Hopes To Start Bird Breeding

Commissioner James S. Whipple of the state forest fish and game bird propagation, which is to be located in Chenango county, southeast of Utica, will be established and stocked this season and that he hopes to be able to distribute birds next year, an appropriation having been provided by the last legislature.

Hungarian partridge, English pheasants and quail, principally, will be propagated, and the eggs will be hatched under common hens. The farm will open about 500 pairs of birds and several hundered dozen of the birds will be distributed as soon as they are able to take care of themselves. Eggs will be furnished those who will hatch them on their own premises and distribute the birds locally.

Andover Stamping Company Re-Organize

THE CONTROL OF THE COMMON STOCK OF THIS COMPANY PASSES FROM THE POSSESSION OF F. E. DOLITTLE AND F. H. RUNDELL TO ROCHESTER PARTIES.—RUNDELL GODS TO OREGON:

An entire change of management of the Andover Stamping company was effected, Tuesday, May 11, when Messrs. Sol. Berman, R. J. Lindsay, Henry Berman, Geo. A. Kapell and Abe Berman, all of Rochester, with the exception of R. J. Lindsay, who was the enameler of the Andover Stamping Co., purchased all of the common stock of the company held by F. H. Rundell, of this village, and T. E. Doolittle, of Elmira. Mr. Doolittle was the president of the company and Mr. Rundell Secretary-Treasurer and General Superintendent. Messrs. Doolittle and Rundell held about $16,000.00 worth of the common stock, which is now owned as above stated.

The sale of this stock was brought about through the efforts of R. J. Lindsay, who was the enameler of the company. For a number of months the business of the Andover Stamping company has been greatly hampered on account of lack of working capital. Fruitless effort were made to secure additional funds and things began to look bad for the company. Looking for his own interests, Mr. Lindsay interested these Rochester gentlemen in a proposition of coming to Andover and erecting a new plant. Just at the time when things looked as though a new plant was a reality, Mr. Rundell gave Mr. Lindsay an option on the shares of stock held by him, in Andover Stampling Company and after an interview with Mr. Doolittle at Elmira obtained a similar paper from him, thus, instead of establishing a new factory as was originally planned, a controlling interest was secured in the Andover Stampling company.

The new officers and directors of the new company elected last Tuesday are as follows:

Officers

President, Geo. A. Kapell
Vice President, Abe Berman
Secretary-Treasurer, Henry Berman
Manager, Sol. Berman.
Supt. of Works, R. J. Lindsay.

Directors

Sol Berman,
R. J. Lindsay.
Henry Berman,
Geo. A. Kapell,
Abe Berman.

Mr. Sol Berman and family, of Rochester, will move to Andover and make this their future home, having also purchased of Mr. Rundell his residence on Rochambeau Avenue. Mr. Sol Berman has for a number of years been one of Rochester's leading building contractors and dealer in real estate. Henry Berman has been holding a responsible position with the Lincoln National Bank of Rochester, which position he resigns to come to Andover, Abe Berman was connected with a large wholesale clothing house, of Rochester, while Geo. A. Kapell is a member of a law firm in Rochester and has a large practice in that city in real estate transfers, titles and business interests.

In an interview the News was unable to get from the new management any definite information as to their future anticipations for the business, as they said that they did not wish to be put on record as making any promises to Andover people that later they might find impossible to fulfill, and their plans were not yet completed, but we were assured that they would do everything in their power to make a big success of the Andover Stamping Company in Andover, giving it the benefit of their successful business training and the neccessary working capital. Attorney Kapell will not locate in Andover, but will give the business his hearty support and make frequent visits here.

The company is prepared to do any local machinist repair work and will make a specialty of this line of work.

The News extends a hearty welcome to the new management of the Andover Stampling Company to our village, and bespeaks for them the hearty co-operation of this entire community in their efforts to make the plant the success that belongs to it.

After a few weeks passed with relatives in Central New York and Michigan, Mr. F. H. Rundall and family will locate in Oregon.

Big Ones

The News acknowledges the receipt of a nice collection of post cards from L. H. Thompson, of Portland, Oregon, illustrating some of the mammouth crops raised in that section, such as farmers digging potatoes filling a whole two horse stonebeat with one potato, and having to take ropes and pulley blocks ancored in order to raise the mammouth potatoes from the hill. Mr. Thompson suggests that he could furnish some of the seed of these prolific crops to his Andover farmer friends, very reasonable.

Hardware—Millinery

One of the most unique window displays ever produced in Andover was the "Porter and Richardson Millinery Display" in their north window this week. Articles of hardware were decorated and arranged so as to appear very much like our up-to-the-minute millinery creations, and then the prices, they also compared. All in all the window drew more attention than any in this village in many moons.

ROOSEVELT CONTRIBUTES ARTICLE

The First of His Signed Editorials, in The Outlook Appears.

In the first signed editorial prepared by Theodore Roosevelt in the current number of the Outlook, production is characteristically a Roosevelt document, discussing the developments of the Japanese question. Both sides of the issues are given which incorporated in the whole is a plea for a greater American navy. He contends that we have a right to say what immigrants shall come to our shores, but we are powerless to enforce this right against any nation that chooses to disregard our wishes unless we continue to build up and maintain a first-class fighting navy.—Olean Times.

Mother's Day

"Mother's Day" was observed at the Presbyterian and Baptist churches in the village, Sunday.

Fine sermons were preached by the pastors and special music arranged by the choirs.

The members of the congregations were presented with white carnations as a sign of the observance of the day.

In an address to the people of West Virginia asking the people of the state to remember the day Governor Glasscock requested them to wear the white carnation "because its whiteness stands for purity, its form for beauty, its fragance for love and its lasting qualities faithfulness—all a true mother's virtues."

Life Sentence

John L. Whiting of Bolivar was found guilty of the crime of rape upon his two daughters, aged 13 and 16 years, the mother is dead and the girls lived alone with their inhuman father.

The circumstances of the case were brought to light when Whiting's son who lives in Wyoming returned home for a visit discovered the state of affairs and immediately had his father arrested.

Justice Brown sentenced the man to 20 years at hard labor at Auburn States prison. As Whitling is 58 years of age this practially means a life sentence.

COUNTY SUFFRAGE CONVENTION

LARGEST ATTENDANCE EVER KNOWN AT THE REGULAR MEETING HELD AT ALFRED.

Over forty delegates, besides a large number of visitors, attended the County Convention of the Political Equality Clubs of Allegany County, at Alfred, May 6th.

The ladies were cordially welcomed to the village and the Convention by Miss Eva St. Clair Champlin, president of the Allen Civic's Club of Alfred. Mrs. Roxanna Burrows, County President, responded.

The morning session was occupied by reports of clubs and superintendants.

In the afternoon Mrs. Charles Day, of Wellsville, gave a report of the state and national conventions held in Buffalo, last October.

Mrs. A. D. Howe, of Whitesville, read an instructive paper, "The Status of Equal Suffrage in Foreign Countries and in Our Land." "Observations in Colorado and needs in New York" was the subject of an able address by Rev. L. C. Randolph, Pastor of the first Alfred seventh Day Baptist church, Dr. Randolph said emphatically that he was in favor of Woman's Suffrage, presenting his reasons in a pleasing and forceful manner, which left no doubt as to the sincerity of his words. Mrs. Ella Hawley Crossett, of Warsaw, president of the New York State Suffrage Association was next introduced and in her remarks said that Allegany County was the banner county of the state and did the most effective work for the suffrage cause giving as the reason in part for this, that Allegany County has the best county president in New York state.

A statement which was answered by a burst of applause from the audience. Professor Nathaniel Schmidt of Cornell University gave an interesting lecture in the evening upon the subject, "Universal Suffrage and Democracy."

Music was furnished by a ladies double quartett from the Alfred club. At the evening session a solo was sung by Mrs. Ethelyn Rogers of Andover.

Officers elected for the year were President, Mrs. Roxanna Burrows, of Andover; Vice President, Mrs. Jennie R. McEwen, Wellsville; Recording Secretary, Mrs. Eliza B. Fries, Friendship; Corresponding Secretary Mrs. Tennie C. Backus, Andover; Treasurer, Mrs. Winifred Smith, Scio.

Greetings were brought the convention from the Woman's Christian Temperance Union and the Grange of Alfred. Dinner was served in the parish house by the W. T. C. U., at noon and a reception and luncheon given the ladies at the home of Miss Champlin at 5 o'clock.

The Convention was a success in every way, every Suffrage Club in Allegany County being represented and the largest attendance of any year since its organization, with the most encouraging reports from local clubs.

Great credit was due the Allen Civic Club for their thoughtfulness in arranging for the convenience of the convention and the cordial hospitality extended the visitors.
