## Greenwood

Greenwood has changed their central to over head in Carney's store, and taken all poles out of Main street, using covered wires on all lines going into the switchboard, and put new plugs in the boards. It is all up-to-date and we would like to have Andover follow suit so that we can talk with our friends at Andover. Andover central cannot even be gotten for emergency calls. Andover should get busy and repair the same as Greenwood did.

## Makes Life Sweeter

Too much to eat—too rich a diet—or too much smoking. Lots of things cause sour stomach, but one thing can correct it quickly. Phillips Milk of Magnesia will alkalinize the acid. Take a spoonful of this pleasant preparation, and the system is soon sweetened.

Phillips is always ready to relieve distress from over-eating; to check all acidity; or neutralize nicotine. Remember this for your own comfort; for the sake of those around you. Endorsed by physicians, but be sure to get the genuine—

## Homespun Yarns

Fine steel wool will remove starch or rust from the iron.

Eggs are most digestible if cooked at a temperature below the boiling point.

It pays to put winter clothes away clean. A grease spot on woolen clothing makes a tasty meal for a moth.

Cotton and sateen prints and checked or novelty linen are smart materials for nursery or school room wear this spring.

Sixteen-mesh is the best size screen for windows and doors because it not only keeps out flies but also mosquitoes and smaller insects.

Dandeloin plants found in fields and lawns in late March and early April make delicious greens, valuable for their iron content. Can them for winter use.

If it's good printing you want—we do it.

DON'T suffer headaches, or any of those pains that Bayer Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every druggist has it, but don't fail to ask the druggist for *Bayer*. And don't take any but the box that says Bayer, with the word *genuine* printed in red:

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

# What Dr. Caldwell Learned in 47 Years Practice

Dr. Caldwell watched the results of prescription for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of most importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy Senna in syrup form, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting and youngsters love it. It does not gripe. Thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their systems. In a practice of 47 years he never saw any reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping and harm to the system.

Keep free from constipation. It robs your strength, hardens your arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not despair and hope, but go to a drug store and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin. Take the proper dose that night and by morning you will feel like a different person. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Always have a bottle in the house, and observe these three rules of health: Keep the head cool, the feet warm, the bowels open.

We would be glad to have you make us our suggestion how much Dr. Caldwell's Syrup Pepsin can mean to you and your family. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.
