GREENWOOD LOCAL BRIEFS

The rain was welcome.

Crops look promising.

Haying is on.

The cost of hauling freight on wagons to and from the railroad that passed thru town to-day, would probably amount to sixty dollars. If the average daily cost was one half that amount it would amount to over $9,000.00 per year which the people have to pay in the end.

The cost of carrying $40,000.00 in railway stock would, at 6 per cent., be $2,400.00 per year which would effect a saving on same business of $6,600.00 per year for this locality, and this is on the supposition that the stock paid no direct dividends.

The Prohibitionists, at a meeting at Avoca, endorsed the candidacy of Pranger and Hunter for assemblymen.

Thomas Coleman, of West Union, was in town Wednesday.

Mrs. Rose York, wife of Hartlett York, of Hornell, died at her home in that city, Monday, of heart failure. Mrs. York formerly lived in Greenwood where she leaves many friends to mourn her loss.

Mrs. York was a daughter of the late Jeremiah Vosburg. She leaves, besides her husband, Charles York, her son and three brothers to mourn her loss.

The funeral was held at the M. E. Church, of this place, Tuesday, Rev. L. R. Peacock officiating.

Knox Miller and wife were in town Wednesday.

J. E. Schenck and son, Clifford, were among the city callers, Wednesday.

The pay of the rural mail carriers has been raised 20 per cent.

Glen Freeland, who is working for the Harvester Company of Minoa, is home on a visit.

Menzo Knight, of Bennetts, was greeting friends in town Saturday.

The contract for two mails per day each way was made with Mr. Barleson, who formerly carried the mail over this route between Rexville and Canisteo. The new time schedule, beginning July 22nd, is as follows:

Leave Rexville 8:20 a. m.
Leave Rexville 2:00 p. m.
Leave Canisteo 11:30 a. m.
Leave Canisteo 5:00 p. m.
When auto is used.
Leave Rexville 7:00 a. m.
Leave Rexville 2:15 p. m.
Leave Canisteo 11:30 a. m.
Leave Canisteo 5:00 p. m.
When auto is not used.

Mrs. F. D. Young and family have returned from Canandaigua Lake, where they have been spending a few days.

John McKay, of Rexville, was in town Wednesday.

Frank Turner, of East Greenwood, was in our city Wednesday.

Att'y. Jesse L. Grantier, of Wellsville, formerly principal of Greenwood High School, addressed the brotherhood meeting Wednesday evening. Mr. Grantier is a good speaker and a successful lawyer and his address was highly appreciated by the large audience.

The Red Cross workers met with Mrs. M. C. Williamson, Wednesday.

Farmers should prepare for the fuel shortage by laying in a supply of wood. Seasoned wood will be in good demand next winter.

The great hun drive with all the forces of the enemy and all their hellish devices for destroying life has apparently come to a halt. Their supposed invincible forces have evidently met an invincible force in their path which will eventually defeat them.

The huns have changed their opinion as to the bravery and soldierly qualities of Uncle Sam's boys who sent them pell mell back across the Marne. The Germans say it is impossible that our Government could send 1,000,000 men to the front already, but Uncle Sam knows no impossibility.

The German government is now claiming that it never has had designs against the sovereignty of Belgium. This evidently is because it realizes that the Allies have frustrated such designs and now fears to have annexation doctrines applied by the Allies in restoring French territory to France.

The home dry prohibitionists are having things their way now, but how will they do with their thirst when the country is actually dry?

Germany is actually starving her own children to death, but then the Hohenzolerns must be maintained in power tho the world starves in consequence.

A merchant who tries to make his advertising the Best in Town may not quite succeed in that—but he'll succeed in making his store twice as popular and profitable as before that aspiration ruled him.

TO MEET NEXT WINTER'S NEEDS

Red Cross Division Allots 800,000 Pairs of Socks and 185,000 Sweaters to Chapters.

Wool Used Sparingly; Substitutes Employed Where-er Possible—Call for Volunteer Service in Workrooms.

Foreseeing the great needs of the coming winter, the Atlantic Division of the American Red Cross has instructed all chapters within its jurisdiction to speed up production. Calls for greatly increased volunteering upon the part of women, in consequence, have gone out.

Next winter our soldiers and sailors will need more socks, sweaters, wristlets, mufflers, helmets and so on, than ever before, and the Red Cross does not intend to be caught short-handed. Chapters in New York, New Jersey and Connecticut have been allotted the task of making 800,000 pairs of socks and 185,000 sweaters to be available early in autumn. Work on surgical dressings, hospital and refugee garments must not lag as a result of this allotment.

Women will be asked to come more and more to the workrooms. Those who have been able to give little or none of their day to the Red Cross will be urged to consider seriously the sacrifice of other interests.

Military Needs Come First.

In the meantime, the Red Cross is only using wool for articles the making of which absolutely require it. Substitutes are being employed elsewhere, for the shortage of wool has become such a serious matter that the Red Cross is undertaking, among its other activities, the reclamation of discarded garments and the refurbishing and repair of the winter uniforms of soldiers so that not an inch of this valuable product shall go to waste.

While the War Industries Board has ruled that in the distribution of wool the military needs of the nation must first be met, it has further ordered that the Red Cross shall have second place on the "preference" list.

In order that there may be no wastage, through unco-ordinated buying, the Department of Supplies at national headquarters of the Red Cross in Washington will, in future, hold itself responsible for the distribution of wool to Chapters. It will requisition such wool as may be necessary and this wool will be released to the Red Cross by the War Industries Board as fast as it is obtainable in excess of the necessary requirements of the Quartermaster's Department.

The custom of independent buying has, in a few instances, resulted in the Red Cross Chapters bidding against each other. This will now be done away with. Chapters will be informed by headquarters how much work they must turn out and the material to work on supplied them as fast as possible.

To preclude the keeping of yarn at home by individuals all wool that is issued must be accounted for. It must either be made up into a finished garment, or that portion of it not so used returned. This move will take all yarn in the Army and Navy colors from the public market so that none can be purchased and made up by individuals into gifts.

This, in turn, will end the overlapping of effort, and no soldier or sailor will receive from home garments which are duplicates of those being given him by the Red Cross.

Preaching every other Sunday at a quarter of [illegible] o'clock. [illegible] paper in the World Given so Much at so Low a Price

The value and need of a newspaper in the household was never greater than at the present time. We have been forced to enter the great world war and a large army of ours is already in France. You will want to have all the news from our troops on European battlefields, and 1918 promises to be the most momentous year in the history of our universe.

No other newspaper, at so small a price, will furnish such prompt and accurate news of these world-shaking events. It is not necessary to say more.

THE THRICE - A - WEEK World's regular subscription price is only $1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Andover News together for one year for $2.25.

The regular subscription price of the two papers is $2.50.

EAST VALLEY

The weather man has been quite generous in dealing out such fine weather for haying, and every farmer is putting in full time. Let us hope the good weather may continue until all the hay is in.

John Clair gave a party on the 5th for the young ladies visiting in the valley, which was well attended and a general good time was had by all. Funny, how these bachelors give parties for the young lady visitors isn't it?

Mr. and Mrs. George Green, of Alfred Station, are visiting their son, Will Green and family, for an indefinite time.

Misses Irene Dower and Marion Forness returned to their home in Buffalo Sunday after a two week's outing at the home of Mr. and Mrs. Wm. Pardon.

H. Stearns and daughter, Miss Myrtle, visited their aunt, in Angelica last Sunday.

Geo. Ormsby and family, of Alfred Station, were week-end vis...tors of Mr. and Mrs. Will Green.

Mrs. Wm Pardon accompanied her sister, Mrs. Bessie O'Bryne, to Elmira Tuesday, on her way home to New Jersey. The trip was made in their brother's Geo. Barrett's car, Mrs. Barrett driving Mrs. Pardon and Mrs. Barrett will return Wednesday.

These hot days are fine for corn.

...a few days last week with his father, Dell Clair.

Oats and barley are heading out fast.

Potato bugs are getting quite plentiful.

The nights continue to be quite cool.

A WOMAN'S BACK

The Advice of This Andover Woman is of Certain Value

Many a woman's back has many aches and pains.

Oftimes 'tis the kidneys' fault.

That's why Doan's Kidney Pills are so effective.

Many Andover women know this.

Read what one has to say about it:

Mrs R. Engle, Maple St., says: "The first symptom of kidney complaint in my case was backache. When I washed or ironed twinges of pain caught me in my kidneys, nearly driving me wild. I felt more tired mornings than when I went to bed. My feet and hands swelled badly and there were other distressing kidney disorders. Four boxes of Doan's Kidney Pills, which I got at Brundage Drug Co., cured me of the attack and I felt like a different woman."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills — the same that Mrs. Engle had. Foster-Milburn Co., Mfgrs., Buffalo, N.Y.

MAIL ORDER HOUSE ADMITS FRAUD

Sears, Roebuck & Co., have been ordered by the Federal Trade Commission to cease their unfair and fraudulent methods of competition.

The mail order house admitted the fraud, which was in the sale of sugar and tea.

The corporation "owned up" to the fact that during the latter half of 1915 it received $780,000 from the sale of sugar, but that the same sales were, in reality, made at a loss of $196,000. This loss, however, was made up thru the fact that sugar purchases were included in "combination sales" on which a profit was made. The practices ordered stopped by the commission were:

Circulating catalogs containing advertisements of sugar for sale, wherein it is falsely represented that the company is able to sell sugar at a lower price than competitors.

Selling or offering to sell sugar below cost.

Circulating catalogs containing unjust representation to the effect that its competitors do not deal honestly or fairly with their customers.

...asserting that the company ...a special representative to ...who virtually goes into the farm gardens of that country and supervises the picking of beans.

It was also admitted by the company that advertisements asserting it could sell sugar from ... to 4 cents a pound because of its ability to make large purchases and move stock quickly were false inasmuch as all these sales were made below cost.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to more sickness and often shortens life.
