Clothes of One Idea
FOR
Men of Many Ideas

This is a store of one idea for men of many ideas. Our one idea is to offer only such reliable clothing as conforms to the highest approved standards of good taste.

The many ideas of men regarding their clothing change with the seasons, but the one fundamental idea of this store-conformity to good taste-is established for all time.

Stein-Block Smart, Clothcraft Guaranteed and Griffon Clothes for Men and Young Men give the wearer a forcible demonstration of this one idea. Here one will find that the merit of our Clothes is more than skin deep. Added to the well known high quality of fabric and style is the tailoring.

Look beneath the surface for the quality of your Fall Clothes. Suits and Overcoats from $25 up.

FROM MAJOR E. KEMP

In Renewing His Subscription to the News, Major E. Kemp Hands this to Delinquents

My Dear J. Harvey:

For years I've always read with a great deal of interest everything inside the wrapper encasing my copy of the "News" however, today, for some unknown reason, I took a hasty glance at the labeled address on the outside, and what do you suppose I discovered? Well, I expect the same fact as many other people might discover if they took a look at the label on their copy, and that was that my subscription had expired and you were sending the paper along just the same, so I'm enclosing my check for one-fifty covering another twelve month's reliable news.

Of course, there is nothing remarkable about a fellow's renewing his subscription, but there is something remarkable about an Editor who'll continue sending the paper for months and, I presume in some instances, years after a subscription has expired, which I understand, sometimes really happens. This being the case, I think it proper that the Editor should be allowed to post all such patrons in order that the churches and other public places where free-will offering are taken up may be in a position to guard against the possibility of such delinquent citizens being generous enough to drop a nickel into the collection box and painlessly extract a quarter therefrom for change, which I should say would be on a par with paying his subscritpion once in five years.

PROBATION FOR BRASH YOUTH

Lad Who Got Away With a Phoney Check For $100 Fares Bit Luckily

In recorder's court this morning, Henry Gilbert, 19 years old, and living in Greeley avenue, was allowed to withdraw his plea of not guilty to a charge of forgery, second degree and enter a plea of guilty to a charge of petit larceny. He was placed on probation for a peroid of one year.

Gilbert went into the store of Don L. Sharp one day last week and asked to have a check cashed for $100 It was signed by Fred W. Cook and Gilbert said he got in in a base ball pool. He forged the name of another man on the back of it and got the money. When the check was found to be aforgery Mr. Sharp notified the police and gave a meagre description of the lad. Chief Bailey went on a hunt and Saturday night arrested Gilbert.

Gilbert was arraigned on a charge of forgery Monday. The case was adjourned until this morning. In the meantime relatives repaid Mr. Sharp the $100 and the charge was reduced to petit larceny. The boy will have to report weekly to the probation officer during the next year and shun all trouble and evil companions.

H. STANLEY LEWIS AGAIN IN THE LIME LIGHT

Alleging that her husband has wedded Ada Lupke, described in a newspaper clipping, forming part of the complaint, as a beautiful 21-year-old artist model and physical culture exponent of Denver. Mrs. H. Stanley Lewis has entered suit for absolute divorce on statutory grounds, through Attorney Henry Donnelly of Olean. The couple have been seperated since 1916, have a son a year older than the alleged co-respondent. It is further claimed that Stanley has been traveling in his car throughout the West all summer, accompanied by Miss Lupke.

In a letter to the Advocate, Capt. Lewis absolutely denies the bigamy charge, and pending the trail will be believed by many who know him in this community. It is understood that several other co-respondents, mainly stenographers, chorus girls, telephone operators and actresses, are also cited in the complaint, which covers several pages. He says he will enter no denial if the allegation is striken from the complaint, and that by mutual agreement between Mrs. Lewis and himself he was to make no secret of his philanderings, thus making it easy for her attorney to secure evidence.

She evidently got "a plenty"

JUST WHAT AILS THE PRESIDENT

A Distinguished Physician's Diagnosis of Mr. Wilson's Illness to be Made Public Next Sunday

Precisely what has happened to President Wilson—just what do the physicians mean by a "nervous breakdown"? How serious is it? Will President Wilson entirely recover, or only partly recover?

Will the worn-out nervous which have upset his digestion, interfered with his sleep at night and tormented him with splitting headaches—will the nervous collapse affect his brain and thus impair his mental balance and judgment?

The answers to these questions are of world-wide interest, and Dr. Arthus C. Jacobson, the well-known physician and associate editor of the Medical Times, will give them in a most interesting and instructive way in a full page illustrated article in next Sunday's New York American.

In the New York American next Sunday Dr. Jacobson will dicuss President Wilson's illness in a careful and authoritative way and will explain why he believes his present condition to be the result of poison which entered his system last April.

FALL ARMY WORM AND CORN BORER

Reports have come of a somewhat general occurence of fall army worns in corn in Erie and Chautauqua counties at least. They are green to almost black caterpillers with a broad, whiteish stripe on each side and a number of minute black spots on te body. The full grown army worms are about one and one-half inches long. They enter the ear as well as devour the leaves and when abundant may cause considerable damage, feeding on a large variety of plants. This insect is a southern form and cannot survive our winters. It is probably too late this season for serious injury, but if found abundant distribute a sweetened poisoned-bran bait.

A slight infestation of European Corn Borer has been found recently new pest should not be confused in North Collins, Erie county. This with the fall army worm. European corn borers, when full grown are about three fourths of an inch long, yellowish gray, frequently with indistinct dull pinkish red stripes and with minute brown spots. They habitually bore in all parts of the plant except the fibrous roots and in a bad infestation are very likely to occur in the ears. The entrance holes in corn stalks are about one eighth of an inch in diameter, generally with a discolored margin and at this season of the year usually plugged with borings or silk. These holes lead into irregular galleries inhabited by the borers. It is most important that anything suggesting the work of this new pest be promptly reported to the proper authorities. Suspicious cases should be reported to the farm bureau at Belmont.

CHILDREN TO AID TO MAKE DOLLARS GROW

Help Government in Campaign to Urge Reinvestment of Liberty Bond Interest in W. S. S.

Urging the reinvestment of Liberty Bond interest in War Savings Stamps, thousands of school children throughout the country will carry on an intensive poster campaign prior to June 15, when the government will pay $36,000,658 to holders of bonds of the first issue.

Announcement of the poster campaign was made by the Savings Division of the U. S. Treasury Department. A telegram enlisting the aid of the school children in this endeavor has been sent to every superintendent of schools in the country.

The slogan of the campaign will be, "Keep the Dollars Growing!" The children will devise their own posters and shower their homes and the homes of their neighbors with the message of thrift.

This will be the third time that a message calling attention to Liberty Loan interest dates has been relayed from Washington to the homes of America through the school children. On April 15 and May 15 the children carried home a copy of a telegram sent out by the Savings Division.

MASONIC PARTY

A delightful dancing party was given by the Masonic Lodge of Greenwood, N. Y., at their Hall last Thursday evening.

The music furnished by the Rice-Ballou Orchestra of Hornell, N. Y., was exceptionally good. Several new singing and jazz novelty numbers being introduced during the evening.

After a delicious supper served by the Eastern Star Ladies at midnight, dancing was enjoyed until 2:00 A.M.

A large crowd was in attendance including many out-of-town guests.

WORN NERVES

Nervous troubles, with backache, dizzy spells, queer pains and irregular kidneys, give reason to suspect weakness and to try the remedy that has helped your neighbors. Ask your neighbor.

Mrs. L. W. Theetge, Rochambeau Ave, Andover, says: "Last winter my kidney's were causing me considerable trouble and I believe it was all brought on by a cold that settled in the small of my back. My back became awful lame and sore causing sharp pains to catch me when I least expected them. I felt nervous and irritable and my kidney's didn't act right. I kept getting worse and finally began to suffer with spells of dizziness. I began to use Doan's Kidney Pills and they soon had me on the road to recovery. It wasn't long before Doan's got down to the seat of the trouble and completely removed every sign of it. For this reason I am grateful to Doan's Kidney Pills and heartily recommend them."

KIDNEYS WEAKENING? LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't wrestle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special patent authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as the quaintly called GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.
