COMPANIES UP STATE ARE INCORPORATING

Every County in State is Doing Its Part in General Stimulation of Trade and Prosperity

Albany, Dec. 7. — One-seventh of all the companies which were incorporated and embarked in business in this state during the past eleven months, are outside New York City. According to a report which has been issued by Secretary of State John J. Lyons, there are 2,184 such concerns with an aggregate capitalization of $144,225,835. During the same period of time, 16,619 companies, having a capitalization amounting to $602,272,530, have been incorporated in the entire state.

That there is a steadily growing confidence toward better business conditions is reflected in Mr. Lyons' report covering the incorporations during November. Not only have more companies incorporated during the month than in any similar period since last spring, but the records show a greater diversity in the launching of new business enterprises, as well as the fact that practically every county in the state is doing its part in the general stimulation.

Reality companies still command major attention, $15 having been incorporated during November, with a capitalization of $8,324,000. Spurred on by the demand for more and better pictures, each month finds from thirty to fifty motion picture companies incorporating in this state. Last month there were 33 with a capitalization of $1,563,500.

BELMONT WANTS ERIE TO BUILD NEW STATION

Project Taken Up by Newly-formed Chamber of Commerce

Belmont, Dec. 10. — A Chamber of Commerce has been organized to boost Belmont by improvements, by telling of her opportunities, etc.

The committee on railroads, County Judge B. Ackerman, Railroad Land Attorney William R. Van Campen and Bank President W. J. Paul will confer with the Erie officials regarding a new station.

Supervisor-elect William Canfield is on the improvements committee. Paving and putting in additional sewers will be considered.

The chamber is non-partisan and will work, its officers say, with the town and village officers. Meetings will be held monthly and committees will report their progress.

New industries of the "hand me out" type are not to be sought. No sensational growth is expected, but when a good enterprise wishes to locate in Belmont, they will be referred to the committee on new industries headed by George M. Horner.

The editor of the Dispatch, R. S. Pierson, C. E. Ackerman and William B. Francisco, have the publicity end of the work. Signboards at the village entrances on the state roads will be erected.

"How to Keep the Home Coin Turning" will be the problem for the trade committee, headed by L. C. Allen.

THE TESTED HERD

This is the farmer who said "By dam, I'll build me a big red dairy barn." These are the black and white tested cows that stand in the stable beneath the mows on the farm of the farmer whose big red barn is the starting point of all this yarn. These are the kiddies as fine as silk, because they drink much of the milk that comes from the black and white tested cows that stand in the stable beneath the mows on the farm of the farmer who builded a place for the foster mothers of all the race. These are the carrots and beets and beans which furnish some more of the vitamines, to help raise kiddies as fine as silk, who drink, each one, a quart of milk, that daily comes from the tested cows that stand in the stables beneath the mows on the farm of the public benefactor who has rid his herd of the last reacter.

THE CHANGES IN INTERNAL REVENUE

Collector Bert P. Gage, of the Buffalo Internal Revenue Office Supplies the Following Information

The following statement is issued by Collector of Internal Revenue Bert P. Gage, of the 28th District of New York:

"Enactment of new revenue legislation has brought to the offices of Internal Revenue a flood of inquiries regarding various provisions. The Revenue Act of 1921 became effective November 23, 1921, 'unless otherwise provided for.'

"To avoid error in the preparation of their returns and later difficulties with the Bureau of Internal Revenue, taxpayers are advised to carefully note the changes and when they become effective.

"The excess profits tax is repealed as of January 1, 1922. The rates for 1921 are unchanged.

"The surtax rates for the calendar year 1921 are unchanged, and range from 1 per cent. on the amount of net income between $5,000 and $6,000 to 65 per cent. on the amount of net income in excess of $1,000,000. For the calendar year 1922 the surtax rates range from 1 per cent. on the amount of net incomes between $5,000 and $10,000 to 50 per cent. on the amount by which the net income exceeds $200,000.

"The exemption allowed for a dependent is increased from $200 to $400. Married persons living with husband or wife and heads of families are allowed a personal exemption of $2,500 (instead of $2,000) unless the net income is in excess of $5,000, in which case the personal exemption is only $2,000. The act provides that in no case shall the reduction of the personal exemption from $2,500 to $2,000 operate to increase the tax which would be payable if the exemption were $2,500 by more than the amount of the net income in excess of $5,000. This is to overcome the disparity in the case of two taxpayers, one of whom is just within the lower $2,000 exemption and the other just within the higher $2,500 exemption.

"Single persons, and married persons not living with husband or wife, are allowed an exemption of $1,000. Non residents aliens are allowed a single exemption of $1,000. Persons having gross incomes for 1921 of $5,000 or over are required to make a return, regardless of the amount of net income.

"Provision is made for the repeal as of January 1, 1922 of the tax on stock-holders of a personal service corporation as such. After that date such corporations are to be taxed in the same manner as other corporations.

"The income tax on corporations for the calender year 1922 and thereafter is increased from 10 to 12½ percent. The $2,000 exemption heretofore allowed corporations is to be granted only to those corporations whose net income is $25,000 or less.

"Many persons are under the impression that the taxes on ice cream, soft drinks, etc, monthly returns of which are required, have been repealed with the enactment of the new act. These taxes remain in force until the end of the calender year 1921.

"No change is made in the tax on admissions, except that after January 1, 1922 there will be no tax where admission is 10 cents or less. Effective January 1, 1922 the following taxes are also abolished, on musical instruments, sporting goods, chewing gum, portable electric fans, theatrical bottles, fur articles, pleasure boats and pleasure canoes (unless sold for more than $100), toilet articles, medicines and numerous other articles of apparel.

"On and after January 1, 1922 the tax on various works of art is reduced from 10 per cent to 5 per cent the tax on candy from 5 per cent to 3 per cent and the tax on carpets, rugs, trunks, valises, fans, purses, etc., from 10 per cent of the sales price in excess of specified amounts to 5 per cent of the sales price in excess of specified amounts.

"The tax on parcel post packages is eliminated effective January 1 1922.

"The new act provides that no tax payer shall be subjected to unnecessary examinations or investigations and that the inspection of his books of accounts shall be made for each taxable year unless the taxpayer requests otherwise, or the Commissioner notifies the taxpayer in writing that an additional inspection is necessary.

"The period for filing returns on the calendar year basis is from January 1 to March 15, 1922. This year at least the tax may be paid in full at the time of filing the return or in four equal installments, due on or before March 15, June 15, September 15 and December 15.

HURRY BRAY AWAY TO AVERT TROUBLE

Secret Transfer of Self-confessed Slayer When Crowd at Police Headquarters Gets Threatening

Hornell, Dec. 13. — While a hostile crowd milled about in front of police headquarters last evening and shouted threats at Hugh Bray, self-confessed slayer of Mrs. Nellie Stone, detectives, with the prisoner handcuffed to them, slipped quietly from a rear door and hurried Bray to the county jail at Bath.

The secret transfer of Bray was decided upon after police officers and prominent citizens came to believe there was every possibility that an attempt might be made to lynch him.

The crowd in front of police headquarters numbered several hundred. Noisy ones in the throng had already begun to shout for Bray and the cries were being generally taken up when the crowd was informed detectives had slipped away to Bath with the prisoner.

Attorney John W. Hollis, who aided in the prosecution of Jady Kelly at Corning more than a year ago has been retained to defend Bray. He said he hoped to be able to prove that Bray was so drunk at the time he had no realization of what he was doing.

Much indignation is expressed throughout the city at the statement made by Bray to the police that he was aroused to a frenzy of jealousy by the fact that Hiram Crosby had replaced him in the affection of Mrs. Stone. Neighbors of the dead woman say her character is above reproach and that she had never regarded Bray other than as a friend. It was Bray's statement which he hinted at a love affair with Mrs. Stone that aroused the fury of the crowd that moved upon police headquarters last evening it is said.

Bray still maintains an attitude of complete indifference. Last night he seemed to enjoy the whole proceeding when the detectives were striving to keep news of his transfer from the crowds in front of police headquarters. He laughed as they handcuffed him and made humorous remarks about persons he believed to be in the crowd.

As he stepped into the motor car with the detectives he lighted a cigarette and settled comfortably back for the run to Bath.

His only request to the authorities has been that news of his trouble be kept from his aged mother who lives in Bayonne, N. J.

REV. JOHN L. LYNCH

It was with sorrow and genuine grief that Andover people learned Tuesday morning, of the death of the Rev. John Laurence Lynch, the night before, at the home of his father, Michael T. Lynch, about two miles south of this village.

As a young man and youth, John Lynch won a warm place in the hearts of all his neighbors and fellows. He was an exceptionally bright and industrious student. After finishing his studies at Andover High School he chose the priesthood for his vocation, entering Niagara University for his college course.

It was but a little more than two school years ago that John Lynch was ordained to the priesthood of the Catholic Church at Blessed Sacrament Church of this village, under most pleasing and auspicious circumstances, when the entire community turned out to extend congratulations and do him honor.

Rev. John L. Lynch was a circular priest of the Buffalo diocese, being stationed at St. Joseph's Old Cathedral, 50 Franklin Street, Buffalo, until two years ago when he went to Albuquerque, New Mexico, for treatment at St. Joseph's Sanitarium in that city. He was twenty-seven years old, having been born on July 2 1894, in Andover. His mother, Celia Gallagher Lynch, died on Oct. 2 1900. Besides his father, Michael T Lynch, he is survived by the following brothers and sisters: James Lynch Michael V. Lynch, Daniel Lynch, and Mrs. Charles C. Lynch, of Andover; Terrence Lynch, of Belmont; and Mrs. Michael Murphy, of Brenckenridge, Texas.

The funeral will be held at the Blessed Sacrament Church, Andover, at 9:30 o'clock, Friday morning. The Rev. P. C. Tracy will officiate, and interment will be in St. John's Cemetery.

HENRY F. ALVORD DIED SUNDAY

Wounds Received Two Weeks Ago, Proved Fatal to Former Andover Man, Funeral Held Thursday

Word came to Andover Monday of the death at Bradford, of Henry F. Alvord, at the hospital in that city, the result of a stabbing two weeks previously by Joseph Twillinger.

Mr. Alvord, in company with a companion, Lewis Baker, went Sunday afternoon to visit another driller and tool dresser working on opposite tour with them on a wall. They entered the apartment known as the "Bungalow" where their friends lived, and found they were not at home. On starting to leave the building Alvord stepped into a toilet for a few minutes, sending his companion out for some cigars. In getting the money for the cigars, it is supposed Alvord thoticelly displayed a roll of bills. At any rate, as he started out of the toilet he was attacked and stabbed in the stomach.

Besides his wife, Mr Alvord is survived by five children, two by a former wife living in Andover, Miss Thelma Alvord, and Kenneth Alvord, and three by the present wife, also his father and mother of Andover, Mr. and Mrs. George Alvord.

Funeral services were conducted at Bradford Thursday. Those from Andover attending were George Alvord, Miss Edith Brainard, Thelma and Kenneth Alvord.

SUDDEN DEATH OF WILLARD TALBOT

He was in usual good health up to Tuesday, when he was taken ill while in the Canisteo Gas Co. office. He went home, and failed rapidly until the next day when he died. He was born in North Jasper 56 years ago.

He lived in Jasper for 35 years, then moved to Rathbone where he lived 16 years. He then moved to Addison and lived there 6 years, then moving to Andover, he resided there 6 years and moved to Canisteo October 11th. He was highly thot of everywhere he lived and had many warm friends. He was a member of the M. E. Church.
