More healthful than SUNSHINE and almost as Cheap

Milk is Nature's own food. Your children should have a quart a day . . . and you can give it to them for only a few pennies!

IT IS so important that your children get the right start in life! A strong, healthy body is the foundation of their future happiness.

Milk is the finest food a child can have. It fills out little arms and legs. It strengthens growing bones, and builds sound, gleaming teeth. It helps replace the energy which children spend so lavishly. It supplies protective vitamins and valuable mineral salts. Nutritionists urge that most children should have a quart a day.

And milk is just as nourishing for you. It provides practically all of the food-elements the human body needs. A pint a day will add to your energy and vitality, and help guard your body against sickness.

Order an *extra* quart tomorrow. Give every one in the family an extra glass. Use it in your cooking. It's a good habit to form—one that repays you, over and over, in healthful, buoyant living.

Drink more Milk: IT'S GOOD FOR YOU

THIS ADVERTISEMENT IS PREPARED AND INSERTED BY AUTHORITY OF THE STATE OF NEW YORK

To build better bodies for its citizens of all ages and classes; to drive, the State of New York is urging increased consumption of fresh milk. Because both the public health and the State's feeding industry will be served thereby, this effort is sponsored by the Governor and the Legislature. It is under the direction of the Department of Agriculture and Markets and all expenses of this campaign are borne by the milk industry. The cost of milk to the public will not be increased on this account.

Voorhees Hill Residents Hold Annual Reunion

One hundred and twenty persons gathered Sunday, Sept. 2nd at the Pine Grove picnic grounds to enjoy the day together. It was the annual reunion of former teachers and residents in the Voorhees Hill school district.

After a bountiful lunch, the president, Victor Perkins, called a brief business meeting at which the following officers were elected for the coming year:

H. B. Adams, president.

Muriel E. Church, secretary and treasurer.

There were contests for young and old and the usual softball game between the married and single men, won by the latter.

L. S. Bassett of Independence entertained in his own inimitable way with his "one man band" music.

Mrs. Alice Livermore of Fulmer Valley, the oldest person present, was presented with a beautiful bouquet of gladiolus from the gardens of R. B. Church.

Among the guests was Lou W. Voorhees of Shinglehouse, Pa., a son of the old settler, Robert Voorhees, who settled on the farm now occupied by James Lewis and for whom this community was named.

Other guests were present from Olean, Albany, Elmira, Belmont, Petrolia, Hornell, Richburg, Shinglehouse, Orlando, Fla., and neighboring towns.

Supt. Pope Entertains

Superintendent W. G. Pope was host to the school executives of his district at I. O. O. F. Hall, Saturday evening. A fine banquet was served by the ladies of the Baptist church, which was followed by an interesting program.

Dr. A. D. Miller, of the State Educational Department, was the principal speaker of the evening. Miss Margaret Powers gave a reading; Oliver Kemp, accompanied by Miss Minnie Clair, played several violin selections. The meeting closed with a round table discussion conducted by Mr. Pope.

Eighty-three school executives of the fifth district were present from Alfred, Independence, Wellsville, Willing, Ward and Andover.

Bits of Allegany County News

Whitesville Methodists are seeking to clear their organization of a debt of $850 by selling a "Mile of Pennies."

Fayetteville reports potatoes a fair crop with some sold to truck owner buyers.

Whitesville reports A. J. Davis of West Union shooting a black woodchuck, a rarity in these parts.

Alfred will next year entertain the Seventh Day Baptist general conference just closed at Salem, W. Va. Public schools in Alfred will not open until Sept. 10.

Belfast and Belmont Free Methodist churches are pleased that the Rev. C. T. Fairbanks has been returned to them by the annual conference.

Alfred University opens for activities Sept. 17th, tho actual instruction will not begin until one week later.

Replica of Dr. Paul E. Titsworth

The Alfred Sun of last week's issue published a replica of a beautiful portrait of the late Dr. Paul E. Titsworth, Ph. D. LL. D., deceased president of Alfred University. The portrait painted by Maurice Molarsky, Philadelphia artist, was presented to Washington college of which Dr. Titsworth was the president from 1923 to 1933, by the Alumni and members of the 34th District of Rotary, of which he was Governor, 1932.

Flashlights and Batteries

Every home should own a Flashlight. No one should drive a car at night without one. They are handy for camping, for home use at night when the electric current is off and for quick use when light is needed. We remind you to keep a supply of spare batteries on hand, so you will not be caught with worn-out batteries just when you need a flashlight the very most.

Electric Light Bulbs

We carry a first grade line of Electric Light Bulbs. Mazda, General Electric. When you buy a lamp of cheap quality, you are buying the most expensive lamp you can get, because a lamp which is only slightly deficient in quality will be greatly lower in its light output. You buy lamps for the amount of light which they produce. Cheap lamps give so much less light that in the long run they cost much more to operate. Cheap lamps not only have a short life but they eat electric current like a hungry horse eats oats. So it's not the price of the lamp which is important but the amount of current which it consumes. General Electric Mazda Lamps give every bit of light that can be obtained from the current they consume.

In every home there are some empty sockets and burned-out lamps which should be replaced.

We can supply your needs and we urge you to buy first quality Bulbs.

Daily Household Help

Have you given the kitchen linoleum its coat of wax or linoleum varnish this season? Now is a good time to do it as the floor gets pretty hard service with all the ins and outs of the Fall rainy season.

So-Lo Saves Money

So-Lo not only mends soles on heels very economically, but it will also mend almost anything. Just take one cent's worth. It is great for fixing cuts in tires, hot water bottles, rubber hose, boots, auto tops, galoshes, raincoats and many other articles too numerous to mention. Anyone can apply So-Lo. Only an old kitchen knife is needed. Just spread on. Dries tough overnight and stays on. Actually outwears ordinary leather and will keep indefinitely in the can.

To melted butter add sugar, well beaten egg and milk. Dissolve soda in molasses and add to above mixture. Stir in salt, flour and bran. Bake in Muffin Pans in a moderate oven 15 minutes.

Raisins, dates or figs may be added.

Garbage Receptacles

We have some new Garbage receptacles finished in the popular kitchen shades of green, ivory and blue. These cans are famous for their high gloss durable enamel finish baked on, and for richness and lasting beauty of colors used. They have the smooth and positive acting foot pedal mechanism which assures a quiet closing and tight fitting cover at all times.

This construction job will outlast several cheap cans. Price 79 cents.
