilities Commission greater power and control over corporations, as was suggested by Governor Hughes in his message to the Legislature.

Mr. Phillips also introduced a bill regulating primary elections; probably Mr. Phillips was as prominent as any man in the State in his opposition to the so-called direct primary bill introduced by Hinman and Green in the Senate and Assembly. Mr. Phillips is a thorough believer in the delegate and convention system; his bill if it becomes a law will preclude fraud, and Mr. Phillips believes that the people can have free and full opportunity to express their wishes at the primaries under the present system, if the rights and interests of the people are properly safe guarded by Statute law. He believes the conditions in this State are as free from fraud and chicanery as in States which have tried the new scheme of direct primaries, and far more so than in some of the States, some of which are in the throes of political scandal and corruption and yet have some form of direct primaries. He believes there is no necessity to change when the people are electing such men as are at the present time in office.

Probably no man in the Legislature has had more work to do than Mr. Phillips and he has not slirked any of it, but when occasion has required has worked far into the night.

Jesse Phillips is held in high esteem by the heads of the various State Departments and by the members of the assembly and no man is better or more favorably known in the Capitol.

Mr. Phillip's Legislative record has been a credit to himself and to his constituents; for years he has not only represented Allegany County but the entire State.

In practice and belief Mr. Philips is an organization man; he believes the Republican party leaders should consult on important measures and when they have agreed upon a course of action every man in the party with any position should stand firm for what a majority deem the best. This is sometimes a hard thing to do but in the end it works to the benefit of the party and Republicans believe for the best interest of the whole people. There has been much done this year to bring corporations into doing the right thing and labor and capitol have been brought in to more friendly relations by the wise action of this Legislature.

SENATOR GEORGE H. WITTER.

Hon. George H. Witter of the 44th Senate District, which includes the counties of Allegany, Wyoming and Genesee, has demonstrated his fitness for the position of the Senator in this his first year in the State Legislature.

Dr. Witter has had much experience in public affairs and has taken an active part in politics for years; he was member of the State Committee for seven years and had a wide acquaintance with prominent men in the state before he was elected senator.

Senator Witter has been faithful in his attendance at the session of the Senate and has taken an active interest in the health legislation for the State and local matters in reference to the counties in his district.

Mr. Witter was appointed Chairman of the Committee on Public Health, and made a member of these four other important committees, namely, Agriculture, Affairs of Villages, Commerce and Navigation and Public Printing.

Senator Witter introduced three bills amending the Game Law in reference to Genesee county; a bill which amends the law in reference to locating tuberculosis camps; repealing the law which placed the enforcement of the law in reference to adulterations of stock food in the hands of the health department; here after this law will be enforced by the Agricultural Department; changing the law in reference to the appointment of Health Officers; a bill in reference to the Pollution of Streams by Sewage; amending the law relative to the practice of Pharmacy, which prevents the adulteration of drugs and medicine and supervises the sale thereof; a bill which permits the forming of fire districts in territory which lies in more than one county; amending the Game Law limiting the number of black bass in Oil Creek reservoir to be taken by one fisherman in one day; and bills regulating the sale of bonds in Wellsville in reference to the Police Justice of Wellsville and a bill to regulate transient retail business in Wellsville; nearly all of the bills introduced by Dr. Witter were passed through the Senate without opposition.

Senator Witter is genial and affable; he is a gentleman naturally and he readily makes freinds where ever he is known; his ability, experience in public affairs and disposition will make him one of the leaders in the upper house of the Legislature.

The Bible School Convention of Allegany County will be held in the Baptist church at Cuba, May 18—19.

THE MAJESTIC STOCK CO.

Held The Boards at The Auditorium Monday, Tuesday and Wednesday Evenings.

The Majestic Stock Co. that played in reportoire at the Auditorium, Monday, Tuesday and Wednesday evenings did good work. The first night "The Runaway Girl" was presented. It was the poorest of the three performances. One actor stumbled on her lines, much to the discomfort of the troup, and disorganized the entire evenings work. But Tuesday evening the company made good and pleased a small sized house immensely with "When Women Love." They did the work with much credit to themselves, as they also presented "Kathleen Mavourneen" Wednesday evening. This company have a good line of specialty

ROY ENGLE

stunts between the acts, Especially clever was Carl Adamson as Comedy juggler.

Wednesday evening nearly 20 Odd Fellows filled the boxes at the Auditorium coming in a body, complementary to their brother, Roy Engle, who is one of the owners of the Majestic Stock company.

The Company have arranged with the Managers of the Auditorium for a return date the first week in October and will be greeted with well filled houses without a doubt.

The News bespeaks for Mr. Whaples and Engle a successful summer season. They are booked for Shinglehouse, Salamaca, Warsaw, Perry Hornell, and villages of that order.

Resolutions.

The following resolutions have have been adapted by the Andover Lodge No. 786, I. O. O. F.

Whereas, It has pleased Our Heavenly Father in his infinite wisdom, to permit death to again enter our lodge and remove from our midst our beloved brother, Wm. G. Kaple, therefore, be it

Resolved, That while we bow in submission to his manifestation of divine providence, we cherish with sincere affection the remembrance of our brother, be it also.

Resolved, That we extend to the sorrowing family our sincere sympathy in their hour of bereavement, and that our charter be draped in mourning 30 days out of respect to our departed brother, and that a copy of these resolutions be presented the family of our brother and published in the Andover News.

ROADS MUST BE BETTER MADE

"HAPPY-GO-LUCKY" DAYS IN ROAD MAKING ARE GONE, SAYS THE OFFICIALS AT GOOD ROADS HEADQUARTERS.

The following directions to a county superintendent have been sent out from the state Depratment.

"It has already been found that many highway commissioners are working in utter disregard of the instructions contained in the directions for the guidance of town superintendents and they must all be given to understand that these directions are mandatory and must be strictly adhered to. The practice of bringing a lot of sod and rubbage into the center of the road, leaving the made to be worn down by travel, will not be tolerated, and you are directed to take steps to prevent abuses of this kind. Sluices, culverts and ditches must be cleaned and properly opened and road machine gangs must not be allowed to go a long distance ahead of the trimmer gang. "Well begun is half done" and any commissioner who is inclined to be lax in his methods might just as well understand first as last that the old happy-go-lucky days are gone, and "because we have always done so' will not be taken as a reason for doing so now. The importance of the particular in matters of detail in this primary work cannot be too strongly insisted on for the sooner you get your town superintendent into the habit of doing careful and systematic work the easier it is going to be for you latter on."

Card of Thanks.

We the undersigned wish to express our sincere appreciation for the kind assistance and sympathy rendered by our friends and neighbors during our recent affliction and sorrow. We especially extend our thanks to the Odd Fellow Lodge for their generous assistance during the illness and death of our departed husband and father. Also the quartett for the excellent music and to the ministers of the several churches who participated in the service.
