Every man in the town of Andover wants the Advertiser.

Hand the Advertiser to your neighbor and ask him to subscribe for it. Every one circulated adds to the value of your property.

The Second Agricultural Fair and Third Annual Horse Show of the "Union Fair Grounds," of Ellipticalville, will be held Sept. 8th 9th and 10th.

A GENTLEMAN of Fredonia had a gold ring removed from his finger the other day that was placed there by his wife in 1832, and had never since been taken off. Few rings, we imagine, are allowed to remain in one position that length of time.—Chautauque Dem.

ACCIDENT.—On Saturday last, Mr. McLaughlin, while coming down Boyd Hill with a load of bark, walking along side of the wagon, stepped on a rolling stone which threw him in such a position that the hind wheel passed over both of his feet, bruising them badly.

We have received a number of communications with fictitious names signed. We will publish B. R. next week but hereafter all communications must bear the real signature of the writer, not necessarily for publication but as a mark of good faith.

The little son of Sidney Magee who was in a critical condition at the time of our last issue, is about again and as full of fun as ever.

ALARM OF FIRE.—Quite an excitement was gotten up last Friday by the report that Mrs. Martindale's house was on fire. A general rush was made for the spot, but it proved to be nothing but a leakage of smoke from the chimney.

RENWAY.—Wm. J. Lever, Esq., got up a lively runaway last Friday afternoon, or rather his old bald faced horse did. The horse was hitched in front of Crandall & Brainard's, and as Mr. Lever unhitched him and started to get into the buggy the horse started to and won the race to the Woolen Factory, where he guided the buggy safely into C. Crandall's blacksmith shop. Strange to say nothing was broken.

Crops.—A considerable amount of the winter wheat in this immediate neighborhood is still standing in the fields. The yield so far as we can learn is large and the prospects for a fair crop are good.

Oats never looked better and there is a large breadth sown. Corn has been brought forward by the few days of hot weather we have had, and now gives promise of a fair yield.

Potatoes are rotting some in the valleys, but on the hills they look green and fresh yet.

DEATH BY POISONING.—A sad case of poisoning occurred in this place last Friday, about four o'clock in the afternoon. Boy Bundy, eldest pup of H. P. Bundy, Esq., was discovered to be in great distress. A consultation of Dr. McClary and Baker was held and every known remedy used for his relief. But alas! his fate was sealed. He expired at precisely 6:30. Deceased was about six months old and leaves a large circle of friends to mourn his loss.

HALF FULLY.—Going to the depot occupied in entering into the new arrangement we are obliged to issue a half-sheet. We are all right for the future.

COUNTY TEMPERANCE ASSOCIATION.—The County Temperance Association met at Andover on Tuesday evening. We understand that there was a good attendance and great interest was manifested in the subject for discussion.

Resolved, That in the judgment of this Convention the time has fully arrived when the friends of sobriety and good order should organize a political party, whose object shall be to secure the passage and enforcement of a law embodying the principles of prohibition, in respect to the sale of intoxicating liquors to be used as a beverage.

The subject is one in which all our readers are interested. We have made arrangements for a full report next week.

PINE FRUIT.—We were presented a few days since, with some choice apples by Dr. De. McClary, which he picked from one of the trees in his yard, they were large and fully ripe.

From the specimens of fruit presented us by our friends Crandall & Brainard, we should think his peach trees must be doing well this season. By the way, boys, you have laid us under obligations several times of late, we shall always remember you with gratitude.

Mr. N. B. Walker also places us under obligation by a presentation of a nice bag of fruit of the weed, and while we thank of it, if you want some choice smoking tobacco, that is the place for you to go.

NEWSPAPER DECISION.—1. Any person who takes a paper regularly from the past office—whether directed to his name or another, or whether he has subscribed or not—is responsible for the pay.

2. If a person orders his paper discontinued he must pay all arrearages, or the publisher may continue to send it until payment is made, and collect the whole amount whether it is taken from the office or not.

Fire at Belmont. (From Our Special Correspondent.) A fire occurred in Belmont in the store of A. F. Cooley, on Thursday evening, August 19th. It occurred from the bursting or tipping over of a kerosene lamp. There was a keg of powder in the building that was not when carried out that it was removed with difficulty, the label on the keg being clipped to powder. Two minutes long-

er and here would have been a fearful explosion. It was insured in the Market Fire Insurance Company of New York, who adjusted their loss on Monday, the 23d, only three days after the fire.

TO CONSUMPTIVES. The advertiser, having been referred to health by a few words by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption he wishes to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription, most (free of charge) with the directions for preparing and using the same, which they will find in the Circular post. CASSIMERE, ASTORIA, Massachusetts, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted and spread information which he conceals, so to be favorable and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Persons wishing the prescription, will please send to: Rev. EDWARD A. WILSON, Williamsburgh, Kings County, New York.

J. C. Green, Green's Corners, In agent for the

American Hotel, ANDOVER, N. Y.

Proprietor, STEWART DAVIS. This old and favorite resort for the traveling public and the citizens of Albany County, has passed to the hands of the undersigned, who, feeling that it is renovated and re-established, it is hoped that he will be able to make his guests comfortable and happy.

Great Sale of Property. At Andover N. Y. A choice Woolen Factory, with all its machinery, will be sold at Andover, N. Y.

Thursday, Aug. 26th The capital stock was \$20,000, and about \$3,000 have been raised in cash and \$1,000 in Bonds and Lot, making a total of \$24,000. The goods will be sold together, or should any desire to purchase, house and lot will be sold separately.

The machinery has the most modern improvement for the manufacture of wool. The factory is situated on the banks of the Andover River, and a fine back view of the city can be seen from the factory. It is a heavy job resting on the company. It is a fine building and the machinery is all new. It is a worthy investment for any who have means.

MOTHERS READ! MRS. WHEELER'S NURSING SYRUP!

FOR Diarrhoea, Dysentery, Colic, Cholera Morbus, Acute Catarrhs, Fits from Worms, Spasms, Wind in the Stomach and Bowels, &c., but particularly FOR CHILDREN WHEN TEETHING!

Call your attention to the above medicine, as being superior to any ever before offered to the public for the purpose which we recommend it. In many years I have observed the want of some safe domestic remedy, free from opium, and other noxious drugs, which could be placed in the hands of the mother or nurse, whereby all or very many of the distresses incident to childhood, and especially those resulting from teething, could be checked in their first stages, ere they had advanced so far as to jeopardize the life of the child. Very many children from their birth are irritable, Nervous, Restless and Sleepless. They live in a state of nervous excitement, their cries and moans denote some functional derangement of the system, which requires but the least exciting cause, and they fall a prey to disease. The Period of Teething is the most critical of any during the life of the child, and more children die during this period than at all other combined.

For producing a quiet, natural and refreshing sleep, one from which the child will awake, feeling refreshed and glibly.

THE NURSING SYRUP HAS NO EQUAL. For the benefit of mothers and nurses, we would advise you when the child is restless, feverish, irritable, head hot, face flushed, tongue coated, pulse quickened, to give a warm bath, followed by appropriate doses of the Nursing Syrup, and the Medical effects will gladden your hearts.

All we ask is for you to try one bottle, and if you are not fully satisfied after using half of it, return it to the agent and get your money. For sale by all Druggists and country merchants everywhere, at 15 cents per bottle.

J. C. Green, sole agent for Andover, N. Y. 2671.
