Whether you are making your clothes or buying them ready-to-wear, there is one thing you must look for—you cannot get one without the other. Style depends upon good tailoring—and good tailoring creates style just as night follows day.

So it follows that Stein-Bloch Smart, Clothcraft, Guaranteed and Griffon Clothes—the result of years of experience in high grade tailoring—have been generally recognized as style leaders.

The wearers of these clothes always have that feeling of confidence in being well-dressed and ready for any clothes emergency.

Suits at $18 and up to $38. Ones at $25 considering the abnormal conditions are exceptional values.

Hot weather clothes and hot weather underwear have taken exceptional bounds for the past few days—better buy now—while the stock is plentiful. Replenish is out of question from the manufacturer.

## GREENWOOD LOCAL BRIEFS

Fine rain Tuesday.

Crops are doing their bit now.

Large quantities of hay are being moved.

N. E. Coston and Bert Whiteman attended the week sale at Milwaukee, Wisconsin.

Ben Sweet was severely injured by an automobile driven by Leland Kernan last week. Mr. Sweet was pumping up his tires when struck. He spent time in it is fortunate that he was not fatally injured.

Geo. York and John Sheldon motored to Beth Friday.

The Enrollment Board meets at Greenwood, Wednesday, to register men who have reached the age of 21 since the 5th of June last. Four towns will register in Greenwood, Jasper, West Union and Troupsburg.

The Eastern Star Lodge held a banquet at Greenwood Hall, Monday evening.

Dr. Probasco was called Monday night to treat Mrs. W. O. Slocum, who was seriously ill.

Harry and Carlysle Thompson, of Spring Mills, were in Greenwood Sunday.

Drafters report to Addison today.

Mr and Mrs. W. O. Slocum were in Hornell Saturday.

Mr. Connelly of the acid plant and three government men were in town Friday to talk on the railroad situation.

It is now or never with our railroad. The Government offers to furnish 75 per cent. of the necessary funds and takes bonds as security.

The proposition is fair and the residents should realize that this is their last opportunity to secure a road.

It would cost between one and two millions of dollars to build one after this is gone which probably never would be attempted. Let us rally and have the road, for every dollar invested would pay many times over in indirect returns, besides its loss would mean the cutting in two of the property values along the line.

M. S. Williams, of Jasper, was in Greenwood Wednesday.

J. Knox Miller, Esq. was a city visitor Wednesday.

Warren Lanphear, of Jasper, was in Greenwood Wednesday.

Salvation Army officers are in town to-day canvassing for funds to carry on their worthy work.

Ray Bassett, of West Hill, was in town Wednesday.

George Burd, of Canisteo, was in our city Wednesday.

Mrs. Geo. Conkey is on the sick list. Her condition is improving.

Supervisor John Harden, of West Union, visited Greenwood Wednesday.

Luke Maxwell was a city visitor Saturday.

Mrs. Wesley Houghtaling and Mrs. Allie Scott, of Roxville, were Greenwood visitors Friday.

Miss Irene Bess was a caller in town Saturday.

One of the U-boat commanders says that the subs have been off the U. S. coast upwards of two months.

Residents along the N. Y. & Pa. should weigh carefully the indirect benefits and profits to be derived from a railroad and they will readily see that they will be far greater than the cost of carrying their quota of bonds for its purchase. Its loss means that fully one-half our values in property goes with its closing and that it practically prohibits the most profitable kinds of farming and adds cost of hauling from Canisteo of all our merchandise. It is now or never with us we are to have the road.

—WSS—

A new law provides that Cattaraugus county supervisors shall hereafter receive $6 for each day's actual attendance at the meetings of the board.

An unofficial tabulation of returns received from the local option elections held in 39 cities shows that 60 per cent of the total of the votes cast were wet.

Frederick T. Herd is the first Dunkirk man to sacrifice his life on the battlefield in France. He was shot in the head on April 6 and died two days later.

Mayville owns and operates its electric plant. The village board has just made a rate of four cents per kilowat for power, cooking or other household uses.

The Syracuse Ministerial association has declared that the city's churches will be unable while the city remains "wet" to co-operate in food saving as requested by Administrator Hoover.

An analysis has shown that the 50 cases of wine was supposed to be beer, is only near beer. This stuff was shipped to Medina by a Buffalo brewery firm and was seized. It has been turned over to the consignee.

The presence of ground glass in a stick of chewing gum has been discovered by Raymond Wilson of Canisteo. He was chewing the gum when his tongue began to get sore. He investigated and found the glass.

New York state's quail will be protected, Governor Whitman has signed Assemblyman Talmage's bill, which says there shall be no open season for the bird, which is becoming a little rare, before Oct. 1, 1920.

A mob early in the morning abducted Christ Dorsis, a Greek proprietor of a candy store at Endicott, a Singhamton suburb, carried him by automobile into the country, stripped, tarred and feathered him and turned him loose. Dorsis was on bail pending examination on a charge of wife beating.

Wyoming county went over the top in its campaign for funds for the American woman's hospital for the allied nations. The drive was for $200,000, of which Wyoming county's quota was $1,000. The sum raised by the county was $1,260.90. Dr. M. T. Green of Castile, proprietor of the Castile sanitarium, was county manager.

George Bleistein, collector of customs for the Buffalo district, died there at the age of 57. Death was the result of an apoplectic stroke while at his desk in the Federal building. Mr. Bleistein for several years was the head of the Courier Publishing company, which published the Buffalo Courier and had a large lithographic plant.

Savings that Mount Up

SO-CO-NY gasoline gives you so many extra miles per gallon that the saving you effect over the use of inferior gasoline will help our aviators and all our forces over there. Such savings these days mount up. They help to win the war. The mock economy of inferior gas—like all *false* saving, is *real* waste.

SO-CO-NY is clean, powerful, quick starting and reliable. Look for the Red, White and Blue SO-CO-NY Sign. Buy wisely. Buy SO-CO-NY. It's gasoline thrift.
