ECZEMA 10 YEARS

No Trace Of The Disease Since Taking "Fruit-a-tives"

DOVER, NEW HAMPSHIRE.

"In 1908, I began to be troubled with *Eczema*. My arms and legs were bandaged most of the time; and sometimes I could squeeze the pus out of my hands. They were so bad. About 3 months ago, I decided to read an ad. of 'Fruit-a-tives' and 'Sootha-Salva', in which was told of a person cured of Weeping Eczema by these remedies.

After using two boxes of 'Fruit-a-tives' and one box of 'Sootha-Salva', I am entirely free of Eczema".

CALLS STATE MEET TO FIGHT THE REDS

NEW YORK LEAGUE FOR AMERICANISM TO FIGHT RADICAL UN-AMERICAN DOCTRINES.

HOLD CONFERENCE AT ALBANY

Doctors, Fraternal Orders, Business Men, Women's Clubs Among Those to Be Invited to Join Great Fight Against Socialistic Fads.

A statewide congress of associations interested in the fight against Un-American doctrines, particularly health insurance, will be held at Albany shortly after the middle of January, when the legislature is in session, to decide on steps for an extensive of the present fight for conservative doctrines. The congress will be held under the auspices of the New York League for Americanism, and the health insurance propaganda will be only one of the many radical doctrines to be attacked.

Fraternal Orders Invited.

Plans have not been formulated for the convention as yet, but it is known that all of the fraternal orders, which would be wrecked if health insurance became a fact, will be invited to send representatives, the medical and allied professions, and probably state organizations of business men, women's clubs and other organizations which are interested in the welfare of the state.

The preliminary plans have been made for the convention, and the details are being rushed, so that all organizations interested may have early notice of the conference and be prepared to attend and take an active part in the proceedings.

Forum for Americanism.

"This will be a forum for the discussion of means to stop the activities of foreign agents to disrupt American institutions," said Carleton D. Babcock, secretary of the League. "We have now, for instance, the foreign-born organization, represented in America by what is called the American Association for Labor Legislation, which is only a branch of a German-bred organization with headquarters in Switzerland. How a few honest men were ever lured to alliance with this radical socialistic organization, aimed at the downfall of American institutions, is more than I can understand.

"It is to meet such subtle attacks at our country's welfare that the congress is called."

Master barbers of Geneva have advanced the price of hair cutting to 50 cents, a shave to 30 cents and hair trimming to 25 cents.

TO WORK WITH LEGION

League for Americanism Offers Service Order Aid in Fight Against Reds and Radical Rioters.

The New York League for Americanism has joined in the fight against the radical meetings which have been proposed in various parts of the state and particularly has entered into the fight at Syracuse to stop red speechmaking, by offering its assistance to the American Legion, made up of former service men. The action was first taken at Syracuse, where the American Legion succeeded in preventing, by appeal to the authorities, a series of radical mass meetings. This action was the occasion for the writing to Maj. Col. John D. Tuck, county head of the Legion, of a letter by Secretary Carleton D. Babcock of the League for Americanism, in which he said:

"The New York League for Americanism wishes to congratulate you on your success in stopping these efforts to overthrow our government. The League for Americanism wishes to assure you that it will give to the American Legion any assistance in its power to fight against the 'Red' agitators."

Women's Clubs In Fight Against Health Scheme.

Women's clubs of New York State are flocking to the standard of the New York League for Americanism, in its fight against the un-American plan to force compulsory health insurance upon the state, at a cost of nearly $160,000,000 annually. The Third district federation at Saugerties which had previously voted for the proposal, upon study revealing its vicious tendencies repudiated the former approval and declared strongly against the bill. The grounds given were its enormous cost, in taxes its danger to the community, its tendency to increase sickness, and the manner in which it makes the wage earner a member of the pauper class.

Doctors Explain Strike Threat.

Hornell doctors and allied professions who have declared that a strike of the medical and allied professions will result if compulsory health insurance is passed say that their strike will not affect their ordinary private practice, but that they will refuse to work under the law, which they believe would cause a slackening of medical morale.

C. C. Hewitt, editor and manager of the Silver Springs Signal, has bought a farm near Oaks and expects to move there shortly. As he will not be able to continue the paper, Raymond Elmer has been employed as editor and manager.

Much road work is planned for Steuben county next year which is down for 23.9 miles of state road next summer. When the complete program of road work is carried out the county will have one of the finest systems of roads in the state.

Setting as the goal the placing of a farm bureau member's card in every farmhouse in Cayuga county the committee in charge of the membership campaign will get under way in the most sweeping drive ever conducted by the local bureau.

We Have Plenty of PHONOGRAPHS

And they are America's Three Standard Makes

The "Victrola" The "Sonora" The "Rishell"

Never in musical history has there been such a general turning to the purchasing of Phonographs and to the desire of having music in the home, and this big store has come to the front in providing—right where you want them—a great assortment of phonographs.

And they are the standard, the greatest American Phonographs. They are not recently manufactured machines that dealers all over are substituting; they are not machines that have to be apologized for and explained about, but indisputably the greatest made. Choose the one you like the best. They are all here and you can judge of your own musical future.

And You May Charge Records on Terms Equal to Your First Machine Payment

Tuttle & Rockwell Company make it certainly very easy for everyone to have both a fine Phonograph and an assortment of Records on terms as low as $5.00 a month.

We want everyone to take advantage of this opportunity; not alone to be able to choose the best instrument and to be assured of immediate delivery—but to have all the pleasure of "music in the home" while paying a very small amount for the pleasure of ownership.

Our "Phonograph Department" Open Until 9 O'clock Each Evening

For the convenience of people unable to get here earlier in the day—or husbands and wives who may wish to shop together—our Phonograph Department will be open each evening from 7:15 until 9 o'clock.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys or a sluggish system. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in vigorous working order old age can be delayed and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil, put up in capsules, tasteless, convenient, containing about 5 drops, are delicious to take, and they act quickly. Take them as you would a pill, swallow of water. The oil stimulates the kidney action and entirely disengages the throw off the poisonous waste matter which is the cause of rheumatic pains and stiffness. Your life and strength increases as you continue the treatment. Without doubt you will continue taking a regular course after a few days. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have worked down for a cure. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

We Order More to Take Care of Those Out of the Service

It seems probable that the Erie railroad will be one of the few transportation companies in the eastern region under the federal railroad administration whose passenger service will not be reduced in the coal conservation efforts. Sweeping curtailment of schedules of most railroads have been announced, but as yet no indication has been given that passenger service on the three divisions radiating from Hornell, the Susquehanna, Allegany and Buffalo divisions will be reduced.

Superintendent H. R. Cole of the Susquehanna division this morning stated that no orders have been received at the offices here concerning any change in present passenger schedules in connection with the plan to save coal. He made no statement in connection with the reductions.

On account of the fact that passenger service over the Erie lines has never been restored to a pre-war basis and is at the same minimum to which it was reduced during the war, the general impression among railroad men here is that further restrictions are not likely.

SCIO WOMAN KILLED BY AUTO

Mrs. John Horton, of Scio, was struck by an auto driven by Bert White, of Wellsville, Tuesday night, and injured so that death occurred within a short time. Mrs. Horton had visited her son, who is a patient at the Wellsville Hospital, and returned to Scio on the 5:30 bus. Several people alighted from the bus on a street crossing at Scio and with the exception of Mrs. Horton, started in one direction. The glare of the headlights on the bus as it turned prevented Mr. White, who was returning from his work at Belmont, seeing Mrs. Horton as she started to the opposite side of the street, in time to avoid the accident. He made every effort to do so, but the unfortunate woman was struck by the machine and injured so that death occurred soon after her arrival at the hospital where she was taken.

Mrs. Horton was 50 years of age and leaves her husband and ten children, six girls and four sons.

CENSUS TAKERS TO GET 4 CENTS FOR EACH NAME

Washington, Dec. 4.—Increase of the rates of pay for enumerators of the Fourteenth Decennial Census to 4 cents for each person enumerated and 30 cents for each farm reported was announced to-day by Director Samuel L. Rogers. Approximately 87,000 enumerators are affected.

The new rates are the maximum authorized by law and are necessary to attract properly qualified men and women, Mr. Rogers said.

Enumerators will be paid 10 cents for each barn or enclosure containing live stock not on a farm, 30 cents for each manufacturing establishment enumerated and 50 cents for each irrigation or draining enterprise reported.

THING OF THE PAST

"An old gentleman from the country visited Washington the other day and set the capital in an uproar. In fact, he was hailed as one of the nation's leading humorists."

"What did he do or say to make such an impression?

"He said he'd come to Washington to seek, to see a specimen of that lost oriental dignity."
