Condensory Fire

The Andover fire department was called out Sunday afternoon to a fire at the local condensory, where flames were gushing from the ice house. After a stubborn battle the firemen conquered, but not before the roof of the ice house was completely destroyed and the sides of the concrete block building was bulged.

Several times the roof of the main building caught from the sparks but were quickly extinguished. It required energetic work of the firemen to save adjacent property. Great anxiety was felt for the nearby gas tanks, but they came thru all OK.

Superintendent Miller expresses his belief that the damage was fully covered by insurance.

"We're using three times as much current, but our bills don't show it"

Nobody has to tell Mrs. C . . . how the cost of electricity has come down.

During the past few years they've bought an electric refrigerator, washing machine and vacuum cleaner. Their lighting is much better, too. So that today they are using from two to three times as much electricity as they used to. Yet they pay but a few cents a day more for it.

Is Mrs. C's case typical? Yes, her story is no different from hundreds of others! The reason is this—the cost of electricity has come down! Electricity is the biggest bargain you buy, and the more you use the bigger bargain it is.

The town and Odd Fellows teams have several games scheduled for the coming week, not being able to play this week on account of the various activities in the village.

Bits of Allegany County News

Belfast's Board of Education has let contracts for its new gymnasium addition to its high school. Three Jamestown firms have been awarded contracts for general construction, heating and ventilating and plumbing.

Allegany County Bankers' Association holds its annual picnic at Cuba Lake, Saturday.

Houghton College President James S. Luckey, is enjoying a four-weeks tour of Germany, England and Scotland, made possible thru gifts from alumni who feel their honored head needs rest and absence from the responsibility of his office.

Fillmore's Chautauqua guarantors ten years ago were called upon to pay $9.00 each to make up a deficit, a rather stiff call.

Allegany county farmers were being given $4 each rebate on taxes 40 years ago if they equipped their farm wagons with tires three inches wide in an effort to improve the highways. Quite some advance has been made since and now a wagon is a rather rare sight on many main thorofares.

Rushford Lake has an official United States weather observer, Thomas Russell. His figures show that May of 1933 had 12 times as much rain as May this year. June, 1933 had 4.22 inches and this year but 1.92.

Allegany County attorneys honored Leon A. Ackerman, for 30 years clerk of Surrogate Court by a supper at The Wigwam, July 13. It is felt by many familiar with the affairs of the county that no one individual has a better grasp or more comprehensive knowledge of county business past and present than has Mr. Ackerman.

Birdsall road workers gave up highway work for two weeks, calling it a vacation, that they might do haying on their own farms or assist others.

Alfred Station residents contribute one dollar each annually for the support of their volunteer fire company now meeting regularly and well organized.

Friendship, 60 years ago, had a new livery stable starting, with harnesses made by a local artisan. And now not a livery in all the state!

Canaseraga celebrated its annual Old Home Day Thursday.

Friendship seems to need more offices than store buildings. E. A. Mapes is remodeling the former H. A. Smith store on Main street into office rooms.

Cuba Catholics, 100 per cent strong, pledged themselves to the Legion of Decency seeking production and showing of cleaner movies.

Bolivar considers employing a motorcycle cop.

Belfast reports a wholesale slaughter of 81 sheep and lambs by dogs, on the M. H. Day farm. The dogs made two visits and Mr. Day shot one of them on the occasion of their last invasion.

Bolivar postal business has jumped tremendously. For the quarter ending June 30th this year receipts were double of the same period in 1933.

Clarksville reports early potatoes as a failure thereabouts, few in a hill and small. Wells and springs there were low and the water unfit for use in many of them.

Bolivar's Central School band plans to accompany Kenyon Andrus Post to the State American Legion Convention at Buffalo in August and march in the big parade on the 30th.

Cuba again has a police officer, Ira A. Easton, after a lapse from such service for some time. He also acts as night watchman.

Bolivar, in 1862, was in the midst of its oil boom. Olean capitalists rent F. L. Newton there with $20,000 in currency in a sack to open a bank and in three months the institution had deposits of $250,000.

Allegany county Grange women are to compete in a state cake baking contest thru elimination competitions in subordinate Granges and Pomona Grange, August 23-24. The American Agriculturist offers $40 in prizes. The contest is similar to that in bread last year.

Night Breathing

Teacher: "Every day we breathe oxygen. What do we breathe at night, Willie?"

Willie: "Nitrogen."

It Can't Last

Hot days, cool night, just enough moisture to excite impatience, but some day there will be a change with plenty of rain and a temperature that will chill to the marrow.

This summer is a tough one for your roofing; wood shingles will split and curl, warp away from flashings so that driving storms of rain and snow will find easy access to interiors, producing decay to structure and damage to contents. This is true also of metal and prepared roofings.

We urge you now to take advantage of every slack or idle hour to go over your buildings, search out and repair at all points that appear likely to cause trouble, annoyance or positive damage; it takes plenty of hard work to grow and garner crops. Don't let them spoil for the want of a little care and forethought.

We can supply your every need in materials for roof repair—metals in tin or galvanized iron, zinc or copper for patching, flashing or renewing gutters; roofing paint regular mixture or re-inforced with plastic, also cements, solder, lead head or regular plain or coated broad head nails.

In roll roofing we carry a full line of the different plies plain or rock surfaced; all Barber Natural Asphalt saturation which you will find much more durable than when coated with gilsonite or coal tar products.

You will find our prices are the lowest. We buy in car lots at the best cash prices and have a lower delivered cost than many of our competitors. Shop around and you will find that it pays to buy all your roofings at our store.

Cushions

For your Porch Chairs, made of heavy felt and overlaid with a flexible waterproof cover, will not stick to fine or sheer clothing—20c each.

Carborundum Files

Will sharpen quickly all farm, garden and many household tools, giving a keen fast-cutting edge.

They save much laborous grinding will last a long time and cost you but 95 cents.

Look Them Over

The house occupied by Richard Harder on Center street has recently been painted one coat with Moore's House Paint, No. 60.

It was last painted with Moore's No. 10 six years ago; this proves that painting with Moore's costs less and gives a better looking, more serviceable job.

Arling's house next door has just been given one coat of Moore's First Coater and one coat of Moore's White. We ask you did you ever see a finer example of Pure White?

Auto Tires

Closing out some slow sellers; if your size is here, you may save over 30 per cent—among them are sixply 20x4.50 and 19x5.00. Your choice, $5.00.

For Sale

A Dodge motor car in good operating condition, with low mileage. You can buy this car at a bargain. Inquire at the store.

Flat Irons

The kind your mother used for smoothing the family wash and they did a good job in her practiced hand, it was also about the only tool she had for driving tacks and nails. It takes specialized skill to successful drive a nail with a flat iron.

From our observation we have formed an opinion that the major portion of homes around Andover are very poorly provided with a decent handy tool for driving nails and tacks and other things.

Every home needs a good house Hammer, one that has not only a good face for driving nails but a good claw for pulling them—most hammers nowadays have a good face, few have good claws. We are offering a good one with both for 60 cents.

Sagging Doors

They ride the floor and always leave a crack; square them up with an adjustable metal brace.

These braces are 42 inches long with a turn-buckle in center which allows the exact adjustment.

Complete with all attachments—15 cents.

A skeptical gent was Bill Teeter; He wouldn't believe his gas meter
So he pulled out a match
And gave it a scratch—
"Good morning," he said to Saint Peter.
