HARDWARE

The Andover Times Office was robbed of an early last Tuesday morning by a party of "yeggs" of the up-to-date type. They did their work in a manner indicating them to be adepts at the business. Cracking the safe in the office they escaped with $300 in cash and about $200 in stamps.

When postmaster Weaver came down to the office about seven o'clock in the morning, he found the east door had been smashed in and the safe lay in ruins. The interior of the office was badly demolished. Three charges of nitro-glycerine had been used to force open the heavy door and the damage to the interior of the building was considerable.

The burglars made their escape by the aid of an automobile. And at this time no clue to their identity has been found.

HOWARD WATCH
The Oldest Timepiece in Watch Contest

About 6 months ago M. A. Mead & Co. wholesale Jewelers offered three prizes for the oldest American watch that is still "doing time" and the awards have just been announced as per this letter.

Oct. 20, 1909.

Editor The Association Jeweler:—

We wish to advise you that we have completed the awards for the recent Veteran Contest, which attracted so wide attention among the retail jewelry trade.

First prize was awarded on a Howard watch, No. 280, submitted by W. L. Wilhelm, of Portsmouth, Ohio. This watch has been in actual service since 1858, and is found to be in good condition. This prize carries with it $75 in cash.

Second prize of $50 in cash was won by a Waltham Watch submitted by Max Elbe, of Niagara Falls, N. Y., which has been in service since 1859.

Third prize was won by C. E. Shepard, of Penn Yan, N. Y., with a Waltham watch, which has been in service since 1860.

The result of the contest has shown a surprising long life for American watches, as we had a great many submitted to us which have been in service since the early sixties, and it would seem that from forty-five to fifty years is not an unusual period for an American watch to be used and to give satisfactory service.

We do not believe that the thought is emphasized enough by the trade, that a dollar or so a year is not much to invest, when the customer considers the satisfaction of having a high grade accurate timepiece

This is one of the points we are anxious to emphasize by our contest and to furnish the buyer with a good, strong argument for buying higher grade goods.

Very truly yours,
J. T. Montgomery, Manager.

Bossett, the Jeweler makes a specialty of both Howard and Waltham watches.

A meeting of much importance will be held at Belmont on Tuesday, Nov. 30th., with both afternoon and evening sessions, under the auspices of the State Department of Highways. Mr. Frank B. Lyon, State Highway Commissioner, will be in charge of the meeting, and much valuable information on the care of highways and the building of proper roads will be given for the benefit of the public. As the meeting is a general one for the county, it is expected that all supervisors and town road superintendents will be present, and all others interested in good roads are cordially invited to be present.

Hann—Reed

A very pretty home wedding occurred on Saturday Nov. 20, at the home of Mrs. Ruger on Greenwood St. when Mr. A. W. Reed of Hornell, and Miss Ina J. Hann of this place were joined in marriage, Rev. A. L. Boynton, pastor of the Baptist church officiating. The ceremony was performed at noon, the bride and groom standing under an arch of vines and roses. After the ceremony a bountiful dinner was served by Mrs. Ruger and Mrs. Baker. All thought that Thanksgiving had come early to one home at least. Mr. and Mrs. Reed left on train 26 amid a shower of rice for their home in Hornell and with the best wishes of their many Andover friends.

Call of The Wild

An attraction that has had a tremendous amount of success in New York is "Call Of The Wild," in which Mr. Franklin Woodruff is the star. To him can be attributed much of the success as it is a known fact that anything with his name attached to it means a winner. For Mr. Woodruff is a cultured actor and works with might and main on the stage from the rise to the descend of the curtain.

The drawing powers of the play are said to be extraordinary and are brought out by the talented actor. His portrayal of John Ermine of the Yellowstone has received much praise from both the press and public. In the "Call Of The Wild" he will be seen to the best of advantage in this play. It is being heralded as the greatest drama of modern times. It will please any number of people to know that this play will be presented at Auditorium, Tuesday evening Nov. 30.

The company is said to be exceptionally strong and under the direction of Mr. Woodruff.

Dislocates Hip

Lawerence, the 11 year old son of Mr. and Mrs. Leon Bloss met with a serious accident Sunday. The barn door which was one of these with iron rollers working on a track, had become dislocated, and in trying to replace the rollers on the iron track in some manner the door got away from him and his brother, who was assisting, and fell to the ground catching Lawerence underneath and dislocating his left hip. The little fellow is getting well, and if everything works favorable will soon be out again.

FRED KAPLE DROPPED DEAD

BUYING A CIGAR IN A STORE AT HORNELL, FELL TO THE FLOOR DEAD WEDNESDAY MORNING.

Fred Kaple, a well known and respected young man of this town, died suddenly in Hornell, Wednesday morning from natural causes. He had just purchased a cigar in the Blackmar store on Canisteo St., and was in the act of paying for it when he suddenly dropped to the floor and died in a very few moments.

Mr. Kaple went to Hornell Tuesday for medical treatment at the St. James Mercy Hospital accompanied by his wife, who was in Canisteo at the time of his death. Wednesday morning he started out for a walk, and going into the Canisteo store purchased a cigar. He was in the act of taking the money out to pay for it when he toppled over and expired almost instantly. The clerk who was waiting on him and others in the store rushed to the stricken man's assistance, and Mr. Blackmer summoned Dr. S. H. Stewart. The man was dead, however before the doctor who lives nearby, could reach the store.

Coroner Wakley was summoned and after investigating the case issued a certificate of death from natural causes. The body was removed to Hartshorn's undertaking rooms in Mrs. Kaple was summoned from Canisteo arriving here a short time afterward.

Mr. Kaple was a well to do farmer residing about a mile from this village where his parents also reside. He was about 30 years of age and up to the time his health failed him was a strong robust man. Besides his wife he leaves one child.

A Moral.

A duck which stuck faithfully to business during the summer and laid several dozens of large fawn colored eggs complained that she wasn't appreciated. "See that hen over there," said the duck; "she hasn't laid as many eggs as I have, nor as big, but she has books written about her and verses composed in her honor, while nobody is saying a word about me."

"The trouble with you is," said the wise old rooster that was standing near, "that you don't tell the public what you have done. You lay an egg and waddle off without saying a word but that sister of mine never lays one without letting every one in the neighborhood know about it. If you want to cut ice in this community, you must learn to advertise."—Exchange.

Burned to Death in His Buggy

A man passing the house of John Murphy., a few miles from East Arcade, Tuesday morning, discovered a horse standing at the door of the barn with the charred remains of Mr. Murphy in the buggy. Murphy had been to a dance in Arcade the night before, and stopped at the home of his sister, Mrs. Donnelly, at the Hotel George, about one o'clock in the morning and filled his lantern with oil and in doing so spilled some on his clothing. This in some manner must have become ignited on his way home and burned him to death, but it is not known just how it happened. He was about 40 years old and leaves a wife. He kept hotel at Eagle village for some time until the license ran out in October.

The Theodore Cobb farm of 80 acres, located one mile east of Ceres, N. Y., was sold on Wednesday through the Herrick Agency of Bolivar to L. P. Hess of Whitesville. The deal included stock and crops.

Swains Oil Field News.

Last week was a busy week in the Swains-Grove oil field, and there is no end of mystery connected with the well on the Sherman Thompson farm near Grove, which is being drilled by Bradford parties. Gas was found and when the drill reached the level of the oil sand, work was stopped, the rig was boarded up and all visitors were refused admission to the Thompson well

Work was begun Tuesday on the well on Frank Harmon's farm, John Dunnigan being the contractor. The owners of the well are the Garwood Oil and Gas Company Inc., which company is composed mostly of Buffalo captalists.

Shay & Hampton's rig on the Kennedy farm is completed. It is located near the center of Grove townsnip. Silas V. Wright of Short Tract has the contract for drilling.

The well on the Lester Ames farm, put down by theGrove Oil and Gas Company has been abandomed at a depth of 1,064 feet. The well has been plugged and the casing pulled. The same company will drill another well about 1,000 feet northeast of the abandoned well.

It is reported that Church & Harris of Wellsville will drill a well on the John Hicks farm.
