An international agreement on uniform storm signals is sought, to replace some 40 different systems now in use.

WILL TAKE OVER WATER SYSTEM

Village of Bolivar Will Own Municipal Water Works. Drilling Water Wells to Augment Present Supply.

Bolivar, like many other towns, has a low water supply as a result of the continued dry weather. Recently the local water company forbid the use of hose for any purpose whatever, and other precautions were taken to conserve the water supply there.

In an effort to increase the local supply, the Bolivar Water company has taken an option on the water rights on the Elmer Mitchell farm, Thornton Hill road, town of Bolivar, where No. 1 test well is now being drilled. It is proposed to drill to a depth of 200 feet or more where, it is expected, an abundance of water will be found. At least two test wells will be drilled on this farm, the first of which should be completed within a few days. Mr. VanGorder of Westons Mills is the drilling contractor.

Engineer Thompson, representing the State Water Power and Control Commission, was in Bolivar, Friday when a meeting was held to consider the petition of the Village of Bolivar for securing a new and additional supply of water. The meeting was adjourned until a later date. From present indications the Village of Bolivar will take over the local water system within 60 days. The proposition of the village purchasing the local water system for $62,500 was voted upon March 20, and carried by a vote of 169 to 72.

A process has been announced for the removal of tar specks on woollen and worsted fabrics.

In 1929, Mrs. B . . . bought a coat for $50. Today, she can buy two coats, of the same quality, for about $75.

And it's the same with electricity, as Mrs. B can tell you. With the new appliances they've bought — a refrigerator, ironer, electric mixer, and ventilating fan, they use about twice as much electricity as they used to. But it cost only a few pennies more a day!

That's because the cost of electricity has come down! Nothing else can do your work as cheaply as low cost electricity. It's the biggest bargain you buy today, and the more you use, the bigger bargain it is.

Robinsons Home from Western Trip

Mr. and Mrs. Lloyd Robinson and family of Alfred, accompanied by his parents, Mr. and Mrs. Charles Robinson of Andover, have returned from a wonderful Western trip. The first object of which was to visit their brother and son, Harland and family at Baker, Montana, from where they took the party of ten to Yellowstone Park, Wyom. The grandeur of the mountains and the wonders of the geysers are beyond description they claim.

The rodeo was seen at Sheridan and friends in Nebraska were visited on the return trip. A day was also passed at the Century of Progress Exposition in Chicago on the return trip. The round trip covered 6000 miles and was made without accident of any kind.

Grange Honor Birthday

Mrs. Clifford Burdick of Railroad Valley was given a surprise birthday party Wednesday evening, August 1st, by the members of Andover Grange. Mrs. Lavern Kenyon was also considered an honor guest, as her birthday was on Thursday. A very pleasant evening is reported.

Mrs. Grace Howland gave a card party Monday evening in honor of her sister, Mrs. Anna Riley of Wayside, Kan. High score in five hundred was won by Mrs. Mary O'Boyle and in pedro by Mrs. Mike Gavin. The guest was presented a gift.

It pays to go to Relief Corps, as those who were in the hall on the regular meeting night were guests at the home of Mrs. C. S. Rennells for a wiener roast after the meeting. It was also a surprise for Miss Eva Rennells, whose birthday came on that evening. A fine time was reported, about 20 being present.

The residence of Mr. and Mrs. T. R. Bassett on Dyke street is being repainted.

Carrol Burdick, son of Mr. and Mrs. Clifford Burdick of Railroad Valley was in Whitesville last week where he had his tonsils removed.

Seventy-five men fought a stubborn grass fire near Belmont, July 26th for four hours. Three hundred acres of woodland and meadows were burned over.

Mr. and Mrs. Elmer Downey of West Union celebrated their golden wedding anniversary, July 26th. Nine of their ten children, with their families, attended the celebration.

William Shay, 43, prominent farmer living near Canaseraga, committed suicide July 31st by shooting himself through the temple. No reason for the rash act. His widow, four brothers and a sister survive.

Mrs. Ella Potter of Wellsville, who fell and broke her hip last Friday, was well known in Andover and Alfred, her husband having driven the old Alfred stage. Mrs. Potter is a cousin of Mrs. Clarence Mosher of this village.

Three Allegany county residents had their automobile drivers licenses revoked for motor law infractions during the two weeks ending July 14th. They were Thomas D. Rumbaugh, Wellsville; William P. Farr, Friendship and Albert E. Bailer, Angelica.

Miss Maxine Garmong of Friendship won the annual award of the Cornell University scholarship for Allegany county for her year's standing in her senior work. The award is a $200 reduction in tuition in any college or university she may choose to attend.

Of the 96 men "Old Timers" who were in attendance at the eleventh anniversary dinner held last week in Friendship seated at the banquet table 38 were from out-of-town, some traveling long distances to enjoy the get-together meeting which is one of Friendship's annual gala days. The Daughters of Friendship also meet each year at the same date of the Old Timers; 86 ladies in attendance this year.

The Seventh Day Baptist young people of Allegany and Potter Counties will hold a week's camp at Assembly Park in Shinglehouse under the leadership of Rev. and Mrs. E. H. Bottoms of Nile, Orville Babcock of Alfred and Miss Leta Crandall of Little Genesee. Instruction in Bible and Nature Study will be given, in addition to general camp activities. Young people between the ages of 12 and 20 are invited to attend.

The I. O. O. F. lodge home in Cuba was practically destroyed by fire last week.

Mr. and Mrs. Ralph Wickwire welcomed a daughter, Marcelle Edith, at the Jones Memorial hospital, Wellsville, Friday, August 3rd.

The World Wide Guild of the Andover Baptist church won the award for best work in pageantry, at the two-day house party held last week at Eggleston Park.

Dr. J. Henderson, the district superintendent of Olean, conducted the fourth quarterly conference at the M. E. church Monday evening, when reports for the year were given.

The American Legion Auxiliary held their regular meeting Tuesday at the Jordan lodge on the Andover-Greenwood road. After the meeting they entertained at dinner and cards. There were over 30 in attendance.

A flock of doves are blamed for infecting the poultry of the Steuben County Farm Home with tuberculosis. The doves have been frequent visitors in the poultry yards, where a loss by death has reached over $400. Cornell University specialists claim that doves are noted as carriers of the disease.

The Christian Endeavor Society of the Baptist church held a variety shower for Mrs. Helen Pope Wilkins at the home of Miss Minnie Clair, Monday evening. There was a large attendance, the evening being spent in games. Dainty refreshments were served. Many fine gifts were left for the bride in honor of the high esteem in which she is held by her many friends.

The Gee family reunion was held at Island Park, Wellsville, Sunday. There was a good attendance for the basket dinner, after which sports were enjoyed. They elected officers for the coming year, when they will gather the first Sunday in August at the same place. Mrs. Treva Robbins of Whitesville was elected as president; Mrs. Roland Laven of Andover, vice president; Mrs. Louise Colburn of Coldwater, secretary and treasurer. The sports committee was Roland Laven of Andover and Ira Connors of Shovel Hollow.

The seventh annual W. W. G. house party was held Friday and Saturday at Eggleston Park. Miss Josie Willis, state director of the work was present and conducted the conference with the girls of the county. Miss Mable Abrams, a full-blood Seneca Indian, gave a most interesting address on her people and on Bacone College of which she is a graduate. She is at present a Senior at Keuka College. She was dressed in her Indian costume which made it interesting for the girls. Miss Francelia Wilday of Belfast was elected secretary of the Guild work of the county in place of Miss Mary Thomas, who was obliged to resign by being away from home.

Black Creek reports its hay crop the poorest ever harvested there. Corn prospects are fair, strawberries were few and there are no blackberries.

Tragedy Near Whitesville

Whitesville was shocked at the finding of two dead bodies, that of Mrs. Viola Gardner Blackman, 27 years old, and Elmer H. Cowburn, 42, formerly of Ulysses, in the woods on the Frank Stebbins farm on the bank of Cryder Creek, Tuesday.

Mrs. Blackman and three children had been living with Cowburn since her estrangement from her husband, Harold Blackburn of Newfield, Pa., last March. The couple came to Whitesville and had been living with her brother, Deville Gardner in an old school house near Whitesville. The two were last seen entering the woods with a rifle, claiming they were hunting woodchucks.

The woman was hanging from the limb of a tree, a piece of wire forming the noose cutting deep into her neck. At her feet the body of the man lay stretched on the ground, shot thru the left eye, the gun between his legs. In his pocket a note "I have done this cause I wanted to. Now don't enny folks take on cause I don't want you to. E. H. Cowburn."

The authorities are in doubt as to whether it was a murden and a suicide or a double suicide. Three children of Viola and Harold Blackman are being cared for by neighbors. They are Ella, eight; Russell five years old and Richard, 18 months old.

Daughter: "No, mother, he simply had to squeeze it out of me."

Hand Saws

We have just purchased from the Atkins Saw Co., a shipment of all purpose hand saws, set and filed, ready for use, to sell for $1.00. This is the right size for use around the house or farm and price low enough so anyone can afford to have one.

Leaky Faucets Waste Water

How annoying it is to hear the constant dripping of water or even a small running stream. Yet how easily and quickly it can be stopped by a rubber packing.

If you have a faucet that is especially hard to keep packed, we have a packing especially for that purpose.

Razor Blades

Gillette Blue Blades or Probak are now selling for 25 cents for a package of five. Just one-half the former price.

We also have blades for many other types of razors, as well as a full line of shavers' supplies. Shaving Soap, Shaving Cream and Shaving Brushes.

Shine Your Shoes

A man never looks well dressed until his shoes are well shined.

If your shoes look shabby, put on a pair of stick-on taps; shine them up and put in a pair of new laces and just notice the difference in your appearance.

This can all be done for 25 cents and you have enough material left to shine your shoes many times.

Woodchuck Season

Most of the hay is cut and it is a good time to walk thru the fields hunting woodchucks.

We have all kinds of rifle cartridges to fit your guns and from 20 cents up for a box of 50 according to the kind. It is a cheap pastime.

When you get home from that hunting trip you should clean up the gun before you put it away and we have for that purpose gun oil, and cleaning rods.

The British Empire produces 70 per cent of the world's gold.

Burned Bearings

Three hundred miles from home and a crack in the crank case warns you a bearing has gone out and you are tied up facing an expensive repair.

Not all burned out bearings are due to lack of oil; it may be your radiator is clogged and the circulation at some vital point is cut down, resulting in a hot spot that no lubrication can control.

A good safe and practical method of being sure your radiator is fully on the job is to flush it at regular intervals with a good Sodium Hydroxide that will burn away and dissolve all scale and erosion, ensuring a complete and correct operating of the cooling system.

For this purpose we supply Sani-Flush and Trapene, they are safe, effectual and low priced. Trapene particularly is inexpensive because it is so highly concentrated. You use but a little for each flushing—a 25 cent can will be sufficient to clear out the average car radiator four times. Trapene also is well adapted to many sorts of cleaning; garbage containers, burned baking and cooking utensils, sink traps, strainers and all points likely to develop an unsanitary condition.

Keep a can handy, it is a splendid aid to healthful living conditions.

Rubbing Alcohol

A cooling lotion for sunburn, insect bite or strained muscles.

Large bottle for only 25 cents.

A Strong Pipe

You have heard of the fellow who proposed lighting his pipe to drive away the mosquitoes and the company said the smell was the worst of the two.

Supply yourself with a Filltrex Cartridge Pipe; enjoy a clean, cool smoke and do not offend because of unpleasant odor.

They add much to the consolation of a good smoke; the nicotine is absorbed in the cartridge, removing the menace to health and best of all —are low in price—from 25c up.

Buy one and you will never be satisfied with the old style of pipe again.
