The High School Base Ball team went to Belmont Saturday, and played their High School team and were defeated by a score of 1 to 5. It was a fine game throughout. Wednesday the return game was played on Andover's field and Andover was victorious. The game stood 8 to 5. Mention should be made of home run, Robinson. Both pitchers did good work. Mariner had 4 strike outs to his credit, while Bloss had 14. Neither pitcher let a man walk. The line up was as follows:

Belmont		Andover
Corbin	Catcher	Trowbridge
Mariner	Pitcher	Bloss
Gosser	1st. Base	Trowbridge
Graham	R. Field	Backus
Wallace	2nd. Base	Bartlett
Newton	Short stop	O'Hara
Snyder	3rd Base	Brainard
Mertes	L. Field	Robinson
Knowlton	C. Field	Hunt

Next Saturday Angelica meets Andover on our home ground. It is reported that Angelica is playing fast ball and every one knows Andover is, we turn out and see a big game. It will help make the game more interesting.

The Kappa Zeta meeting which was to be held last Tuesday evening was posponed.

AFTER THE NEW STATE ROAD

ANDOVER'S BUSINESS MEN WILL PROTEST AGAINST BEING CUT OUT, AT ELMIRA TO-DAY.

By the reading of the proposed route for the new state road to be constructed wholly at state expense it would appear that the highway commission was intending to cut out Alfred Station and Andover from the map, going down McHenry Valley from Almond, then down the Vandermark to within a mile or so of Scio, and thence to Wellsville. A large delegation of the Andover Business men's Association are in attendance at the hearing before the state highway commission at Elmira this morning, protesting against such a course.

There is no reason why such a cut should be made otherwise than that if saving mileage and grade. The Vandermark—McHenry Valley route is about three miles shorter and a very little easier grade. But if it is the saving of distance they are after, why do they not cut out Wellsville, as they go within only a couple miles or so of Scio on the way to Wellsville and then turn around and go back again to Scio. Then they could save four miles of road. The grade is but very little better than that along the Erie Railroad Route No. 1 as sent out by the state Highway Commission is as follows: Extending from a point at or near Almond on the dividing line between Allegany and Steuben Counties, southwesterly to Wellsville, extend thence northwesterly and westerly by way of Belmont and Belvidere, Friendship and Cuba to a point to be determined by the Commission on the line betwen Cattaraugus and Allegany Counties

Route No. 16 commencing at the village of Cuba and extending thence northeasterly by way of Belfast and Caneadea to a point to be determined by the Commission between Allegany and Wyoming Counties.

THE UNION DEPOT

Over 50 Andover People Participated. Under the Auspicus of the Lucy Stone Club.

The Union Depot put on at the Auditorium, Wednesday night by the Lucy Stone Club of this village drew an $87.00 house. The parts were well taken and the audience kept in a happy temperament from the rise of the curtain to the good-night song. The musical numbers were of the best. Miss Julia Raufenbarth and Arthur Brilton in the characters of two strolling musicians made a hit. The solo by Miss Helen Richardson with chorus of High School boys and girls was excellent and the Ladies' Quartett, Mesdames Prest, Rogers Bettinger and Phillips in the role of The Opera Company delighted the audience and were heartily encored. The members of the Euterpe Club as college boys were greeted with a storm of applause upon their appearance. The club is an old time favorite with Andover people and the greatest pleasure was manifested by the audience at the privilege of hearing them again. Appearing in the chorus, Wednesday evening were Messrs, James Cannon, Earl Richadson, A. B. Burrows, Arthur Brillon, Thomas Regan, John E. Cannon and F. W. Burrows. A more harmonious blending of trained voices would be difficult to find.

The committee in charge are to be congratulated upon the success of the performance, surmounting all difficulties, and bringing the play through with honor to themselves and profit to the club. It was thought almost impossible to stage the play with such a large cast in the time allotted, but it was done and well done.

CAPTIVATED AUDIENCE

Canisteo Dramatic Company Pleased Every Member of The Audience.

The melodrama, "A Country Boy," presented by the Canisteo Dramatic Company, at the Auditorium Friday night, was a splendid production The audience fairly rising on their feet with enthusiasm at times. It is not expressing if any too strongly to say that the cast presenting, "A Country Boy," were an all-star professional bunch. At any rate, they were as good as any professional troupe that has played at the Auditorium since opening night and we have had some good ones.

Should fortune so favor us that the Canisteo Dramatic Company would again come to Andover with a production, even "Tatar Planting" time could not prevent them from having a packed house. The play was staged under the capable directorship of J. Sidney Macey, of Canisteo.

"Honor The Flag, and Our Heroes of Olden Time."

They died to keep the nation one.
For north, for south, their work was done,
And done so well that now we stand
A great and undivided land
Whose strength is union and whose good
Is sealed in lasting brotherhood.
Taps!
Lights out!
Asleep!
One flag, one country,
Shall forever keep
Those dead as sacred
And on the sod which covers them
Shall set a blossoming diadem.

PARADE AND TOURNAMENT

SIXTEENTH ANNUAL CONVENTION, CENTRAL NEW YORK FIREMEN'S ASSOCIATION AT HORNELL (JULY 20—23

The coming sixteenth Annual Convention of the Central New York Association of Volunteer Firemen, to be held in Hornell, New York, July 21-22-23, 1909, promises to be the banner Convention in the history of the organization.

The officers of the association and the Local Committee in charge of the many various details, are sparing no force to this end. The Convention will be made a meeting of vast interest and value to every Volunteer Fireman and every one interested in the fire service.

The program will include papers and addresses on topic of vital interest, given by men who are of the highest authority in matters connected with fire protection. Among those who have already consented to address the Convention are Chief Henry B. Yates of the Batallion Chief William Boggin, of the New York City Fire Department, in charge of the Bureau of Violations and Fire Appliances for the three Boroughs of the Greater City, and many other men equaly as prominent in active service of the larger fire departments, and the Fire Insurance business.

Among the additional attractions will be the first annual meeting and tournament of all the Volunteer Fire Companies on the Erie Railroad system between New York and Chicago, over twenty in number.

The Erie Tournament will be held on Wednesday July 21st, in order to in no way conflict with the Association Tournament, which takes place on Thursday morning.

On Wednesday evening the entire city and visitors will join in the festivites of a grand Mardigras Carnival. The entertainment for delegates includes seperate automobile trips for both the delegates and the ladies accompanying them. The trip for the delegates to Stony Brook Park, where they will be given a genuine old fashioned down east clam bake. There will also be numerous band concerts, and other entertaining attractions.

One of the features of interest planned by the committee in charge of work is an exhibition of fire appliances and equipments from some of the leading apparatus and supply manufacturers.

From the acceptances from companies who already belong to the Central New York Association and the many companies of the Erie Railroad who will also participate in the parade, it is confidently expected that it will excel in magnitude and in posing appearance any gathering of firemen which has ever been held in the Southern Tier.

Hornell furnishes ample hotel and boarding house accomodations for the vast crowds expected during the convention, and the railroads have already given the lowest rate which has been granted in years for any similar event.
