[illegible] clothes—mostly all alike. Yet there is an important difference between several suits at ready-to-wear clothing and Stein-Bloch Smart and Griffon Clothes.

You can readily see the tailoring and style in any suit. But the wearing quality—the serviceability—of clothes depends largely upon the unseen things—the linings, the needlework, the tailoring. These unseen things you take on faith.

You begin to fully appreciate these things only after such service as would have put ordinary clothes into the discard. It is this inherent quality of continued smartness—smartness as long as the woolens hold together—that makes them the choice of men who know.

Prices, $20.00 to $38.00.

GREENWOOD LOCAL BRIEFS

Variable weather.

Vegetation is bounding.

Roads are in rough condition.

The hotels, which changed hand last week, have changed back.

Miss Constance Rouse has returned from a trip to New Jersey.

Leonard Dennis had a valuable horse poisoned by Paris green last week. Mr. Dennis fed him in a nose bag, and some how a paper of the poison go mixed in the feed. As soon as discovered antidotes were freely administered and it is now believed that the horse will recover. Dr. Shenck, of Jasper, has worked faithfully over the case and his success is hoped for.

Mr and Mrs. Ralph Hale, of Jasper, were in Greenwood Saturday.

Rev. and Mrs. I. R. Peacock are visiting his brother in Pittsburg, Pa. They went in their automobile for an overland journey.

William Young has returned to his home in Buffalo after a few week's visit with his father in Greenwood. Miss Ellen Young accompanied him as far as Hornell.

Mrs. Davis Webster visited friends in Greenwood last week. She returned to her home in Attica Tuesday.

Rev. Father Casey, who has been pastor of St. Mary's church at Rexville for the past fifteen years, has been promoted to the pastorate of Saint John's Church at Clyde, N. Y., where he begins his pastoral work Wednesday. Father Casey, by his long and faithful labors among us, has endeared himself to all, and his departure for a wider field of work leaves many devoted friends thruout this section irrespective of denominational lines. All unite in wishing him a long and successful life in his labors.

Denzil Freeland was in Canisteo Saturday.

Charles Batterick, of Hornell, and Miss Dorothy Slocum, daughter of Mr. and Mrs. W. O. Slocum, were married at Hornell Monday. The bride is one of Greenwood's most highly accomplished ladies and has a large circle of friends in Greenwood. The groom is to be congratulated on his matrimonial success.

Professor J. Morton Joffords and wife, of Shinglehouse, are the proud parents of a son. Mr. and Mrs. Jefferds were teachers in our school here last year.

A. B. Karlen returned from a week's sojourn in New York City Monday.

Miss Beatrice Wilcox was in Hornell Monday, as a guest and bridesmaid at the wedding of Miss Dorothy Slocum.

Mr. and Mrs. Clinton Hubbard and son, of Harrison Valley, and Mr. and Mrs. Fred Cook, of Hornell, visited Mrs. Libbie Pease Monday.

Clair Cobb, of Spring Mills, was in our city Tuesday.

Mrs. Estelle Griswold was in Hornell Thursday.

Mr. and Mrs. Fred Krusen, of Jasper, were in Greenwood Saturday.

There was a high wind Saturday night accompanied by rain.

Dew Osmin, of Rexville, was in our city Friday.

John Driscoll, of Rough-and-Ready, was in our city Tuesday.

Geo. Bard, the enterprising lumber dealer, was a Saturday business caller in Greenwood.

Wm. Rollins, of Rough-and-Ready, was in town Wednesday.

Frank Short, of Young Hickory, was a Greenwood visitor Monday.

Mrs. C. Slocum, of Jasper, was in our city Wednesday.

Mail Carrier John McRay, of Rexville, was in Greenwood Monday.

Luke Maxwell was a caller in town Tuesday.

Calvin Dennison, of Rexville, was a Greenwood visitor Tuesday.

L. H. Goff, of Canisteo, visited Greenwood friends Tuesday.

The difference between Chas. Schwab and red tape constructors is shown in the building and launching of a 5,500 ton steel ship in 27 days. It would take red tape and sealing wax probably a good part of a year to accomplish such a result.

WSS

WEATHER

Summary of Weather and Crop Conditions in New York State for the Week Ending May 14, 1918.

The warmth of the past week has been well above the normal, the low temperatures with light to heavy frosts occurred in places over the northern districts and in the foothill portions of the higher plateau regions on the mornings of the 9th and 11th; no damage, however, was reported, not even to the blossoming fruits. Adequate sunshine with but few light showers were experienced during the early part of the week, thus permitting a very rapid advance in spring work and seeding operations. On the whole the conditions during the week were very favorable for the rapid growth of vegetation and pastures, meadows winter grains, etc., have taken on a speedy development. High winds and frequent thunder-storms during the latter part of the week interfered considerably with spraying operations on fruits, but the rains were very beneficial to soils and vegetation in general and were timely needed in practically all sections. Apples and other fruits, except peaches, are now blooming heavily in the Lake Ontario counties. Cherries, however, appear to be greatly injured by the severe winter weather in the Central Lake regions. Early seeded spring grains are in excellent condition; the stands being strong and good color. A large acreage of ensilage corn is planned and many silos are being erected. Corn planting is now beginning in scattered upState counties. The season is now average, and even ahead of the average in some districts, as regards farm work, while vegetation is reported as being normal.

WILFORD M. WILSON,
Professor of Meterology.

PHYSICAL EDUCATION AT ALFRED SUMMER SCHOOL

"Preparation is Patriotism." Among the numerous courses to be offered this summer at Alfred Summer School are some fine ones in Physical Education. Miss Teacher do you wish expert instruction in Physical Training? Do you wish to be able helpfully to advise parents regarding the physical requirements of their [illegible] Summer Session at Alfred University, July 9 to August 21, 1918. Competent teachers, plenty of work, plenty of fun, plenty of good fellowship, plenty of inspiration. Write for catalogue to Dr. Paul E. Titsworth, Director, Alfred, N. Y.

A garden on every farm! There'

[illegible] lady than [illegible] to be, does so [illegible] is constipated [illegible] Dr. Pierce's Pleasant Pellets. [illegible] many people [illegible] blood of iron. In [illegible] blood many [illegible] are anemic—pale, [illegible] emaciated. They [illegible] blood corpuscles are [illegible] weak, instead of being round and full of good red blood, and the nerves are lacking in strength. Feed the nerves on good, rich, red blood, and one feels full of vigor.

How can we acquire good red blood? It is easily answered. For many years Dr. Pierce and his staff of physicians at the Surgical Institute, in Buffalo, N. Y., experimented with iron and other tonics, and finally found a soluble iron which, when combined with native herbal extracts, made a wonderful blood tonic. This they named "Iron-tic." It can now be had at most drug stores, and comes in 60-cent vials. If you feel worn out before the day is half over, if your blood is poor, if your are pale, or pimples or boils appear on the face or neck, go to the nearest drug store and get "Irontic" tablets. Take them regularly for thirty days, and you will notice the wonderful energizing effect. You will feel full of vim, vigor and vitality, instead of dull, tired and weak. If you wish to make a test send 10 cents to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and obtain a trial package. Do it now!
