GREENWOOD LOCAL BRIEFS

Cold nights.

Be a booster for the sale of War Savings Stamps.

Roads are dusty.

The railroad men's is on again. Hope it will succeed.

T. E. Mallory was in Hornell Tuesday.

Harry Glover, of Arkport, was wounded in both thighs.

The Epworth League held an ice cream social on the lawn of Mrs. M. D. Webster, Saturday evening. A good crowd was present.

The Ladies Aid met with Mrs. G. M. Woodward, Friday.

Mrs. M. Leonard and Mrs. Sarah Stillman, of Spring Hill, motored to Greenwood Monday.

The Government seems willing to go as far as law will allow to start the railroad in operation. John Barton Payne, general counsel under Secretary W. G. McAdoo, makes a fair proposal. If the people to be benefitted will take hold of the matter it will probably be started. It would be short sighted to turn down an offer that would bring from three to five dollars profit in business for every dollar invested. The profits would not come in dividends on stocks but in dollars saved on hauling to and from markets. A dollar saved in freight is as good as a dollar received.

L. G. Benton, of Elmira, formerly of this place, was in Greenwood Tuesday.

Mr. and Mrs. W. O. Slocum and F. D. Young and family were at Cuba Lake Sunday.

Mrs. H. E. Griswold and granddaughter visited at Mrs. Truman Banks the first of the week.

N. E. Coston was in Hornell Monday.

Mrs. Pauline Clark, of Akron, Ohio, is the guest of her sister, Mrs. D. D. Baker.

Dr. Whiting, of Canisteo, was called to treat Elihu Hall, Monday.

Miss Mary Coston, of Hornell, visited her parents in Greenwood, Monday evening.

Dr. Probasco visited Greenwood on professional business, Monday.

Rev. I. R. Peacock and A. B. Karun attended a Masonic meeting in Andover Monday.

Lester York and wife visited George York Sunday.

Danger is threatened of the bombardment of Atlantic cities by the Germans.

The big drive of 1,000,000 Austrian troops in Italy has been blocked so far by the brave Italians.

A person who will not try to economize in food for the benefit of the soldiers in France, ought to be sent there himself.

Great schemes of fraudulent profiteering is being uncovered in the contracts let by the Government. Such crime should receive the penalty attached to treason.

A little boy was stabbed by another boy in the back, in Hornell, while in a fit of anger.

New potatoes and green peas are appearing in the markets.

Mrs. Thos. Fits Patrick was a Greenwood visitor Tuesday.

Circus is coming to Hornell July 4th.

I was in constant misery from a heavy, dull pain in my kidneys and across my loins. I had a dull pain in my head and I was all tired out, too. One of the family told me about Doan's Kidney Pills and I got a supply. Two boxes of Doan's gave me wonderful relief and did me lots of good."

Cut the Cost of Mileage

When you see a car puffing and panting up steep hills and over rough roads when it really ought to move along as easily and as steadily as a brook glides in its course—blame it on inferior gasoline.

The use of poor gasoline, whether for limousine, touring car, roadster or motor truck, is always extravagant waste.

In these days there is no excuse for such waste. Buy high mileage and full power. Buy SO-CO-NY Motor Gasoline.

SO-CO-NY is the surest economy. It means more miles per gallon. It is clean—powerful—quick-starting—reliable.

Look for the Red, White and Blue SO-CO-NY Sign. SO-CO-NY means saving wisely. It cuts the cost of mileage.

WHAT CATARRH IS

Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors only irritate and do little if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from any harmful drugs. It is helping thousands. Try it.
