Miss Place Visits Local W. C. T. U.

An interesting meeting of the Andover Woman's Christian Temperance Union was held Wednesday afternoon at the home of Mrs. Henry Livermore of Rochambeau avenue. There was a very good attendance to greet Miss Arta Place of Cuba, treasurer of Allegany County W. C. T. U., and a delegate to the New York State Convention held at Utica.

Miss Place, in clear and consise words gave a very comprehensive report of the convention which convened in that city five days. There are 736 local unions in the state most of them represented at the convention. Plans of work were considered by this body of earnest women who are determined to carry on their work against the legalizing of intoxicants.

Miss Place was accompanied by Mrs. Angeline Brundage of Alfred. A fine supper was served the company by the hostess after the meeting.

Juvenile Grange Conducts Sunday Evening Services

A very impressive and unique service was held Sunday night at the Seventh Day Baptist church, in which the Juvenile Grange had an active part, under the leadership of their matron, Mrs. Edith Thorne.

The young people conducted the opening exercises in a well arranged reading and musical program, built around the text 'Jesus is advanced in wisdom and stature and grew in favor with God and Man." and showing how they were endeavoring to live up to their Grange motto "To Prepare Happy Childhood for Useful Manhood and Womanhood," in trying to develop the "Outward Me," "Inner Me," "Thinking Me" and "Social Me," in their everyday lives.

Rev. W. L. Greene presented an able discourse touching on the work accomplished and possibilities for future work by the Juvenile Grange in Andover and adjacent territory.

Rev. McIntosh of the Baptist church and Rev. Pero of the Methodist church assisted in the services.

The Juvenile Grange among the truly worthwhile organizations of our village is doing a splendid work under the efficient leadership of Mrs. Thorne.

Houghton's New Tabernacle Church

There has been erected in Houghton on the lot connected with the home of Willard J. Houghton, but owned by Houghton College for the last 20 years, one of the largest churches in the Wesleyan Methodist connection. This church is 100 feet by 50 feet outside. Two towers in front make this width 58 feet. The structure is an iron framework with brick veneer. The actual number of seats is 520, but the aisles are wide and the vestibule is very large, so that chairs may be placed to make the full seating capacity 800.

Under the whole church is a splendid basement. A small portion of this is a janitor's room and a furnace room, and all the rest is for the Sunday School. It is expected to partition this basement into individual class rooms so that the students who are preparing for Christian service may have the opportunity of working in a well-equipped Sunday School plant.

This church is to be dedicated Sunday afternoon, December 2nd, at 2:30 o'clock, at Houghton, N Y., and everyone is most cordially invited to be present. Rev. David Anderson of Bradford, Pa., is to preach the dedication sermon. The dedication will be conducted by the pastor, Rev. Joseph R. Pitt, assisted by the President of the Conference, Rev. Edward L. Elliott of Falconer, N. Y. Music will be furnished by the Houghton orchestra and the Houghton church choir.

JUDGE CROSBY IS BEST MILKER

Wins Over Banker in Falconer Meeting Contest by One-half Pound — Rules Governing Contest.

Falconer, N. Y.—Rules governing a milking contest between Associate Justice Harley N. Crosby of the Appellate Division of the Supreme Court, Fourth Department, and Bert L. Hough, Falconer banker, were devised to give the cows the advantage.

The contest, won by Justice Crosby, was part of the village's "Drink More Milk" campaign. The jurist produced 12 pounds of milk in five minutes, while his opponent milked 11½ pounds in the same time. Neither had milked in 40 years.

The rules:

1. If a cow shall place either one or both feet in the pail of a contestant, such contestant shall be eliminated.

2. Contestants with long ears shall wear a covering over their ears so as not to be mistaken for calves.

3. Should a contestant be kicked by a cow, he shall attempt to regain his position on the milking stool before the judges can count ten.

4. No cow shall be blindfolded, for to do so is taking unfair advantage of the animal.

5. Contestants shall not be allowed to feed the cows or in any way win the affection of said animals.

6. Any injury suffered by a contestant shall not be held against the cow causing the injury.

7. The contestants choice of cows shall be determined by the flip of a coin.

New York Leads in Christmas Club Savings

Three hundred and seventy million dollars will be distributed to about seven and a half million members of the Christmas Club by approximately 55 hundred banking institutions and organizations within the next two weeks, according to an estimate given out by Herbert F Rawll, founder and president of Christmas Club, a corporation.

The average amount received by each member amounts to $48.25.

In the distribution of the Christmas Club this year, New York leads the other states with about $96,000,000 whilst the estimate for Pennsylvania is $39,200,000. New York City's metropolitan district will receive approximately $60,000,000.

Ceres Man Pardoned

Francis J. Barrie of Ceres received a pardon from Governor Lehman, November 14th and was released from Auburn prison where he was sentenced to 20 years to life, for shooting his wife as she sat telling him she was leaving his home. Barrie was brought into court unhandcuffed and pled guilty to murder, second degree.

Both the judge and prosecuting attorney stated that the case had been investigated and was not premeditated but rather of one of aggravation from nagging in-laws.

Barrie had served nine and one-half years in state prison.

What Time Is It? by M. Ilin. It took countless centuries for man to learn to measure the hours and minutes. The slow struggle for the proper division of day and night. To do this the sun, stars, water, stones and many other implements have been used until at last the pendulum and spring clocks, man's ingenious devices for measuring time. A most fascinating story for juveniles as well as adults.

Heroes of the Air—Chelsea Fraser —Another splendid book, familiarizing one with all the outstanding achievements in aviation from the time when man first tried his feeble wings, or entrusted his safety to a gas bag to the present.

Book for Boys—Glenn "Pop" Warner—"Pop" Warner, nationally known coach, brings to the boys in this book forty years of experience in coaching and training boys in the major sports, telling just how a boy can set about training himself for sports from his earliest years so that he may be a successful athlete and good team-worker in school as well as in future life. A book that answers every question a boy can ask about baseball, track, basketball and football.

Bissell Sweepers

It is quite a task sometimes to clean up everyday litter—especially if it involves getting out the vacuum cleaner. Thousands of modern housewives have discovered a convenient, quick, clean-up method for they save their vacuum cleaners for periodic cleaning and whisk up the daily dirt in a jiffy with the new improved Bissell.

The new Bissell is most efficient; it gets all kinds of dirt from all kinds of rugs and that is because of an advanced new device—the Hi-Lo Brush Control, exclusive with Bissell which automatically adjusts the brush to rugs of high or low nap. And the superlatively fine brush picks up lint, scraps, etc., as well as the fine imbedded dirt you cannot see.

The Bissell is so light in weight that little effort is needed to use it. And it glides softly, noiselessly due to ball-bearing operation. It is very compact and will reach all under-furniture spots. The special bumpers protect furniture and cannot drop off. The pans hold more dirt, and are easily and quickly emptied with slight thumb pressure—and they empty clean.

A new Bissell will give efficient work-saving service for many years. It is durable because it is made from only the finest materials. Include a New Bissell among your Christmas gifts for the home.

Electric Toasters

We have a new Electric Toaster that does more things well than any other toaster at any price, yet it sells complete with the smart new Sunbeam Buffet Tray for only $5.95. This Toaster that toasts everything that toasting improves—including bread (two slices at a time), sandwiches, (two at a time), appetizers, rolls, muffins, toasts faster and better because it uses the correct principle of toasting—rising heat—none is wasted as with upright toasters. It turns bread or sandwiches easily without the user touching the hot toast—has the patented turnover rack. It can also be used as a table stove by simply tipping back the rack. This practical toaster is silent, sturdy and beautifully finished in chrome plate. The Sunbeam has been the nation's favorite new automatic Toaster for over ten years—and is now beautifully re-styled for new beauty, smarter appearance and more efficient service. The smart new Sunbeam Buffet Tray offered with the Sunbeam Toaster has compact unit space for all those delicious preserves and appetizers for luncheons, bridge parties and breakfasts. Cheese and other fillings for toasted sandwiches can be placed in one or two of the five neat compartments.

Come in and see this neat Toaster and Tray outfit—it is one that every home would be proud to own.

Recipe for the Week

STUFFING

1 lb. loaf stale bread
2 hard cooked eggs
¼ lb. pork sausage
2 cups finely chopped celery
2 tbl. finely chopped parsley
1 tbl. finely chopped onion
2 tbl. poultry seasoning
1 tbl. salt
½ cup evaporated milk.

Break bread into small pieces and wet with cold water. Squeeze the bread thoroly to remove excess water. Combine with rest of ingredients. Rub 1 tablespoon of salt inside the turkey. Fill the space from which the crop was removed and the body of the turkey with stuffing. Sew up the slit in the skin. Push the legs under the skin near the rump, cross them and fasten with a small skewel or tie with a piece of twine.
