THINK You Ought to Dress Better

You know what "morale" is in the army. It's fighting spirit—the courage—the confidence—the self-reliance—that drives the man first to success.

Have you thought enough about your own morale? You want success. Why scorn to use the methods that build up morale in the army? If regard for his appearance helps make the soldier efficient, greater thought for your own appearance will help you even more, for you have less to dishearten you!

Clothes do not make the man. But increase a man's self respect—make his self respect show, in his bearing, in his clothes—and surely he has increased his chance of success!

Buy good Clothes and buy them here.

Spring Suits and Overcoats, $15 to $38.

Boys' Suits—the kind that look like father's—if the boys wear them at $4.95 to $12.95.

Caps and Hats to go with these at 50c and $1.

GREENWOOD LOCAL BRIEFS

Winter returned for a new start last week.

Twenty inches of snow fell.

Snow drifted on the hills to a depth of 10 feet in places.

The best sap run of the season.

Fred Miner has added a porch to his building which adds to the appearance of the same.

Mrs. M. D. Webster is visiting relatives in Elmira this week.

The Third Liberty Loan bonds are being rapidly absorbed by people. He who helps the Government helps himself.

Notwithstanding the scriptural injunction "to be merciful to beasts" and the statute laws against cruelty, still professed Christians will sell calves to be shipped alive on a two or three days journey to market, and with the further knowledge that they can not be properly fed enroute. Such cruelty could be avoided by dressing them. "Be Merciful that ye may obtain mercy."

The Masonic Quartette of Elmira will give a concert under the auspices of the Masons at the Opera House in Greenwood Saturday evening, April 20th. A rare treat awaits all who attend.

If the autocratic Huns succeed in crushing the democratic allies it would mean a set back of civilization to the condition of the dark ages. All humanity is in peril.

Hon. Fred. W. Robbins addressed a large and appreciative audience at the M. E. Church, Sunday evening, on the war. Mr. Robbins is an eloquent speaker on whom seems to have fallen the oratorical mantle of Horace Bemis, and he has but few peers in the country. His hearers were deeply aroused.

The German leaders are staking their all on the last throw of the dice. May the result be, "heads we win, tails they lose."

The letters of the Emperor of Austria-Hungary give the lie to his declarations, "Liars should have good memories."

The Germans are advancing towards the sea in France, and help for the Allies is sorely needed. There has been too much red tape in the production of needed ships, airplanes and other war equipment. Hurry the needed help along.

We are beginning to feel the disadvantages of living back from railroad communications. Farmers are now hauling hay and potatoes to Canisteo, many of them over a distance of fifteen miles, and getting no more for their products than they would receive at home if we were on the line of a railroad.

J. M. Cheesman, who has been confined to his room by ill health, is not improving as fast as his many friends desire. Dr. Jack, of Hornell, was called to see him last week.

The venerable D. D. Smith, of Saunders, is in our city visiting friends.

Mrs. Homer Donaldson, who has been ill for some time, is convalescing.

James Cunningham, of West Greenwood, was a town caller Monday.

Willis Schenck, of Jasper, was a business visitor in town Wednesday.

Frank Shaut, of Young Hickory was greeting friends in Greenwood Wednesday.

Mrs. Fred Conrad, of West Hill, was among the village visitors Tuesday.

Thos. Coleman was in our city Tuesday.

Homer Donaldson, of West Hill, was in town Wednesday.

Austin Huff, of Jasper, was on our streets Wednesday greeting friends.

John Driscoll, of Rough-and-Ready, was a town caller Thursday.

Those who would enter the R. F. D. carrier service should brush up for the civil service examination for May 11th, at Canisteo and Corning.

The requiring of farmers to run their potatoes over a coarse sieve is very discouraging to them and will interfere with planting the coming season. It is hard to haul a load of tubers ten or fifteen miles to a railroad at 60 cents per bushel and then have to haul half of them home again.

LEAGUE BRANCHES TO HOLD MEETINGS

Nine Hundred Branches of the Dairymen's League Will Meet Saturday, April 27th to Transact Important Business.

On Saturday, April 27th, there will be the greatest series of Dairymen's meetings ever held in the state. The hour of the meetings is to be set by each local branch and may be in either the day or evening.

The purpose of this great meeting drive is to transact several very important matters of business and to get the tremendous concentrated power of the whole organization back of the same business propositions at the same time.

A regular program will be provided for each meeting. The latest news on the milk situation will be announced, problems discussed and resolutions bearing on these problems will be passed. The greatest problem, of course, is that of the present critical market situation and steps will be taken at these meetings to relieve the market as far as possible in order that dairymen may get better prices for milk for the succeeding months. Some of the problems discussed will be the use of more milk, butter and cheese to the exclusion of butter substitutes. Where possible, farmers will discuss the possibility of veiling calves. In some cases also the question of building and operating a co-operative milk plant will come up.

Perhaps the most important question at these meetings will be that of getting every member in the organization to pay his one cent per hundred towards the support of the League organization. It is unfair that a part of the membership should pay for the benefits which all receive. If every member pays his dues, there will be money enough to help pay local League expenses. These meetings come at a time when farmers are busy but no doubt most of them will be hot 3

GERMAN ATTACK IS BEFOREHAND WITH FOOD SUPPLY

London, April 15. — "Victory now is a synonym for bread in Germany," declared Cecil Rhodes, the food controller, today. "It is not only a race for Paris, but for food. The cry 'Give us bread' sounds incessantly in Hindenberg's ears and in my judgment that cry has set the German legions moving.

"The kaiser's hopes to starve us with U-boats has failed. The Russian granaries proved a mirage. Despairing energies or hunger are in the heart of the battle."

MAKES THE DOLLARS FOLLOW THE FLAG

By AUGUSTUS THOMAS.

A great American once said: "Nothing is so timid as a frightened dollar." Well, things are happening now to scare the dollars a good deal, but we are coming also to know in America that, properly inspired, a dollar can heroic too. A dollar cannot only talk, but it can make its mark. Yes, it can make four marks, and if the frightened and heroic dollars want to live, they have each of them got to do that and do better.

We are putting our boys in uniform. We'll put the dollars in uniform, too. We are putting Uncle Sam's stamp on the boys. We'll put our dollars in Uncle Sam's stamps.—We are telling our boys to go where their country calls them. We'll make the dollars follow the flag.

Uncle Sam guarantees to send our dollars back to us grown bigger than when we lend them. Let us be thankful and try to be worthy of the increase. Some of the boys won't come back because they will have grown so big that only God's own household will be worthy of them. We shall inherit their glorious memories. Let us merit the heritage. While they bleed to death in our defense, while they open veins and arteries, we can't tighten our purse strings.

As John Wesley said: "Make all you can. Save all you can. Give all you can."

U. S. NAVAL COLLIER MISSING

Washington, April 15 — The United States naval collier Cyclops, carrying 15 officers and 221 men in her crew, and 57 passengers, has been overdue in an Atlantic port since March 13, the Navy Department announced. The statement follows:

The boat carried a cargo of manganese, last reported at one of the West Indies Islands on March 14th. No well grounded reason can be given for the Cyclops being overdue. Great anxiety is felt in the Navy Department and orders have been issued for greater efforts to try and locate her. Secretary Daniels still clings to the hope that the vessel will report.

FIRM WILL INVEST APRIL PROCEEDS IN U. S. BONDS

Among the most promising reports of co-operation by great industrial companies received by the Liberty Loan Committee in New York is a letter from the Todd Protectograph Company, whose factory and general offices are in Rochester. This company announces it has decided to invest the entire proceeds of its business for April in Liberty Bonds of the third issue. The officers expect they will be able to subscribe at least $500,000.

Meat is as Necessary as Steel and Ships

Food is the first essential of the fighting forces.

The American farmer and the packer have met every war emergency, and have promptly furnished an adequate supply of wholesome meat.

No other industry can claim a better record of war time efficiency.

Swift & Company has shipped to the United States Government and the Allied Nations,

Over 12,000,000 Pounds (400 carloads) per week, of beef, pork, and lard, since January 1, 1918.

In one week recently we shipped 24,000,000 Pounds (800 carloads) and the demand is increasing.

Our profits are limited by the Food Administration to 9 per cent on investment in the meat departments. (This means about 2 cents on each dollar of sales.) No profit is guaranteed.

We are co-operating with the Government to the best of our ability.

R.R. No. 1, Lorne, Ont. — "For over three years I suffered to bed with Rheumatism. During that time, I had tried from a number of doctors, and nearly everything I saw advertised to cure Rheumatism, without receiving any benefit. Finally, I decided to try 'Fruit-a-tives' (or Fruit Liver Tablets). Before I had used half a box, I noticed an improvement. The pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

SOUTH HILL

It—Our big snow of last week disappeared quite rapidly and the mud is now the main issue. A snow storm made another attempt to put a stop to the use of sap, which ends the season.

Fred Atwood, of Andover, was a recent visitor on the hill.

Mrs. Lloyd Robinson and little son, of Buffalo, are visiting of her parents, Mr. and Mrs. Fremory.

M. T. Garvin and sons, of Andover, and Miss May Dean were Tuesday at the home of F. [illegible]

[illegible] looks now as if the dairy industry was to receive a check to match up with the one the potato industry this year. Cause — a surplus, and the cry to the farmer is to curtail production."

Nellie Horan spent Saturday night with Andover friends. We have had received by the family of the serious illness of Bridget Dougherty, at the home of her son, Daniel of Sugar Grove, with whom she had spent the winter. Her neighbors here hope for her recovery and return to us.

Some of our residents remember the April snow storm, similar to last week's storm, twenty-four or five years ago.

Atwood & McEwen well on Lynch farm was torpedoed Friday and will make a nice flow for the Penny sand. Empire Gas & Fuel Co., will begin operations again on Doran lot.

Mr. and Mrs. Leo James motored to Wellsville Monday, returning home Tuesday. Mr. James has resigned his position with the Andover Oil Co., and with his family will soon leave for Oklahoma where he has secured a lucrative position.

Henry Horan spent the first of the week in W rk on his town property.

A message received by Pat. McLaughlin Sunday announced the very serious illness of his twin brother, James, at his home in Oil City, Pa. With his sister, Miss Ella of Andover, he left for that city Sunday evening, but a notice of Mr. McLaughlin's death was wired to his brother, M. T. McLaughlin, Monday morning. James was one of our South Hill boys, where he grew to manhood, when he left the farm home to "hoe his row" in the business world and was successful in doing so. Old time neighbors and friends were grieved to hear of his death, and extend their sympathy to his family, brothers and sisters.
