TID BITS

The Way to Win

There's always a river to cross;
Always an effort to make,
If there's anything good to win,
Any rich prize to take;
Yonder's the fruit we crave,
Yonder the charming scene;
But deep and wide, with a troubled tide
Is the river that lies between.

A new plan of study has been adopted in American History for two weeks.

The Next Step

We have boiled the hydrant water,
We have sterilized the milk,
We have strained the prowling microbe
Thru the finest kind of silk;
We have bought and we have borrowed
Every patent health device,
And at last the doctor tells us
That we've got to boil the ice.

Leland Armstrong, 1929 Football Captain At Alfred

Leland Armstrong was elected captain of the Alfred University football squad at a meeting of this year's squad last week. Armstrong succeeds Dean H. Fredricks of Lock Haven, Pa., the younger football leader in the country this past season.

Armstrong was graduated from the Alfred High School in 1926. He is the son of Mr. and Mrs. Reuben Armstrong of Alfred.

Robert Brundage Hurt

Losing control of his car in some way, Robert Brundage received a bad scalp wound and other injuries when the machine was wrecked between Andover and Wellsville. Mr. Brundage was returning from Wellsville in the early evening, Tuesday, and when near the road stand hollow Elm Valley, met a car with undimmed lights. The next he knew he was in the field where he had been thrown several feet. The car, an Oakland touring, was completely wrecked.

CURRENT WIT

Are the bank drafts what make the cash cold?

Even the low-brow sometimes does some tall talking.

"What did they give the animal trainer when he retired?" "Three cheers and a tiger."

"She gets invited out a lot lately, doesn't she?" "Yes, you see she has put in a party wire."

"She always dresses for the occasion." "Yes, I saw her at the masquerade in a muted organdie."

"So the bank teller's wife has left him?" "Yes, she says there was too much he wouldn't tell her."

A device that heats only the soles of shoes, shielding the other portions, has been patented by a Brooklyn (N. Y.) inventor for the use of manufacturers and repair men.
