STOCK JUDGING DEMONSTRATION

An Opportunity to Learn How at the Crandall Farms, Next Monday

On Monday afternoon, June 3rd, at 2 o'clock, there will be a stock-judging demonstration at the Crandall Farms, Andover, conducted by W. A. Thornton, Professor of Animal Husbandry at the State School of Agriculture at Alfred. This demonstration has been especially arranged to prepare boys and girls of this section for the judging contest which is to be held at the Great Hornell Fair, at 10 a. m. August 29th. At this time nine pure-bred calves are to be given as prizes by prominent live-stock breeders of Allegany and Steuben Counties. In Class 1, three registered Holstein-Friesian calves have been donated by Crandall Farms, Andover; R. W. Dennis, Jasper; and N. E. Coston, Greenwood. In Class 2, three registered Ayrshire calves are offered by I. D. Karr, Almond; S. Dewitt Stewart, Kanona; and L. G. Tucker, Scio. In Class 3, are offered three registered Guernsey calves by M. A. Tuttle, Hornell; Lesile D. Whiting, Jasper; and Cola Sisson, Almond.

Following the demonstration there will be ample opportunity for every one interested to ask questions about the judging work, also to fill out entry blanks for the Hornell Contest. A large attendance is anticipated. Get interested in the leading agricultural industry of your county. Get your children interested in better stock, and come yourself. Allegany County will have to hustle to win the majority of these calves from Steuben.

Beautiful

The beautiful glittering big musical comedy success entitled "The Magic Ship," Andover's annual big yearly spectacle, to be presented with a cast of 125 singers and dancers at the Andover Auditorium under the auspices of the Andover Chamber of Commerce, Friday and Saturday nights, May 31st and June 1st, promises to prove the most beautiful and spectacular attraction ever offered in this section. This is positively the first and only time that this mammouth production has ever been presented in America in a city of less than 40,000 inhabitants and the vehicle comes to Andover stamped with the enthusiastic approval of such cities as Niagara Falls, Syracuse and Rochester, N. Y. A fact to be borne in mind is that although the show is just as big and complete here as when given in the larger cities the price have been cut just in half, in other words a seat that cost you a dollar and a half in Rochester costs you in Andover 75 cts, a seventy-five-cent seat 35 cts, and so on. On the night of the last performance in Rochester the management were compelled to refuse from four to five hundred applications for paid admissions, and our readers all know that the theatre-goers of Rochester are accustomed to good shows, so make up your mind that "The Magic Ship" is well worth your attending and secure your seats for if you miss it you will surely regret it ever afterwards.

Standing of the Various Allegany County Towns

The week of June 22nd to June 28th having been set apart for War Savings Stamp week, every town in the county should endeavor to increase their sales, as much as possible, between now and then and thereby insure their town going over the top, in the amount of Stamps sold by subscription that week. Let's everyone get in back of War Savings Stamps sales and make it as big a success as was the Third Liberty Loan.

HAVE FAILED TO FILE RETURNS

Buffalo, N. Y., May 27.—Last evening, Revenue Collector Riordan said: "It has developed that a large number of persons, liable to file what is known as Information at the Source Returns, have failed to do so.

"Every person or corporation who, during the year 1917, paid fixed or determinable income to another, amounting to $800.00 or more, is required by the War Revenue Law to file with the Commissioner of Internal Revenue a statement giving the name and address and the amount paid to each such person or corporation. It has developed that a large number of persons have overlooked this requirement of the law.

The time has been extended, in which to file these returns, until June 1st next. Failure to file on or before that day will automatically result in the imposition of severe penalties. Persons and corporations, who have not yet filed such returns, should apply to this office for forms immediately, giving the number of persons to whom payment was made of $800.00 or more. The number of persons is required, so that an adequate supply of forms may be furnished the reporting individual or corporation."

[illegible] Government has made a [illegible]eral proposition to the [illegible] living along the line of [illegible]Y. & Pa., railroad, which [illegible]lish in another column of [illegible]

[illegible]ive to the duty of the citi[illegible] this matter we receive the [illegible]ing from a "Special Com[illegible]on Community Organiza[illegible]

[illegible] Government has been in[illegible]ing thoroly the conditions [illegible] along the line as to [illegible]ssity for be continuance [illegible] the New York & [illegible]ania railway. Last week [illegible]tor, Mr. Sibley, was sent [illegible] and the latter part [illegible] the War Department [illegible] Major Larkin and Mr. C. [illegible]ch of the United States [illegible] Corps to confer with the [illegible] along the line. These gen[illegible] made it plain that the [illegible] could not order the [illegible] owners of the line to [illegible] continue operations, but [illegible] Government authorities [illegible] to go a long ways [illegible] helping the people oper[illegible] The following plan was [illegible]sed: The people along the [illegible] to purchase the road for [illegible] and providing they are [illegible]ng to do so they may issue [illegible] for the full amount of the [illegible] price and the Govern[illegible] will take 75% of the bonds, [illegible] $81,250, and give the people [illegible] years in which to redeem [illegible]. This would leave but $93,[illegible] for the people to raise at the [illegible]nt time or approximately [illegible] or $15.00 per thousand of [illegible] present property valuation [illegible] all this nothing was said as to [illegible] Government operating the [illegible] it is very apparent that this [illegible] the plan.

[illegible] the matter has come to a [illegible] down. We want the line [illegible] Government is willing that [illegible] should have it. What are we [illegible]ng to do? The matter must be [illegible]sidered very seriously and [illegible]out any further delay as the [illegible]vernment officials will not hold [illegible] option open any great length [illegible]time. What does it mean to [illegible] For the past five years the [illegible] has hauled an average of [illegible]500 ton of freight, 48,961 pas[illegible]gers, 80,000 lbs. of mail, 880,[illegible] lbs. of express and 700,000 lbs. [illegible] baggage. The expense of haul[illegible] the freight to shipping points [illegible]uld the line be abandoned [illegible]uld be at least an average of [illegible] per net ton for the entire [illegible] which would mean a cost of [illegible]5,000 tons multiplied by $1.50 [illegible] ton or $183,000 yearly and the [illegible]pense of hauling the passengers [illegible] baggage and express would [illegible]ount to at least $17,000 an[illegible]ly which would mean an ag[illegible]gate expense of $200,000 per [illegible] and would save us on this [illegible] after paying down the first [illegible]yment of $94,000, a net of [illegible]06,000 gain over hauling. For [illegible] next five years we will be [illegible]ige to pay $56,200 yearly [illegible]ch would mean a saving over [illegible] actual cost of haulage of the [illegible]ght should the line be discon[illegible]ued of $143,800 yearly or an [illegible]ggregate of $825,000 for the five [illegible]rs besides owning a railroad [illegible]lued at $375,000. Can Canisteo, [illegible]ewood, Rexville, Whitesville, [illegible]nesee, Oswayo, Millport and [illegible]inglehouse afford to let the [illegible] go? This does not mean that [illegible] certain community or a certain [illegible] individuals shall be expected [illegible] do the financing for this would [illegible]ean that the burden would fall [illegible] a few for the benefit of all just [illegible] same as it does at the pres[illegible] time, but it does mean that [illegible]ryone who is benefited will do [illegible] part according to valuation or [illegible]efit received. Is it not abso[illegible]ely necessary in a patriotic [illegible]y for us we not insist to [illegible] the last power for conserving power, food and everything that we use to help win the war! Don't be a slacker; come to the front with your subscription. Do not let anyone seek you. A special committee on Community Organization will be organized and sub-committees will be located in each town. Find out who they are and go over the matter very carefully. This is the last chance. It is either this or no railroad.

LETTERS FROM OUR SOLDIER BOYS

Very Interesting Letter From Ernest Gill to His Parents: Has Been Promoted to Corporal, With Coast Artillery Corps

Headquarters Co.,
68 Reg. C. A. C.,
Fort Terry, N. Y.,
May 31, 1918.

Dear Mother, Father and all:

Received your most welcome letter this afternoon and also the Andover paper at the same time, and was very glad to hear from you, and also glad to hear you are all well as it finds me at present.

Yes, it is true what you heard about me being promoted. I am a corporal and I have my stripes on my coat sleeve and also on my overcoat sleeve. Now all the mail goes thru Divisional Headquarters and is looked over by the lieutenants to see if they are properly addressed, and if I wasn't corporal I couldn't address it as such.

Well, I am now at Fort Terry. I have been transferred from Fort Wright to here back in the Head quarters Co. I like it much better than I did the 6th Co., at Fort Wright, Conn.

The Battery Porter R. is in has gone over to France; they left Camp Dix last Friday morning at 3 a. m. I guess they are about over there now by this time. Believe me I am certainly seeing the world while traveling around from one place to another. I have my trunk with me and also my suit case. I am going to bring my trunk which we call (foot lockers) over here with me, as I think I will be home some time this next month, June, if I can. I will try and get a furlough.

Gee, I have certainly done some traveling since I have been in the Army. I went from Camp Dix to New York, and from there to Providence, Rhode Island, and from there to New London, Conn., and from there to Fort Wright, and from there to Fort Terry; now "where do we go from here?" (Ha.) I think we stay out here on this island for at least three or four weeks, then we go to northress Monroe, Virginia, and then we go to ——, that is the first landing in France.

We have some very large cannon out here along the coast to protect the island. Some of them are 12-inch cannon and some are 14-inch, and still some six-inch. The 12 and 14 inch cannons are disappearing cannons; they are raised by electricity to shoot, and after the shot is fired the cannons are lowered back of the fort.

I also rode on a submarine. We have lots of them in this harbor, and also battle ships with 18-inch guns on. Gee, you ought to see all this; it is a regular sight. We have lots of visitors out here with their friends and relatives. When I get around to it I will try to take some picures of all this stuff.

You don't want to worry so, because if anything should ever happen or was going to happen I will send you a telegram immediately this takes place.

Yes, I heard about James Mulcahy dying of tuberculosis.

No, Porter Richardson and Mort. Driscoll are not here. They are now in France, if the boat arrived there safely, as they were about to leave Camp Dix when I left for Fort Wright, Conn. They were not in the same place that I was; after they split up all up and sent some here and some there they are practically spread all over the country. There are a lot of the boys over here with me that were in Battery C. and Headquarters Co., but not any from Andover.

Well, I can't think of any more at present so will close with love to all and good-night as it is now ten minutes to ten, and the lights go out at ten.

From your Son

P. S. This is my new address until further notice.

MEMORIAL DAY IN ANDOVER

Dr. A. G. A. Buxton Gave the Address Which Was a Masterly, Patriotic Effort, and Won Words of Appreciation

Memorial Day in Andover was one that will be remembered for many a year, on account of the excellence of the program, fine weather conditions and beautiful parade.

The line of march was formed in front of G. A. R. Hall, promptly at 1:30 and was as follows:

M. J. Gray, Commander of the local Sons of Veterans, carrying "Old Glory."

Andover Band
Grand Army Veterans in autos
Color Bearers in autos
Womans Relief Corps in autos
Flower Girls in autos
Sons of Veterans
Boy Scouts
School Children

The school children made an especially attractive appearance. There must have been two hundred of the little ones marching to do honor to the old veterans of 61-65.

The services at the cemetery consisted of the usual G. A. R. ritualistic ceremonies and the decoration of the graves by a committee from the W. R. C.

After the return from the cemetery at the Auditorium the following program was nicely carried out, Rev. Chas. Collins acting as chairman.

Selection, Andover Band

"Our Country," mixed chorus of 14 voices.

Reading President Wilson's proclamation, Rev. V. L. Eggleston

Prayer, Rev. Charles Collins

"See It Thru," Chorus

Honor Roll, read by Comrade T. N. Boyd

"Liberty Bells," Chorus

Lincoln's Gettysburg Address, Rev. V. L. Eggleston

Address, by Dr. A. G. A. Buxton, pastor of the Temple Church, Wellsville

"America," by the audience

Dr. Buxton came to Andover nearly a total stranger, but he left us with many warm friends. Every one commenting upon the fine Memorial Day address expressed themselves as more than pleased. It was filled with patriotic Americanism from start to end and in conclusion gave the audience an original poem written especially for the occasion. We expected the copy of the poem for the News but was disappointed in not receiving it.

At the close of the service at the Auditorium the G. A. R., Sons of Veterans, Boy Scouts, Dr. Buxton and wife and several other invited guests were entertained at luncheon by the Womans Relief Corps.

TOBY MAKING GOOD

The Corning Leader of Friday tells of the excellent work of Clarence Trowbridge, a former Andover boy, as catcher for the Corning base ball team. It says among other accounts of the game: "With the score a tie, two men on and two out, Trowbridge, the glass works catcher hit a long drive over the left-fielder's head, winning the game for the local team in the eighth inning of its game yesterday with the American Bridge Workers team of Elmira, at Pyrex Park."

Andover people can well appreciate this feature as it is not Toby's first offense. He was full of these tricks when he played here.

Cpl. Ernest Gill,
Hdqrs. Co.,
68th Reg. C. A. C.
Fort Terry,
N. Y.

Now that C. A. C. means Coast Artillery Corps, so you can just write C. A. C. if you want to as it is just the same. Lots of the boys have their mail sent with C. A. C. instead of writing it all out.

FARMERS' MEETING NEXT WEDNESDAY

An Able Specialist of the State College Will Be in Andover to Talk to Farmers of Timely Topics and Discussions

A meeting will be held in Andover Wednesday evening, June 12th, of especial interest to the Farm Bureau members of this community.

At this time the potato crop will be thoroly discussed and the work of spraying be outlined.

John H. Barron, Professor of the Department of Farm Crops, State College of Agriculture will be present at this meeting. Mr. Barron has kept closely in touch with the entire farm crops operation thruout the state and to-day is probably our best authority on any questions of this nature which may arise. Every farmer in the community should make a special effort and be out to hear Mr. Barron. He will talk especially upon legumes, meadows and pastures.

"THE MAGIC SHIP"

The "Magic Ship" the third musical put on by the Erharts, drew two full houses at the Auditorium, Friday and Saturday nights and netted about $75.00 profit for the Chamber of Commerce under whose auspices the entertainment was given.

The entertainment was well staged, each of the 100 persons on the program doing his or her part without a hitch.

The entertainment was up to the Erhart standard of quality.

A number of Wellsville people were up to enjoy the production with us.

—WSS—

CARD OF THANKS

The members of the Andover Chamber of Commerce wish to thank all of those who assisted in any way in the production of the "Magic Ship" staged for our benefit last week.

We deeply appreciate the giving of time and effort in our behalf by the cast and the contributed automobiles for the parade.

W. S. CALHOUN,
President
Andover Chamber of Commerce.

NEW YORK CITY BADLY FRIGHTENED

Carolina Reinhart Tells Readers How They Go Down Deep in Gotham, During Air Raid.

Long Island City,
June 4, 1918.

Dear Friend Mr. Backus:—

Without a doubt you will be awake Andover people are aware of the danger zone of New York further. It is not my intention to use much space in your paper which I assure you is a ray of sunshine to we outsiders, but I feel sure you will be interested in this bit of news, as well as fire your whole soul with what every true American needs to-day and that is more realization of what we really are upon.

Our papers report the U-boats are still within the 75 mile strip, also that two have been netted; just how much more to our credit will no doubt come in the 10 p. m. edition.

To-night police reserves are out ordering all window lights out. We have no street lights whatsoever; have been in total darkness outside, this is to be kept up until further notice.

I have watched with keen interest the progress of the Andover people in war relief work and you are to be congratulated for your excellent showing. Tell Andover to "Go Over the Top." Also note you have sent out 50 young men, what a credit to you all. Uncle Sam sure will feel proud of you.

Allegany County sure has made a fine record. Wish I were a man I know what I would do.

Dear friends, let us work with a new aim in view. We must not let the enemy tread on the soil of the Dear Old U. S. A.

Wishing you all continual success and prosperity, and with kind regards to the Rebekahs,

I am sincerely,
CAROLINE REINHART.
