Daniel Among the Lions

Daniel 6:10, 11, 16-28

Rev. Samuel D. Price, D.D.

Stories from Daniel's life have a fascination for children and continue to give great teaching lessons also to those of older years. As a book of romance the Bible reveals the truth that is stranger than fiction.

Joseph became prime minister in Egypt because of his innate worth and the same is true of Daniel in Babylon. As he had been a marked man under the Chaldean rule, so he was preferred by Darius the Mede who became the conqueror. The governmental organization consisted of 120 satraps with three presidents. Daniel was the leading president. The fact that he was a Jew led to much jealousy by the other officials and they planned to do away with him if possible.

Religion offered the one sure ground for attack, for these evil men were certain what Daniel would always do in his relationship with God. With Daniel's dependable habits in mind it was agreed at the caucus to appeal to the king's pride and propose that a decree be promulgated forbidding anyone to pray during 30 days except as Dari- The penalty for disobedience was to be cast into the den of lions.

Sypers were watching Daniel who had the known habit of praying to Jehovah at least three times a day. He would open the windows in the direction of Jerusalem, 500 miles away as the airplane now flies, and kneel devoutly in his approach to the Throne of Jehovah. The decree did not change his heart attitude in any way, and when the next prayer time came, he just prayed "as he did aforetime." God was continuously gracious to him and he naturally "Gave thanks before his God." Prayer was an essential part of his life and not a spasm when in fear because of some special need. Then the plotters forced the king to order Daniel to the den of lions.

Daniel was the coolest in the crowd. He feared to dishonor God far more than to face the lions. Here was but another place for prayer. He entrusted himself to his Father, then said "Amen," and was ready for sleep. He may have used a lion's saggy skin for a soft pillow. Meanwhile the angel watched thru the night between these creatures of the Most High. Read chapter 6 in full for all the familiar details.

This Week

By Arthur Brisbane

Man Defeats Nature. Chain Stores Growth. Up Goes Wheat. A Bird Bootlegger.

Man consistently surpasses the performances of nature.

Locomotive and automobile outrun the deer. Airplanes already outfly any bird, and will do better when they stop imitating birds and create an entirely new plane.

Bulls of Bashan bellowed and were heard afar. The microphone talks around the world. Man's latest defeat of nature is the creation of an artificial ear "a thousand times more sensitive than the human ear, that picks up the faintest danger signals coming thru the fog and tells the direction whence they come."

Anything that men can imagine they can do.

Forty-five chain stores organizations, in June, did $236,281,747 business, gaining 23 per cent. in a year.

Sears, Roebuck stands first with June sales of $25,747,979; Woolworth next, $23,000,000; Montgomery Ward third, $21,000,000.

Newspaper publishers are interested in the policy of General Wood, a West Pointer, now president of Sears, Roebuck. He is constantly building retail stores, promoting them with newspaper advertising.

Sears, Roebuck, it is said, plan several retail stores in all big cities, one in each smaller city.

While the Government thinks about it, Mother Nature helps some farmers by injuring the wheat crop here and in the Canadian Northwest.

The price of wheat went up everywhere. Chicago, Winnipeg, London, Buenos Aires, touching $1.36 a bushel. The price was 96 cents a few weeks ago.

It is not so pleasant for those farmers whose wheat is "irreparably ruined."

W. T. Logan, Christian missionary returning to Buffalo, from the headwaters of the Zambesi, tells of a little bird that makes a hole in the river bank clay, fills it with fruit, lets it ferment and develops alcohol.

At the proper time the bird returns to its little clay vat, takes a drink and will fight anything.

What could our prohibition forces do about that? Satan, of course, educated that bird, far back in the Garden of Eden, very likely.

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

Willie: "Hello! Why are you standin' here in front of the office you got fired from last week? Waitin' to get taken back?"

Jimmie: "Not much! I just wanted to see if they was still in business."

Saturday evening from 7:30 until closing time or stock is sold out, you may buy standard flash light batteries for 5c each.

These batteries are made by Winchester and our test has proved them real value.

We make this offer to any person who wishes to paint their house—buy a gallon of paint anywhere at any price; then buy from us a gallon can of Benjamin Moore's Pure Linseed Oil House Paint. Use them side by side on the same kind of surface, when dry note the result.

You be the judge—if you don't honestly believe the one paint is the best value per dollar of cost, bring back one empty can and we will return your money.

If we were not positive that Moore's Paint was as good or better paint value than you can buy anywhere at any price, we would not dare make this offe.

If you are fair minded you can not get around this challenge.

Take a hatchet on your camping trip. It may help you out of many tight places. They are a handy tool to have around at any time.

You stock of home tools comes a long ways from being complete unless you have a vice that will hold pipe or round objects.

Usually a good pipe vice is rather expensive, but we have just picked up some at a special price which, as usual, we pass on to you.

This vice is a standard make, weighs eleven pounds, hinged, will hold round or square material to two inches and the price is only $3.75.

Regular $5.00 value.

Teacher: "Now, Johnny, tell me what kind of clothes pussy wears?"

Johnny: "Clothes?"

Teacher: "Yes, clothes. Does she wear wool? Does she wear feathers?"

Johnny: "You poor lady. Ain't you never seen a cat?"

Brunswick Auto Tires contract to carry you without extra expense and trouble for 12 months; the 29x4.40 sell at $6.95, other sizes in proportion.

These dashing rushing showers sure do find the holes in your roof.

Re-roof with individual ashphalt slate coated shingles, and you will have a covering that will be free from leaks, possess a great degree of fire resistance and give you full protection for 40 to 50 years.

Other roofings split from sun, rust, rot, blow off, give constant trouble and have to be replaced every few years.

Ashphalt shingles give three complete coverings; are storm and water proof; keep out more cold than most other roofings, and will last the average span of life.

The present market price on Ashphalt Individual Shingles is $6.00 per square.

Sun tan is the style in complexions this season, but kitchen stove flush never has been okehed by fashion and never will be.

The way for a woman to keep that cool girl complexion without neglecting her family is to do all her cooking and canning in the new Peninsular Gas Range with special heat control regulator.

Let us show you what a beautiful substantial Gas Range you may now buy for a little money.

If you like to read in bed, don't strain your eyes. Clamp a Buss Electric Lamp to the head board, and project the light exactly to your line of vision.—$2.35 complete.

Still have some Batchler first quality Hay Forks at 95 cents.

Screen doors that go bang, bang, are very annoying.

A snappy screen door catch takes just the slam, holds the door firmly in place and sells for 25c.

One hundred foot Wire Clothes Lines, the heavy No. 3 size—50c.

Teacher: "Now, boys, can you tell me something about Good Friday?"

Tommy: "Yes, ma'am. He was the feller that done the housework for Robinson Crusoe."
