Units of National Strength

America's strength rests upon her home, her business enterprises and her banks.

All three are knit closely together with one absolutely depending upon the others.

With this in mind the Federal Reserve System was formed—to broaden the bank's sphere of usefulness in this scheme of things—and we are glad of the privilege of being a Member Bank of this great System, with all its wonderful Resources behind us.

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

Ole Olson, track-walker, was supposed to be testifying after a bad head-on collision.

"You say," thundered the attorney, "at 10 that night you were walking up toward Seven-mile Crossing and saw Number 8 coming down the track at 60 miles an hour?"

"Yah," said Ole.

"And when you looked behind you, you saw Number 5 coming up the track at 60 miles an hour?"

"Yah," said Ole.

"Well, what did you do then?"

"Aye got off the track."

"Well, but, then, what did you do?"

"Vell, aye say to mineself, 'Dis plebee h—— of a way to run a railroad."

Grass Catchers are right in season. We have some slightly stained, but will deliver full age service.

These were made to sell regularly at $1.25, while they last you may take your pick for 79c.

They are adjustable and will fit all sizes of Lawn Mowers.

It isn't the first cost, it is the quality of the job, plus the years of service and to this add the satisfaction of that feeling that goes with the knowledge that no matter where the other fellow deals he can't buy better.

That is exactly the position of the man who has painted his house with Moore's Pure Linseed Oil House Paint—he has the best that money can buy and the job has cost no more than he expected to pay.

Let us show you how to make your paint dollar travel its extreme limit of service and satisfaction.

Moore's name on a can of paint, varnish, enamel or anything in this line means high quality, low price. You may buy for less per gallon, but you will get less in covering capacity, protection and time of service.

When good settled weather and warm days come will be just the time to fix your roof.

If its repairs needed we furnish nails, patches, plastic cement and roof coatings, also a man to do the job.

For new roofing, rolls or shingles our prices are lower: ASK!

Time to get the scythe out and trim around the lawn and garden. Maybe the old scythe is worn down so the cut is gone, and you need a new one.

We have a dozen very good ones to sell at $1.35. A little rust on the edges but one grinding and you will get the same service as the you paid the regular $2.00 price.

Garden Cultivators save a lot of aches and blisters. Keep the ground mellow and the weeds don't get a chance to start.

If you have ever thought of owning one, here is your chance, smoked up a little but ready for business—$2.75, including attachments.

Don't overlook Brunswick when you need new tires. They are rugged, dependable and you are not paying for any high priced advertising, handling charges or long profits.

Brunswicks are sold only for cash. They are the tire for the man who don't want to help pay for the tires the dead beat gets away with.

We have some beautiful new goods in electric appliances, they are here just in time for June graduations, weddings or the home keeper who wishes to add to her supply.

Miss Alice Young was born Aug. 13, 1860 in the town of West Union and passed from life May 28, 1929 at the home of Mrs. Luella Benton on Greenwood street, this village, after a week's illness.

Miss Young had been a resident of this village for the past 25 years. She was the last member of her immediate family and had been a semi-invalid for some years.

Funeral services were conducted by Rev. Walter Dynes, pastor of the M. E. church, Thursday afternoon, May 30th, at the home. Burial was in the West Union cemetery.

Entirely satisfactory coffee must be both high grade and fresh roasted. We claim Heart's Delight Coffee is not excelled in quality by any package coffee in market at any price. Our grocer customers receive it fresh from our roasting room frequently. No nationally advertised coffee is better quality or can be nearly as fresh — therefore Heart's Delight is better—in fact it does "just hit the spot."

A Rare Book

Walking up Greenwood street recently, Charles Updyke came out of his home and showed us an old book that proved mighty interesting reading. It was the life of Mary Jemison. The book itself is over 100 years old, and goes back even farther. It used to belong to a school library in the towns of Greenwood and Andover. It is filled with what is undoubtedly true Indian history, incidents in the manner of life and Indian customs. We were loath to put the book away till we had finished reading it.

Silk materials look best if ironed on the wrong side while still damp.

A Valuable Relic Found

Curtis Burdick brought to the News office Wednesday, a rare relic and curiosity which F. S. Stowell had dug up in his garden at Elm Valley. It was an Indian hunting knife. It had evidently lain in the earth many years, but after being cleaned up was a perfect specimen, with deer horn handle and fine notches. The land on which this knife was found had been in cultivation many years. Undoubtedly the curio had been plowed up and down for years only to come to light and observation this spring.

To feed cows well is to feed them profitably.
