Few Men Are Good

Judges of clothes. When you buy don't be guided by looks alone. **Good tailoring** is as necessary inside the garment as outside. You **cannot go wrong** in buying our new Fall Clothes. They have been **selected** with the same care as in the past. Qualities are exceptional and ALL-WOOL materials were the only ones allowed to enter into our fall purchases. We were fortunate in being able to buy

Stein-Bloch Smart, Clothcraft Guaranteed and Griffon Ultra Clothes
The styles and materials are up-to date and as they should be tailored in these war times. The prices of course are higher for these lines of ALL-WOOL Clothes, but not such an advance as you'd really expect to find, and all on account of our early purchases.

Some of these ALL-WOOL Clothes begin at $20, but the $25, $30 and $35 Suits are ones we can recommend to you in every way.

Light and Medium Weight Overcoats and Raincoats

Some will answer both purposes for rain or shine. They are natty and just warm enough to keep out the chilly fall air. A small doctor bill would offset the cost of one of these coats. Fall Overcoats from $16.00 up.

NEW FALL HATS

Do not forget the lines which we are showing now—the ever-leading Knox Hat, the Barcelino Italian Hat, the Ward English Hat, at $3.50, $4, $5, $6, $7 and $8.

This is a real valuable tip—Buy Your Fall Wants Early.

GREENWOOD LOCAL BRIEFS

Heavy frost visited us Tuesday night, doing serious damage.

Railroad news is that the work of reorganizing is moving but not as rapidly as desired. It is highly necessary that the road be in operation in time to move our crops out and our coal and merchandise in.

Germany has the cheek for any and everything. She will probably claim that the Allies sink their own ships and charge it to them.

Jasper Hayes, of Canisteo, formerly of Jasper, died at Hornell and was brought to Jasper for burial. He was well and favorably known in this place.

INCIDENTAL TO THE COST OF MOTORING

"I'll buy a car right now," he cried,
"So wife and I can take a ride."
He bought the car—the week before
The price had gone up fifty more
He found a man for twenty-five
Who finally agreed to drive;
He bought him clothes to keep him neat—
Shoes, leggings, suit and cap—complete.
He also bought a license tag,
A set of tire chains in a bag,
Two non-glare lenses for the lights
So he could do some driving nights;
Some liquid stuff to put out fires,
And then he got two extra tires
With tubes and covers, chain and lock;
He purchased then an eight-day clock;
A set of extra spark plugs, too,
And blowout patches for the shoes;
Some wrenches, files and other tools,
And copper wire wound on spools
A feather duster, pounds of waste
Valve lifter and some grinding paste;
Then shock absorbers, tire pump,
A bumper to prevent a bump,
A windshield arrow, trouble lamp,
A spotlight all complete with clamp,
A tire gauge, some lapproboes too,
And then, before he was half through,
He realized, poor man, alas,
He didn't have a cent for gas.

TWINS NEVER BEFORE PARTED, ARE UNITED IN MARINE CORPS

Willington, Del., Aug. 30.—John J. Ayars and George W. Ayars of this city are twins. George enlisted in the Naval Reserve last month. John couldn't "see" anything but the Marine Corps, so he enlisted. All their lives the twins have been inseparable. They were anxious to serve their country, but the separation proved unendurable. Mrs. Ayars, learning that her twin boys were unhappy, went to Washington and succeeded in getting George discharged from the Naval Reserve so that he could enlist in the Marine Corps.

The twins, happily reunited, have been transferred to the Marine Corps camp at Paris Island. They will be assigned to the same organization while undergoing training, and whenever they go away for active duty they will be kept in the same outfit.

"ATTENTION ALL BOYS AND GIRLS IN ALLEGANY COUNTY"

There is now being formed in every town in this county a War Savings Army of America and all boys and girls in this county, who believe in the principles for which our country draws its sword, are urged to enlist in this organization of developing strong characters while serving Uncle Sam.

HARRY E. KELLER,
Brigadier General.

WAR SAVINGS STAMP SALE IN ALLEGANY COUNTY

Below is given a list of the towns in Allegany County which have sold more than ten thousand dollars worth of War Savings Stamps for cash. From this list there will be seen that there are a large number of towns in the county that are not coming up to their apportionment or any where near.

In the last sale of Liberty Bonds there were only a few towns in Allegany County that did not go over the top, and it was hoped that such would be the case in the sale of War Savings Stamps, but unless people in the towns thruout the county get together and give the W. S. S. sale their serious consideration Allegany County is not only going to fail to make its apportionment, but several towns are going to fall below their apportionment.

"THE WORST KIND OF A SLACKER"

The man who converts his War Savings Stamps into cash when he can afford to carry them during the five-year period is the worst kind of a slacker. He should be in Germany fighting for the kaiser. Post Office statistics are showing that it is not the widows who have sons in France or persons who have suffered illness or financial misfortunes, who are cashing in their War Savings Stamps, but men who purchased War Savings Stamps merely for show or to gain patriotic publicity. Such men think they can secretly sneak around to the post office, get the money which they have invested in stamps and use it for some other purpose or pleasure without the public knowing about it. In reality such a person is worse than an open enemy. He is willing to stab Uncle Sam in the back in the dark, while he supports him openly in the light. It has been suggested that post offices keep a record of all persons cashing in their War Savings Certificates, that the public may know who are and who are not trusty American Citizens.

SOUTH HILL

Sept. 11.—Many regrets on the passing of "The good old summer time." Beautiful fall days followed with a heavy frost Tuesday night.

Harvesting the buckwheat and corn crop now keep our farmers busy.

Rather quiet on our hill Sunday, owing to the gasoline conservation, perhaps.

John Dean and daughter, Mary, were Hornell visitors one day last week.

John P and Jim Dean visited their brother in St. James Mercy Hospital, Hornell, Sunday night. He is now reported on the road to recovery, which is good news to his many friends.

Henry Horan is occupying his home in town this week, while harvesting his crops.

Misses May and Lenora Dean went last Friday in Wellsville.

Miss Nora McAndrew is to teach in Fulmer Valley the coming year, and opened her school Tuesday.

Francis Casey of our hill, and Miss Nellie McGinnis, of Genesee, were united in marriage, Monday morning, at Kinney, Pa. The best wishes of our people for their future happiness and prosperity go with them on life's journey. Miss Ellen Casey and family were in attendance at the wedding, also their guest, Mrs. Mary Haines of Elmira, an aunt of the groom.

Miss Mary Dean returned Saturday to her school work at Stelizabeth's Academy, Allegany.

Mrs James Dean and children were recent guests of her mother, Mrs. Garvin, of Andover.

Two wells are now being drilled in such close proximity that the drilling crews are near neighbors Rogers & Co. on the former Hunt lot, and Empire Gas & Fuel Co. over the line on the Horan lot.

Herman Dean is assisting his father this week with his crop.

Members of the Blessed Sacrament Church, Andover, have been this week, in attendance at the services of the "Forty Hours Devotion" held in that church.

Misses May and Lenora Dean went to Dunkirk Saturday, for a few day's visit with relatives, after which Lenora goes to Buffalo as a student in the Normal school of that city.

EAST VALLEY

Sept. 10.—Quite chilly these nights isn't it?

Are you ready for the frosts?

Miss Elizabeth Pardon returned home last Tuesday evening after a two week's visit with relatives in Buffalo and Emporium, Pa.

Raymond Pardon returned to his home in New York last Saturday, after spending his vacation at the home of his uncle, Wm. Pardon and family.

Mr. and Mrs. G. W. Brooks, of Norwich, N. Y., were guests of Mr. and Mrs. Dell Clair from Thursday of last week until Monday, when they returned as far as Elmira and will stop there for a short visit. They made the trip in their auto.

Our school house has undergone a few necessary repairs, one of them being a new floor, and of course it had to be tested before allowing our sons, daughters, and grandchildren to attend school, so, with the permission of our obliging trustee, the grown-ups gave the floor a good test by having a little dancing party Saturday evening. As usual there was a good crowd. Sandwiches and coffee was served and everybody went home at midnight, pronouncing it a good floor.

Byron Clair, of Hornell, is the guest at the home of his father, Mr. and Mrs. Dell Clair, for a few days.

Threshing is the most important part on the program this week in our valley, and all the housewives know what that means.

HALLSPORT

W. A. Post, of Belvidere, visited his daughters, Mrs. Dora LeBar, Mrs. Gertrude Hulin and Mrs. Chas. Starr, a few days last week.

Rev. J. L. Davies attended the Methodist District Conference, at Gean, last Thursday.

Miss Lina Perkins went to Rochester, Monday.

Miss Athelia Ackerman was given a surprise last Thursday, the occasion being her eleventh birthday. Nine little girls were present and a very tempting supper was served.

There are buying opportunities in the stores to-day that were not there yesterday—nor, probably, ever before. The details are in the store ads.

The testimony of an Andover citizen

Can be easily investigated.

What better proof of merit can be had?

Ed. Swain, Maple St., Andover, says: "I think hard work weakens my kidneys and brings on attacks of kidney complaint. When I stoop over to put on my shoes, sharp pain catches me in the small of my back and I can hardly straighten up. The kidney secretions pass too frequently and I have to get up several times at night on this account. When I have had these attacks I have bought Doan's Kidney Pills, from the Brundage Drug Co., and they have always fixed me up in quick order."

FALL'S LATEST WOOL AND SILK MATERIALS

WOOLS

We can make the assertion with absolute truth that, in spite of abnormal conditions, we have the largest range in grades and designs that we have ever shown. We cannot hope to have, however, any re-orders filled and for that reason urge buying **very, very early** this fall. We are speaking of **all-wool**, two words to conjure with this year. The **Coatings** are here, heavy and warm, rich in appearance and very desirable. For **Gowns and Suits** there is nothing left to be desired that is not in these lines: **Serges, Poplins, Panamas, etc.**, as well as a very desirable line of Fancies including **Plaids, Checks, Stripes and Tweeds** and with emphasis on **all-wool**. Make your selections while lines are full; if you delay you may have regrets.

SILKS

Silks are more than charming this season. The **Fancy Plaids** are departures from former years' showing, entirely new features and combination of colors. **Stripes** there are, too, in abundance. **Satin** seems to be the first favorite in plain Silks but the new **Silk Serge** with **Taffetas and Crepe de Chines** will be close rivals in popularity. It looks like a big season ahead. Taking into consideration great demand with limited wholesale stocks we feel justified in suggesting early purchases.
