BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

Alec: "I don't know which girl to take to the pictures."

Will: "Why not toss up?"

"I have, but it don't come out right."

If he owns a tractor and you see his eyes shine, let him find a Dasco Pump Machine Oil Can in his stocking Christmas morning.

They are a positive force feed oil can that will reach all out of the way oil holes on any piece of machinery.

Almost every Thermos Bottle around our place says "Merry Christmas," and they all mean to say just that.

Those Stanley Unbreakable Bottles are a real joy for if you happen to drop one of them you have not lost the contents. When you own a Stanley Bottle your hot or cold drink as you please, is insured for years to come.

If your boy has been trained in the use of fire arms he will get great pleasure from a Stevens Rifle, .22 calibre take down model at $4.75.

Of all the articles that go into your home by purchase or as a gift those that operate electrically produce the greatest thrill and the most pleasure.

There is a sensation of pleasure that comes from pushing a button or turning a switch and seeing the desired effect promptly and silently that can be obtained in no other way.

Electric appliances also take away all the guess work, you don't have to be an expert to get results, and the prices have been constantly reduced while quality has steadily gone up.

Just take note: Toasters, from $1.35 to $9.75; Waffle Irons, from $7.50 to $14.50; Ironers, from $2.50 to $8.75; Hot Plates and Heaters from $1.50 up; Percolators $5.50 and up. You will find what you wish in your price range.

Scatter sunshine with Christmas cards, 30 cents and up per dozen; envelopes with every card, an unusual variety and very attractive.

Nothing discourages a careful home maker more than dirty tracks on a clean floor.

A heavy brush cocoa door mat will avoid much argument. Extra value —$1.50.

We have found a very good fountain pen. If it is yours, tell us about it.

Who'll win next Monday?

You or the laundry basket?

Wash day needn't mean a day of drudgery followed by aches from needless stooping, sore and coarsened hands.

The One Minute Electric makes an incident only of wash day, overflowing laundry baskets and bags have no terrors for One Minute owners. You let the machine do all the hard work and the wash is on the line in record time.

$84.50 is reasonable for 20 years of wash day labor saving.

It's easy to enjoy on the weekly payment plan or better yet budget the family gift money and give Mother not only a Merry Christmas but Merry Wash Days for the next 20 years.

The tables of colored and crystal glass table ware are thinning rapidly at the special prices we offer, but there are still some extra good Christmas gift bargains.

Just think of it—six cut glass fruit saucers for $1.00; cut glass candle sticks, 38 and 50c; vinegar or oil cinets with cut stoppers, 29c; water bottles, 33 and 62c.

This glass is high quality clear and sparkling. There is none better and our close out prices are far below the factory prices.

Don't forget also that our entire line of colored glassware is on the close out counter at one-third off regular price.

Now is the time to fill up your own china closet or pick up Christmas gifts at real bargains.

Think how keen you used to be for the fun that comes with snow and ice and see to it that your young folks don't get by this Christmas without a full equipment of skils, sleds and skates.

Our supply is ample and the prices consistent with their splendid value.

Floor, table and boudoir lamps—who ever had too many?

We are still showing good, well-finished floor lamps complete with shades at $1.59.

No one will be angry if you slip them a piece of Vapo Seal Mirro Aluminum for Christmas.
