SPEEDSTERS GET A FIVE DOLLARS FINE

Village Board Start Campaign to Suppress Reckless Driving in Andover. Harold Myers and Gerald Harrington Victims.

Notwithstanding the previous warning given in the News last week and the week before, two Andover motorcyclists had to be shown that the Village Board meant just what it said when it announced that the streets of Andover were no longer to be made use of for a speedway for motor driven vehicles.

The News recently asked who the parties were who were to be made an example of in this matter. This week we answer our own question, Harold Myers and Gerald Harrington, both of this village.

Officer Brundage, with assistants, has been putting the stop-watch on motorcycles and automobiles the past week and Saturday found the two lads referred to above were driving Main Street at a rate of 47 miles an hour They were taken before Justice H. P. Bundy Monday evening to answer for their act, and each given a fine of five dollars.

After the proceedings at Village Hall, Monday evening, all Andover motorcyclists joined in the demand that Officer Brundage be as vigilant in making automobile drivers line up to the state and village laws as he had been to the motorcyclists. They were given assurance that that was just what was going to happen

We notice that since Monday evening an unheard of thing has happened. Motorcycles have been driven on our streets sanely and noiselessly, a thing that few Andover people thot possible before.

The Board of Trustees has the hearty support of the entire community in their efforts to make our streets safe from these pests they have been heretoforé making life unsafe. May their ardor never cool until it becomes known far and wide that when driving thru the streets of Andover one must be human at least or suffer the consequences.

THE AUDITORIUM

Those who saw Marguerite Clark in her famous Paramount picture "Miss George Washington" will be reminded of it by "Bab's Diary," the charming story by Mary Roberts Rinehart of Bab, the "sub-Deb," in the clever manner in which Miss Clark has portrayed the role of "Bab who, like "Miss George Washington," makes the discovery that we weave a "tangled web" indeed when first we practice to deceive. "Bab" is a fascinating girl with a vivid imagination and much surplus energy—which makes it hard for her family, but adds to the charm of a diary whose every page abounds in adventure and the realest kind of farce. "Bab's Diary" will appear on Wednesday evening, April 30th.

ANNUAL MEETING OF THE HILLSIDE CEMETERY ASSOCIATION

The annual meeting of the members of the Hillside Cemetery Association, for the purpose of electing directors and the transaction of such other business as may properly come before the meeting, will be held at the office of Snyder & Clark, Thursday, May 8, 1919, at 2 o'clock p. m.

All lot owners of the Hillside Cemetery are requested to be present.

FRANK S. CLARK, Secretary.

Glad Game Girls	21.50
Baraca Class	18.00
Senior Philathea	15.10
Bible Class	12.00
Junior Baraca	2.50
Primary Class	.25
	$122.35

HIGH PRICED CARS ARE IN THE CITIES

Secretary Hugo Says Thirty Per Cent. of Pleasure Cars are Below 35 H. P. Increased Number of Farmer Drivers.

Albany, April—Sixty-three per cent of the pleasure cars in this state at the present time are under twenty-five horsepower and are what can be termed low priced cars. This percentage is revealed for the first time in connection with certain figures which have just been compiled by Secretary of State Hugo in connection with the registration. They contain some interesting features For instance, there are far more cars of low horsepower in the central and western part of the state than in New York City and adjacent counties. When it comes to the higher priced cars New York City easily overshadows all the rest of the state.

Mr. Hugo's figures show that 30 per cent of the pleasure cars in the state run from 25 to 35 horsepower and 6 per cent. from 35 to 50 horsepower. Out of the 634 cars that are over 50 horsepower, 466 are in New York City, 69 are in the Buffalo district and 99 in the so called Albany automobile zone.

Outside of the low priced cars, the annual registration fee of which is now five dollars, New York City leads the rest of the state, the lead increasing as the horsepower and price of the car advances. The figures which Mr. Hugo's office has compiled do not include commercial types of motor vehicles or those exempt from registration fees. No definite figures are available showing the number of automobiles owned by farmers of this state, but an inspection of the records shows a steady growth of such owners.

The following figures give the number of cars in each of the three automobile districts, classified in horsepower divisions: Under 25 h. p., New York, 73,542; Buffalo, 34,321; Albany, 70,064. From 25 to 35 h. p., New York, 51,599; Buffalo, 34,709; Albany, 25,079. From 35 to 50 h. p., New York, 16,304; Buffalo, 5,101; Albany, 3,503. From 50 h. p. upward, New York, 466; Buffalo, 69; Albany, 99.

IN MEMORIAM

In loving memory of our dear daughter, Kathrine Ruth Joyce, daughter of Mrs. Samuel Joyce, who died on April the 26th, 1918, at St. Catherines, Ont., Canada.

Short was the little traveller's stay.
She came but as a guest.
She tasted life, then fled away
To everlasting rest.
Tho in the grave she's kindly sleeping,
Her spirit shines above
Safe and secure in our Savior's keeping
Lies the one we dearly love.
—Inserted by her mother.

UNDERTAKER DIES

Frank Phipps, the leading furniture dealer and undertaker of Fillmore, died at his home in that village last week. The bursting of a blood vessel in the head was assigned as the cause of death.

Andover Goes Over The Top Again

Two Banking Institutions Agree to take All That is Not Readily Absorbed By the People. This From Purely Patriotic Motives

It is a pleasure to record the fact that Andover went over the top on the Victory Loan drive the very first day. But still there is time for any one so desiring to get a piece of this wonderful paper.

The Andover State Bank and the Burrows National Bank have subscribed thru Chairman A. R. Baker for all that may be left of Andover's allotment of the Victory Loan after others have subscribed all that they care to.

Buy the Victory Bonds with earnest realization of what the loan means.

This is a serious period in the history of the world and every nation.

This Victory Loan to which you are asked to subscribe is the test of national loyalty.

You may hear many reasons, sound and selfish, why you should buy Victory bonds.

They are the best bonds that have ever been offered anywhere.

Before the war, when the country was not as rich as it is today, 4 per cent. bonds sold above 130. The 4¾ per cent bonds offered to-day will sell far above par.

The banks want them. They carry exemption from income tax when transferred into a 3¾ per cent bond.

Tax exempt bonds bearing only 3 pre cent. sold above par, when there was no certainty as to how many billions of bonds the Government might issue. These tax exempt bonds, bearing ¾ of 1 per cent. higher interest, will sell above par inevitably, and soon.

When these bonds are sold, the LAST that the Government will offer, according to its solemn pledge, the whole debt of the United States will not amount to ONE-HALF of ONE YEAR'S income of the United States, including the outstanding Treasury certificates.

And Europe owes us more than ten billions, or half of our whole debt.

These bonds will be secure when nothing else is secure. They are a FIRST mortgage and a LAST mortgage on this great country, separated on each side by wide oceans from the disturbances of Europe and of Asia.

No such bonds as the one offered to-day ever was offered in any nation at any time in the world! To buy these bonds, keeping them for yourself, your children, for the absolutely certain profit that will come in the rise above par, is commonsense.

But there is something in this Victory Loan infinately more important than certain profit. The loan will represent the faith of the people of this country in their kind of Government.

The present world disturbance is no passing agitation, no mere "unsettled" period, such as has followed other wars.

The question at issue to-day is this:

SHALL DEMOCRATIC GOVERNMENT SURVIVE, or shall new and reckless experiments be made, such experiments as have brought Russia to anarchy and starvation, experiments that have already seized upon central and eastern Europe, and that threaten Europe's western civilized strip?

The answer to this question will come in the subscriptions to this Victory Loan.

It is intensely disquieting, but not surprising, to read in a Universal Service dispatch that Italy is in a bitterly hostile mood toward the Allies and toward this country, hostile to such a point that all our soldiers, even civilians wearing distinctive American uniforms, are ordered to leave the country.

The world is unsettled conditions are dangerous. But this country is, and if the people choose, WILL REMAIN safe, self-governing, going ahead on the road of progress.

This is no time for quibbling or questioning in any matter affecting Government support.

You need your country's Government, your Government needs your money, borrows it of you on terms extravagantly generous and absolutely safe.

The man is not a good citizen who does not TO-DAY, without urging, without waiting, do his full duty and make his utmost possible investment in the bonds of his country.

The size of the figure written on your bond subscription in proportion to your means regulates your status as an American citizen.

MAKE HIM WELCOME.

DETECTS BROKEN RAIL

Thomas Snyder saves Many Lives by Quick Action

Wayland, April 21.—By unusual presence of mind, Thomas J. Snyder, a conductor for the Pittsburg, Shawmut & Northern Railroad, this morning saved one of the fast Lackawanna fliers running thru Wayland from piling up in the ditch there. The story reads like the most thrilling of the movie melodramas.

Mr. Snyder lives close to the Lackawanna tracks and early this morning he was awakened by the passing of a freight. His trained ear detected an unusual sound as the flying wheels passed over the tracks and he came to the conclusion that it was from a broken rail.

He realized that one of the fast passenger trains was due to pass the point within a few minutes and hastily donning his clothes made an inspection of the track and found the broken rail. About a foot of the rail had been broken out.

He aroused the crew of another freight which was standing nearby and the flagman succeeded in stopping the flier only a short distance from the danger point. Hasty repairs were made and the passenger train went on without a single passenger being aware of how close they were to destruction.

Had the heavy passenger engine hit the broken rail at the terrific speed which it usually travels over that point the train would have been derailed undoubtedly with a big loss of life. Mr. Snyder's rare presence of mind and knowledge of railroad matters are all that saved the train.

MRS. CHARLES HARRINGTON DEAD

The sad news reached Andover friends last week of the death from pneumonia of Mrs. Charles Harrington, wife of Rev. Charles Harrington of Sunbury Pa. former pastor of the First Baptist Church of this village.

In the years of residence in our village Mrs. Harrington formed a large circle of friends by whom she was regarded with highest esteem and affection. Her many noble qualities of character together with a loveable sunny temperament won the admiration of all who came to know her intimately. She is survived by her husband, one son, Wallace Harrington, and a daughter, Miss Jennie Harrington, to whom the News extends deepest sympathy in their great bereavement.

JESSIE NORTHRUP

Jessie Northrup, five year old daughter of Mr. and Mrs. Jesse Northrup, of Greenwood Hill, died Monday, April 21st, of pneumonia following influenza.

If you are hoping to buy a home soon, don't assume that you must wait awhile longer — but investigate the real estate ads, and then you'll know.

MAY HAVE A MASONIC TEMPLE

Local Fraternity Figuring on Owning Their Own Home Meeting Monday Evening, May 5th, to Decide the Matter

Andover Masonic Lodge No. 558, are considering the purchase of a Masonic Temple. Two propositions are open to them, the sanitarium building, now owned by E. J. Atwood, and the cold-storage building, now owned by Williams & Common.

A special meeting has been called for May 5th, to vote upon the matter. A free discussion will be had of the whole matter and a final decision had.

There is talk of the formation of a Masonic Association to underwright the building project.

Andover Lodge has long needed a Masonic Temple, and the News believes that it would be of great value to the fraternity as well as to the town if such a project could be accomplished but whether there is enough financial backing to put thru the scheme will undoubtedly be brought out at this meeting.

Contractors are busy at work making estimates for the remodeling of the building.

FORESHADOWS NATIONAL SUFFRAGE

Washington, April 22.—Full suffrage for all American women for the 1920 elections is foreshadowed in a statement authorized to-day by Senator Charles Curtis, of Kansas, the Republican whip. Senator Curtis said that both houses of Congress will pass the amendment as soon as they reconvene. He said:

"I am confident the suffrage amendment will secure the necessary two-thirds vote in the Senate and House as soon as the session begins. I do not think there is a shadow of doubt as to its immediate passage."

BELMONT VOTES FOR ELECTRICITY

At a special election, held Tuesday, the Village of Belmont, voted to erect an electric light plant at a cost not to exceed $10,000. The vote stood yes, 162; no, 14.

The plant will be built under nearly the same plans as the Andover plant, Clark Machine Co. furnishing the power and generating the electricity.

AN EASTER EGG

It must be that E. F. Stearns' "biddy" was worried lest he fail to have "hen fruit" enough for Easter, as that morning she laid an egg 6¾ by 8¼ inches around. Earn didn't eat the egg, he brought it to the News to show what a good old "biddy" he had.

MADGE KENNEDY

Is always good. "A Perfect Lady" is one of her favorite plays, at the Auditorium, Saturday evening.
