Senior Notes

St. Patrick's Day, March 17, 1928 there will be a dance in the High School gymnasium for the benefit of the Senior Class. A snappy orchestra and good time is promised. Don't forget to come boys. Also it is leap year, so if he don't ask you first—ask him, girls! Buy tickets from the Seniors.

Many pupils are taking vacations to entertain—colds.

English III. Items

A "good neighborhood" is any place where rents are too high.

A Scotchman, in attempt to get some medical advice free said, "I'm afraid I'm catching cold. Every once in a while I feel an itching in my nose and then I sneeze. What would you do in a case of this kind, doctor?"

"Well," replied the doctor, "I guess I'd sneeze too."

Dot: "What is the greatest water power known to man?"

Bern: "That's easy! Women's tears."

Louis (disgustedly): "My gosh, your nothing but a gold digger."

Gert (sweetly) "But I'm not 18 yet. I'm only a minor." (miner)

The Noblest Task

The teacher has the noblest task
The hungering heart of man could ask;
To point the way, to educate,
To verify, to re-create;
To banish strife, bring surest hope,
To light the way for those who grope
To open new worlds, throw steady light,
Remove the doubt, confirm the right,
With living fact in diligence,
To motivate intelligence,
With patience seeking find the soul
And morter it to perfect whole,
[illegible] who plod
Look up and swing in step with God.

Miss [illegible]: "Edward, could you describe a tank, similar to the ones used in the Battle of Sommes."

Edward: "Well er well there's a picture of one in the book."

Absent Minded

Lawrence Hann entered the gym one morning with his hat on his head.

"Lawrence, where is your hat?" asked Miss Smith.

Lawrence (absent-mindedly): "Oh on my hook, ma'am."

A Missing Dumbell

Guy (to Carl): "Miss Smith wants to see you."

Carl: "What for?"

Guy: "She saw one of the dumbells was missing."

Miss Mark (French Class): "Dan, what is the meaning of 'pourquoi.'"

Dan (not knowing): "Why."

Miss Mark: "Correct!"

Nothing Like Telling The Truth

Doc. (helping one of his fellow students prepare his Int. Algebra lesson): "These aren't my own figures, I'm quoting, they're the figures of a man who knows what he's talking about."

"I've never kissed a girl in my life," observed the bashful Louis F.

"Well, don't come hanging around me," announced Blondey, "I'm not running a prep school."

On Friday night at 8 o'clock on the Wellsville court, the Andover and Friendship girls play the first game of the finals for the county tournament.

On Monday night, on the same court, the second game will be played between these two teams.

It appears that Andover has a better girls' team than Friendship and we sincerely hope the Andover girls will win the championship.

Everybody should go to Wellsville to see these games and back up our team.

Special White Cake.

Two cups of sifted pastry flour, three teaspoons of baking powder, one-half cup of butter or other shortening, one cup of fine sugar, one three-quarters cup of milk, one teaspoon of flavoring, three egg whites; cream the shortening thoroughly with a slotted spoon, add the sugar gradually by sifting it thru' the flour sifter, cream them together, add the flour and the baking powder which have been sifted together three times alternately with the milk. The more you beat the cake here the finer it will be. Add the flavoring and fold in the lightly beaten egg whites. Bake it in an oblong pan cut it in the center and put it together with any desired icing as you do a Lady Baltimore cake.

Thru' the courtesy of Mrs. Martha Bloss.

After making beef gravy in the usual way put in a small quantity of tomato soup (canned) it makes a delicious change and adds a piquant flavor to the otherwise usual sauce.

In making cakes where the flour is to be sifted more than once, it saves getting out a number of dishes and more washing if the flour is sifted on to a square piece of paper.

Many women make newspapers save them work. They can be spread over the table where you do your mixing; it is a great deal easier to take off the paper than to try to wipe up a lot of cake crumbs and flour.

Mrs. A. V. Durand

Mrs. Albert V. Durand of Leicester and Rochester, died at her winter home in the Vassar Apartment, Rochester, on the 10th day of February. Mrs. Durand was the daughter of the late James L. Dodge of Leicester, and the grand-daughter of Thomas Dodge, a Livingston county pioneer, the Dodge homestead in Leicester having been and now occupied as such, for one hundred and fifteen years. Mrs.Durand's maiden name was Mary Elizabeth. She was born at the family home in Leicester, February 26, 1856. She married Albert V. Durand, now president and manager of the Smith Gormley Co., Rochester. Mrs. Durand was a woman of fine attainments. Under all circumstances and in the face of all lived wisely and sanely, at the same time progressively and sympathetically. She remained loyal to the old principles and traditions and keenly alive to the new. She enjoyed life and was appreciated by all whose privilege it was to know her.

Mr. Durand is a former resident of Andover, and is well known by our people, who sympathize with him in his bereavement

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

IN THE CASE

A hardware clerk out to lunch had his pocket picked. As the thief was bolting, he collared him and escorted him to a policeman.

"You say this man stole your watch," said the policeman. "What distinguishing feature was there about the watch?"

"It contained my sweetheart's photograph," replied the man.

"Ah, I see! A woman in the case."

Cream and Honey sweet corn has won the preference of a great many of our home gardeners, and we really believe it has a superior flavor and yields a better crop than any other high grade garden variety.

Its thick deep meaty kernel adapts it particularly for canning.

The seed is here. Early buyers will be sure of their season's supply.

We wonder if the families in which there are growing boys and girls realize the importance of Iodine Salt as a part of their diet.

The presence of thyroid troubles among our children is a matter that should be given particular attention.

Our best medical authorities assert that the use of Iodine Salt now will prevent much later trouble.

Get Iodine Salt from us or at your grocer's.

Fifteen-piece glass Luncheon Sets in delicate pink or green, high process finish and very good shapes—$2.29 the set. Sherbet glasses to match, four for 50c.

Oak Splint Baskets are the strongest and most durable; we carry them in a variety of sizes.

Frank Davis is now located at the home he recently purchased on First Street. Moving made necessary the purchase of a new kitchen range and we have added Mr. and Mrs. Davis to the Satisfied Users Club of LEGEND Combination Ranges.

Who will be the next lucky buyer?

A case of Roller Skates just came in and they look so bright and the ball bearing wheels run so easy that we said to ourselves there are surely 25 small boys and girls in Andover that will come for a pair of skates if we just forget what they cost and sell them cheap; so for a week the special price will be $1.17. Now we leave it to you if that isn't a good low price, the regular is $1.35.

The morning cup of coffee will have a better flavor and be clear and free from sediment if made in one of our Aluminum Perculators.

Special shipment just received. The dollar size and quality is offered at 79c.

The supply of Syrup Cans in dealer's hands thru this section is very light as their sale, due to the use of drums for shipping, is uncertain.

We expect to take care of our customers and we believe our price very low, $6.75 per crate of 50 cans.

If you are having udder trouble in your dairy Dilators may save you a valuable cow.

We have Dr. Nailors, and those made by Moore Bros. Have a jar on hand for emergency.

We know you will agree that it won't pay even to get the old Hand Saw filed when you see the one we are offering at 95 cents.

It is skew back style with ship blade nicely polished and has a varnished handle attached with four broad-head brass screws.

We are carrying a very nice assortment of Flower Pots, Jardineres and Porch Boxes, maybe we have just the article you will need to carry out your plans for the spring and summer flower garden.
